J. Campbell of "The New Theology" fame,  
shows an unfair attack on her new book, "The Life  
of Christ," which she says, "That while preaching in the City  
Temple, I was slandered both myself and my work without  
there is a certain strain of hard, bitter and intol-  
erant all the way through it, and I challenged him to  
show how it may be lessened and finally over-  
come by effort when once we realize the eternal law—  
that evil and good by good. . . ."

## Gasoline ENGINES For Fishermen.

## The "FERRO" Marine Gasoline Engine

is the one which has given the Best Results in Fishing Boats. It is the most simple, and most economical Engine built, and where Gasoline is expensive, you will save more by its use, than kerosene, in the saving of fuel.  
"FERRO ENGINES" can also be successfully run on kerosene, which is a point all Fishermen will appreciate.  
The L. M. TRASK CO., who introduced "FERRO ENGINES," both in Canada and Newfoundland, have opened an office in St. John's, where they will carry "FERRO ENGINES" in car-loads. Also a full line of accessories, such as Batteries, Spark Coils, Propellers, Shafting, etc., and all repairs for these Engines. This advantage will be appreciated by all Fishermen, when they can get repairs without the usual delay and expense of having them come by express from the Factory.  
The TRASK CO. have gotten out a very complete Catalogue, showing their full line of Engines, Engine Fittings and Machinery of all kinds. It contains valuable information for operators of Engines, and will be mailed FREE to anyone who will send us a post card giving their name and address, size of Engine required, and dimensions of Boat it is intended for.  
Address: THE L. M. TRASK CO.,  
P. O. BOX, 845, ST. JOHN'S, N. F.
