The Deer-Lake-Bonne Bay Road.

A few days ago the Advocate referred to the circulation of false reports of frightful conditions existing amongst the laborers employed on the construction of the Deer Lake-Bonne Bay highway, a correspondent writing that he had seen such reports, and asking that they be contradicted. For our own part we have not either read or heard any sensational stories of the nature set forth by the Advocate. The press of St. John's has not contained one single word of criticism on the construction of this much needed road, and if any reports have been circulated as to alarming conditions, they must have emanated solely from the men working there, and carried farther afield by those who listened. It may be part of a certain policy to have the Advocate pretend that untruthful statements are being made about this method of employment, by the press opposed to the Government, in order that the same might be dished out for consumption in the North. The same thing applied to Badger, the Opposition press being charged with distorting facts and making mountains out of molehills, for the political embarrassment of the Government. The pursuit of such a course by the only organ of the present administration may be good politics, but it is mighty poor journalism. Fictional items of the nature of that already referred to, touching Deer Lake may be dreamed by the contributor, or his imagination may have been so vivid that he wrote of conditions that were not and did not exist and so persuade some to believe that these bold, bad, altogether incorrigible and irresponsible newspapers, the Daily News and Telegram were at their fricks again.

Whatever difference of opinion there may have been as to the actual necessity for the Badger road, there was none whatever over the building of a highway from Deer Lake to Stanleyville (Bonne Bay) because every person who knows anything about the many handicaps under which the people of that section labor through lack of communication during one third of the year, believes that the road at present under construction, will, if ever completed, be of great advantage to the people of the North West Coast. This road is really a public utility, and should have been built long ago. In fact the Telegram has ever been a staunch advocate of a direct connection between the prosperous and enterprising people of Stanleyville, Norris Point, Woody Point, and the other settlements comprised in Bonne Bay, and through this busy centre, to the inhabitants of the numerous fishing villages to the north. All that we can and do wish, is that this road will be carried to the lumbering centre of Stanleyville, and if possible, next year, continued on down the shore of East Arm to Noddy's Harbor, so that if in future it becomes expedient to link up other settlements along

the coast, there will be no difficulty in extending this connecting road still farther along. Even with the terminus at Stanleyville the advantages to be derived from the means of such a facilitation of transport will be great, but with it carried to Noddy's Harbor, the benefits would be doubly increased, because the distance from there to Woody Point, the chief commercial town, would be considerably reduced. From the first we have been favorably disposed toward such advantageous road connection where profitable, and so far we have not been shown any real reason for changing our views in this respect.

The Horseless Carriage.

We would like to direct the attention of motorists and pedestrians alike to a splendid series of articles under the above caption, specially written for and appearing in the Evening Telegram on Friday's. Should readers not find the weekly installment on their favorite page, we suggest that they search diligently until they come to the "Horseless Carriage" column, which carries an attractive and ornamental picture, and contains much that is of interest and information. See page-to-day.

S. U. F. Club Gives Banquet.

A very enjoyable function took place in the Club Rooms of the Society of United Fishermen, Water Street, last night, when the Executive entertained the members, who attended in goodly numbers to partake of the hospitality so generously offered. Mr. James Rendell, the esteemed President and father of the Club, was the promoter of the entertainment, and the many tributes paid to his energy and interest in all matters appertaining to the Order of United Fishermen, were of such a nature as to convey the hearty appreciation of all who enjoy the genial atmosphere which pervades the apartments in which members foregather. Speeches and songs made up a programme which was enjoyed by all, and the hostess's whistle, sounding at eight bells (midnight) brought all present to their feet, when the singing of Auld Lang Syne and the National Anthem, brought a very pleasant and sociable evening to a close.

Winning Teams Dined.

A dinner was given last night at Wood's West End Restaurant by the friends and supporters of the C.C.C., to the teams which won the football race at the Regatta and the Tag-of-war in the W.G.C. sports. Lt. Col. C. O'N. Conroy presided. Amongst the guests were the Chaplain, Rev. Fr. Piggy, and Mr. E. F. Collins, President of the Boat Club. A lengthy toast list was gone through during the evening, speeches being made by Lt. Col. Conroy, J. M. Spearns, Rev. Fr. Piggy, C. McGrath, P. F. Collins and Coswain Ryan, whilst songs were rendered by Messrs. J. J. O'Grady, C. E. Jardine, E. Peters and others. Mr. C. E. Jardine presided at the piano and a very enjoyable evening was spent, the affair terminating at midnight with the singing of the National Anthem.

Police Court.

The man Snow, whose arrest the police had so much trouble in effecting yesterday, appeared before the Magistrate this morning charged with the larceny of two carriage lamps and a calfskin. He was remanded for eight days.

An old offender who was charged with being drunk was discharged. A man charged with being drunk and disorderly in the Salvation Army Depot was fined \$5 or 14 days. Sentence was suspended, however, on the promise that the defendant should, in future, keep away from the Depot.

On Shooting Charge.

A Finnish seaman who was charged with being drunk and discharging firearms within the city limits was fined \$20 or 20 days. The accused had a revolver of 22 calibre which, yesterday afternoon, he discharged on a wharf in the direction of some boys who were standing by. The boys immediately ran off and informed the police. In his defence the accused said that he was only trying to frighten the boys off the wharf. Besides imposing a fine, Magistrate McCarthy ordered the revolver to be confiscated.

The most popular Ladies' Neckwear in America just now is the lace front for Tuxedo Sweaters. There are many of these in BISHOP'S Men's and Boys' Sample Sale worth up to five dollars and forty cents each, and they are selling for forty-four cents, ninety-eight cents and one seventy-five each.

To-Morrow's Cricket.

To-morrow's cricket match between the Shamrocks and the Fiddians is arousing great interest amongst those who at one time were keen followers of the game. The Shamrock team is as follows:—E. Berrigan, E. Power, P. Wallace, E. Berrigan, J. Savage, S. Cliff, E. Furlong, T. Ryan, J. Canning, E. P. Morris and M. Finn.

The Fiddian team will probably be made up as follows but all of those chosen are not sure whether they will be able to play or not:—R. F. Goodridge, J. Paterson, C. E. A. Jeffery, W. Anson Reid, H. A. Winter, E. Jeffery, G. Hunt, Edgar G. Ewing, Harold C. Hayward, Rev. J. Britton and A. Martin. The team will be captained by C. E. A. Jeffery. It is unfortunate that a better cricket pitch than that now in use, cannot be obtained, as neither batsmen nor bowlers can do themselves justice on it.

Cup Presented.

The cup won by the Briton team in the football stakes at the C. of E. Garden Party sports was presented this morning on board H. M. S. Briton by a representative of the C. L. B. C. Athletic Association. This was done because the Briton team is shortly going away. The cup for the 10 mile race in the Dominion Sports, which was won by Jack Bell, and the winner for the C. of E. Garden Party Sports, will be presented next Thursday evening at the C. L. B. C. Armory. The presentation will probably be preceded by a band concert and gymnastic display.

Mother Detained.

POLICE ENQUIRY INTO SUSPICIOUS BURIAL.

As a result of suspicious circumstances surrounding the death and burial of her five months old child a woman is now detained at Placentia whilst the police are investigating the matter. The woman went out to Placentia recently on the morning train with the child, which was alive when they reached their destination. That same afternoon the child was buried.

The circumstances aroused suspicion and the mother was immediately taken under surveillance whilst the infant's body was exhumed and sent on to town. It was met at the station yesterday by Head Constable O'Neill, who brought it to the Morgue, where Dr. J. S. Tait conducted a post mortem examination, the result of which has not yet been made public.

B. I. S. Outing.

The B.I.S. held their final outing for the season at Donovan's last night. Over 250 people were present and thoroughly enjoyed themselves. The B.I.S. orchestra was in attendance and provided excellent music for the dance, which wound up the outing. These weekly outings at Donovan's during the season were originated during the present year, and have been an enormous success. All have been well attended, and the proprietors of Donovan's gave entire satisfaction in the matter of catering. The dances, which were held at each outing, were all thoroughly enjoyed, and the music was in every case provided by the Society's own orchestra. Special prizes had been taken in this connection to see that all the music was the very latest. It was with great regret that those who were accustomed to attend the outings, find that there will be no more until next summer.

Examination Results.

Upon enquiry at the office of the Department of Higher Education this morning, a Telegram reporter was informed that the results in the lower grades of the C.H.E. examinations had not yet arrived, but were expected at any moment. Many of those who sat for the examinations, are anxiously awaiting the results, and the same applies to those schools, which make their "removes" on these examination results.

BORN.

On Aug. 29th, 1921, to Mr. and Mrs. C. A. Huxley, 160 Water St., West, a son.

IN FOND AND LOVING MEMORY

of our dear son, Harold Huxley, who fell asleep in Jesus, Sept. 2nd, 1919.

Two years have gone, our hearts still sore;

As time rolls on we miss him more,

There is no link death cannot sever,

But love and remembrance last forever.

Some day, some time, our eyes shall see

The face we loved so well;

Some day, some time our hands shall clasp

To never say farewell.

Ever remembered by Mother and Dad.

IN LOVING MEMORY

of our dear brother, Harold Huxley, passed away Sept. 2nd, 1919.

A cluster of living memories.

Not dead to us, we love him still,

Not lost, but gone before;

He lives with us in memory still

Hearts that loved him in life so dearly

Still love him in death just the same.

Ever remembered by his brothers, Stanley and Harry.

IN EVER LOVING MEMORY

of our dear brother, Harold Huxley, passed away Sept. 2nd, 1919.

A cluster of living memories.

The fondest heart can frame;

We weave them into a garland,

And tinge them around your name.

—Sisters Elsie, Annie and brother, Alex (Toronto).

Stolen Safe Found.

The safe, which was reported in yesterday's Telegram as having been stolen from the Treasury Department of the Reid Nid. Co., was discovered yesterday in a garden on the path leading up to the shooting range on the South Side Hills. It had been forced open, and the lock was broken. The papers which it contained were still in the safe. It is evident that the burglars expected to find that it contained cash, and they must have been bitterly disappointed after the labour and risk undergone in getting it up the hill, to find nothing but valueless papers in it. The police are still investigating. The safe was occasionally used as a cash box by the paymaster, and weighed about thirty pounds.
