CHEVROLET!

The most complete and equipped Motor Car ever offered re-
 gardless of price. This is some assertion to make, but everyone
 knows that I am the pioneer in the automobile business in this
 country, and I can honestly say I have never seen its equal.

It has two unit starting and lighting plant, three speeds, for-
 ward and reverse, gate changes, 39 x 2 1/2 tires front and rear,
 3/4 floating rear axle, which means there is no strain on the axle
 shafts, the load is carried on the housing. Springs are of the
 latest shock absorbing cantilever type as used on high-priced
 English cars. Four cylinder motor valves in head and improved
 double jet zenith carburetor, which gives twenty-seven miles to
 the gallon of gasoline.

Plenty leg room in front, also in Tonneau; in fact the biggest
 small car ever offered to the motoring public. Replacement
 parts of these cars are exceptionally low. A full line already
 in stock.

Quick Deliveries.
