

DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

ays we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made strides with results that are a blessing to humanity. The application of its principles is the recommendation that is necessary to attend to internal drainage system of the human body as it is to the drainage of the house.

Most of us who are accustomed to dull and heavy when we are suffering from a cold, a sore throat, a headache, a stuffy nose, a tongue, a nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal system, stagnant matter.

Everyone, whether sitting, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of lime phosphate in it to wash from the stomach, liver and bowels the various days' indigestible waste, bile and poisonous toxins; the cleansing, sweetening and purifying of the entire alimentary canal before eating more food into the stomach.

Each section of hot water and limestone phosphate on an empty stomach will invigoratingly cleanse the four fermentations, gas, acid and acidity and give one an appetite for breakfast. When you are enjoying your breakfast, a glass of hot water is quietly getting a large volume of water into the blood and getting ready for a thorough flushing of all the internal organs.

Millions of people who are harassed with constipation, biliousness, stomach trouble, rheumatism, these others who have salivary glands, blood disorders and sickly children are urged to get a quart of limestone phosphate from a drug store. This will cost very little, but is sufficient to make a pronounced crank on the au-

## REPRESENTATIVES OF THE CENTRAL POWERS PREPARING TO SIGN TREATY

German ask That Former Kaiser be not Placed on Trial, but the Big Four are Holding Firm.

### OPPOSE ACKNOWLEDGING WAR RESPONSIBILITY

Clause Relating to Trial of Former German Emperor Also Contested.

### COUNCIL REJECTS ALL SUGGESTIONS OF ENEMY

Allied Leaders Refuse to Make any Change in Pace in Answer to Four Notes.

BERLIN, June 23.—Germany will sign the peace treaty of the Allied and associated powers. The national assembly yesterday afternoon, by vote of 237 to 136, decided to sign the peace treaty. The assembly also voted confidence in the new government of Herr Bauer, 236 to 89. Sixty-eight members abstained from voting.

On the question of signing the treaty, five members of the assembly refrained from voting.

Before the vote of confidence was taken, Herr Bauer, the new premier, declared that the government would sign the treaty, but without acknowledging the responsibility of the German people for the war and without accepting the obligations contained in articles 227 and 230 in the treaty relating to the trial of the former emperor and the extradition of other German personages.

### REPORT REACHES PARIS

Oppose Admitting Guilt of Germany in Causing the War.

PARIS, June 23.—Communications from the Germans to the council of four, relating to the vote of the assembly at Weimar, reached President Wilson at 7:45 o'clock last evening and are now being considered by the council. One of the communications is understood to announce that the assembly voted in favor of signing the treaty with certain reservations. It is not known what the reservations are beyond declaration to admit the guilt of Germany in starting the war and to give up the former emperor for trial.

### REJECTS SUGGESTION.

Council Will Not Grant Requests of the Germans.

PARIS, June 23.—The council of four has definitely rejected the German suggestion that further alterations be made in the peace treaty.

The council received four notes from the Germans, which are supposed to have been prepared in advance and were held to await advice from the meeting of the assembly. President Wilson went at once to the residence of Premier Lloyd George, where the council took up consideration of the notes.

One of these, from the new German government, declared that Germany was ready to sign peace if the clauses making Germany responsible for the war and calling for the trial of the former emperor were eliminated.

The council of four remained in session until 8 o'clock in the evening and then adjourned for dinner. The council met again at 9 o'clock and after brief further consideration took its decision to reject the German requests.

### WANT VOTE OF CONFIDENCE.

Treaty Will be Signed Regardless of Answer.

PARIS, June 23.—Advices were received by the American delegation to the peace conference at 3 o'clock yesterday afternoon that the German national assembly met in Weimar at noon and that the new cabinet would demand a vote of confidence. The advices said that afterward a note would be forwarded to Versailles asking the Allied and associated powers to change the peace treaty, first by waiving their demands for the surrender of the former emperor and second for Germany's acknowledgment in writing of her responsibility for the war.

It was added that no matter what the Allied reply was the treaty would be signed.

## VERSAILLES MAKES READY FOR SIGNING

Room for Four Hundred Guests at the Historic Session Now on.

VERSAILLES, June 23.—Arrangements already have begun to take shape at Versailles for the signing of the peace treaty. Orders have been given to have everything in readiness on Tuesday, although the ceremony according to the Havas agency, is not likely to occur before Thursday at the earliest.

The famous gallery of mirrors has received its final furnishings. The carpets have been laid and the ornamental table with its eighteenth century gilt and bronze decorations has been placed in position on the dais where the plenipotentiaries will be seated.

There will be room for 400 invited persons at the historic session. They will be given places in the left wing of the hall of mirrors while the right wing will be occupied by about the same number of press representatives. Sixty seats have been allotted to the French press.

The programme of arrangements as far as they have been settled were submitted to Premier Clemenceau today. The court of honor has been cleared of captured guns. Three regiments of infantry and five of cavalry will be on duty at the time of the signing of the treaty. Republican guards in gala uniform will render the honors. They will be stationed on the grand staircase by which the plenipotentiaries enter the hall.

According to the Havas agency diplomatic relations with Germany will not be resumed immediately on the signing of the treaty, but only after its ratification. This also applies to the admission of German subjects into France.

Fronting M. Clemenceau's presidential chair will be placed a small table on which the diplomatic instruments will be laid. It will be to this table that each plenipotentiary is called in alphabetical order to sign his name to the treaty and affix to it his government seal. There are 100 delegates. It is as yet uncertain whether M. Clemenceau will make a speech. It is considered as not unlikely that the Germans will raise a last protest at the moment of signing.

## 500,000 ARE POISED FOR NEW CHARGE

Allied Troops are Ready for a Flying Drive Into German Territory.

COBLENZ, June 23.—More than half a million Allied soldiers in the occupied area stand ready for a further invasion of Germany. The troop concentration ordered by Marshal Foch has been completed up and down the Rhine and every detail has been worked out for an advance in the event that Germany does not accept the terms.

Even orders to the civilian population, printed in French, English and German, as framed by Marshal Foch, are ready for distribution in the districts that may be taken over by the Allies. One order in the military regulations says that any house, store, workshop, factory or other building which may be used for the sheltering of troops shall be burned immediately. Another order provides for the requisitioning of the railways, telegraphs, telephones and other utilities, as well as those employed in these services.

About 100,000 Americans will move forward if the final order comes. The concentration just completed is America's greatest display of strength since the armistice.

### LARGE AUDIENCE ATTEND SPECIAL SUNDAY SERVICE

The large tent on the Armour grounds was filled last night with people who went to the special Sunday evening service which was arranged between the religious workers committee and the Chautauqua committee. Rev. Dr. Hamilton presided and the singing was led by the noted Dr. Miller quartette. An address of special value and interest was delivered by Dr. Bohn, one of the lecturers at the Chautauqua course.

### TROOP TRAINS ARRIVE

Three troop trains reached Toronto yesterday bringing in 746 men of all ranks and from mixed units, who reached this side on the troopships Ess-quo and Aquitania. At both stations large crowds had gathered to greet the returning soldiers in spite of the tie up of transportation facilities due to the street railway strike. There was an adequate supply of volunteer motors and C. A. S. C. vehicles to carry all the Toronto men to their homes.

### DOMINION DAY MAIL

New rules for the observance of Dominion Day and other National holidays by the Post Office staff have been received by Postmaster Carlisle. There will be no delivery of mail in the morning as usual and the Post Office wickets will be open from 9 to 11 a.m. as formerly. All outgoing mails will close at 12 noon and as few clerks as possible will be kept on for the day. Two collections will be made from street boxes in the morning 6 a.m. and 10 a.m.

## GERMANS VOTE TO SIGN PACT AT VERSAILLES

National Assembly Also Gives Vote of Confidence in Ministry.

PARIS, June 23.—The German government has appointed Dr. Haniel von Haimhausen of the peace delegation to conduct the peace arrangements at Versailles. It is understood that the Allies insist on absolutely unconditional acceptance of the terms, failing which the armies will begin to advance.

WEIMAR, June 23.—Germany acquired a new cabinet only after nearly a week of literal sweating in the blazing Weimar weather. The signing of the peace terms naturally was only the question on which the cabinet construction hinged and the government went on record as considering the terms unacceptable found a surprising following behind them.

The first party ballots, however, seemed to make the signing of the treaty inevitable, for the powerful majorities voted two thirds for ending the suspense. With the Independents supporting them, the Conservatives as party behind them and the Centrists on the fence, the result appeared a foregone conclusion.

But the Conservatives suddenly swung around and declared for non-signature, the Centrists wavered and imposed conditions, and the Democrats temporarily balked any hopes of a majority by stubbornly persisting against the extradition by the entente.

### STRIKE SITUATION UNCHANGED

The situation at the Pilkington Glass Works at Thorold, where a number of employees walked out some time ago, is unchanged. No glass is being made and only improvement work is being done. All employees who did not join the strikers have been given employment of some kind, while those who walked out have been discharged. There are twenty five guards on duty at the Glass Works.

## TIME EXTENSION REFUSED HUNS

They Must Affix Their Signatures at Once Say Dispatch or the Allied Forces Will Strike.

(Special to Journal) PARIS, June 23.—The Big Four Council, on behalf of the Allies has refused to grant any further extension of time to the Germans and it is required that they affix their signatures at once or the allied forces which have been held in readiness will strike. The statement that Germany has been given till Thursday the 25th to sign is not confirmed today.

### ISSUED EXTRA EDITION

The Journal issued an extra edition early this morning giving the news to the public that Germany has agreed to sign the peace treaty but that the time limit has been extended to the 25th.

The edition was soon disposed of for people are naturally anxious to receive any information which will relieve them of the last suspense in connection with the war.

### WHEN THE TREATY BECOMES EFFECTIVE

A clause has been drafted for insertion in the peace treaty fixing the date for the transition to a state of peace sixty days after the signing of the treaty. If the treaty is signed today, peace thus will become effective throughout the world on August 23rd.

The purpose of this provision is to prevent confusion among the more than twenty belligerent nations which might fix different dates in their various ratifications.

According to present plan, each nation will ratify the treaty according to its own laws, but all will unite in a common date which will become a universal day of peace.

### MEMORIAL SERVICE TO MEMORY OF RIDLEIAN

Special Observance Yesterday at St. Thomas Church for Those Who Fell.

A very impressive service was held at St. Thomas Church on Sunday in honor of the members of Ridley College who fell during the great war. The pulpit was occupied by Rev. Dr. Miller, who spoke in a very sympathetic manner regarding the lives of the young men who laid down their lives for King and Country. The choir, under the leadership of Mr. Sydney English rendered anthems which were very appropriate for the occasion.

### LATE LIEUT. CLADYS BAKER WAS LAID AT REST

The jury empanelled to investigate the death of Lieut. Cladys Baker, met in the Police Station on Thursday night and brought in a verdict that he met his death at the hands of a person or persons unknown.

An inquest was held at the residence of his store on Ontario Street, April 28th. Chief of Police Greene gave testimony that the evidence given at a previous sitting of the inquest by Frank Boyd, was the truth. The jurors before closing the enquiry sent the Chief of Police to investigate the statements given by Boyd for his non appearance. Three Armenians who are being held came up before the Magistrate this morning, but the case is enlarged until Wednesday of next week. No direct evidence was given at the inquest connecting them with the crime.

## CAR STRIKE IN QUEEN CITY

Workers Who Use Street Cars, Find Themselves Without any Service Today.

The employees of the Toronto Street Railway voted strike by a sweeping majority and as a result the people of Toronto found themselves yesterday today without car service. Yesterday there was no really serious effect but today when thousands of workers found themselves without car service the situation was realized.

An effort is being made today to get the cars running. An application will be made by the city to the Ontario Railway and Municipal Board to have the latter operate the cars. If the order is issued it is probable the cars will be operating tomorrow.

As a result of the automobile which he was driving being struck by an interurban radial car approaching from behind Mr. R. J. Hoffman, the well known ladies' furnisher, St. Paul Street, was shaken up and injured on the leg; his mother in law, Mrs. Harrison of Toronto, died in a short time from her injuries, the three year old son received a fractured skull and a broken leg and Mrs. Hoffman was badly shaken.

### Ended Pleasant Sunday

The accident was the abrupt termination of a pleasant Sunday motor trip which Mr. Hoffman and his family were taking to Hamilton. As they reached Red Hill, as it is known, near Hamilton, on their way westward from Grimsby one of the big street cars going toward Hamilton bore down and hit the car a heavy blow. The occupants were thrown out. The three year old son of Mr. Hoffman, named Herman, received a fractured skull and was taken to St. Joseph's Hospital as soon as aid could come. The sixteen months old babe, another child, with the father escaped any serious effects but Mrs. Harrison, who was over here visiting her daughter, was fatally injured. She was taken from the wreckage and rushed to the office of Dr. Alway, a short distance away but she expired almost at once.

### Did Not Hear It Coming

Mr. Hoffman who only recently purchased his car did not hear the radial car approaching until it was right upon him. He did not have time to escape the impact. At first it was thought the little boy would not recover but a telephone message, at noon from the Hospital at Hamilton conveyed the news that Hoffman was a slight improvement. The two children who were injured have arrived home but Mr. Hoffman will not be home until Wednesday as he is staying at the Hospital with the little boy.

The crossing where the accident occurred is one of the most dangerous on the highway leading into Hamilton and several accidents have occurred previously at this place.

### NOT KNOWN YET WHEN THEY WILL SIGN TREATY

According to the latest advices received today by The Journal, it is not expected that the Germans will put their signatures to the Peace Treaty before Thursday of this week and even that is not definite. The latitude which has been allowed them from time to time has been due largely to the parleys over certain terms and counter terms, and while the Huns have agreed in their National Assembly to sign, there is the belief, in many quarters, that the concessions they have asked may postpone the signing a day or so more. On the other hand they may affix their signatures almost any time within the next three days, so that no definite information is yet available as to what hour or day the news may come through.

### A FRIENDLY CALL

A friendly dog with black curly hair and wearing a collar with brass studs walked into The Journal office this morning and, like the Indian of old, lay down on the floor and said he would stay a while. The corner he chose is a cool one and he has enjoyed a quiet though intermittent sleep ever since shortly after 7 a.m. Any person who knows his name and his pedigree would do well to call at the office and invite him to go home. We can't think of paying the tax.

### FIGHT IS STAGED

This much talked of fight between Jack Loney and Sgt. Alexander, the middle weight champion of the Overseas Military Forces of Canada, has at last been arranged and will be staged on the evening of July 1 (Dominion Day) as an added attraction to the long list of events provided for the Great War Veterans Celebration.
