TO THE EDITOR OF THE GUELPH MERCURY. Sir—We see from an article headed with their title the "Truth does not prevail" in your issue of Friday that our opponents now think they have found a veritable man's nest. By mistaking the meaning of the word "sensible" they think we admit that Mr. Wood was a real partner at the time of the Exhibition, and then they accuse us of untruthfulness when we call him our witness. Mr. Wood, as the agreement shows, got no profits on certain parts of the business; as for instance the sale of pianos; Mr. Wood was never even inside the factory up to last December, proving that Mr. Wood was a partner in September preceding. Said declaration is signed by Mr. Wood, and is intended to convey the idea that Mr. Wood had authority over them all, while only one (W. Snowden) has heard us say that Mr. Wood had no right to interfere with them, and we can find numbers of people who have heard some of the men say (Mr. John Rind in particular) that Mr. Wood had nothing to do with them. We presume the assessor's proof is also convincing. We admit, what we presume is all they mean to prove, that Mr. Wood was never connected with the thing, which was done solely by himself. These same employees attribute the success of the late fair mainly to Mr. Wood's ability and Mr. McLeod's business tact. They and the public well know that it was the work of R. Bell in particular to keep the accounts, carry on the correspondence and effect sales at a distance, and establish agencies. We suppose we can give Mr. McLeod credit for transacting business over and above what we have mentioned. He may have some undeveloped business faculty, which the men have overlooked, but which has always been invisible to us.

We will say in reference to our challenge, that we have one witness who says he had no opportunity to Mr. McLeod, and can testify on oath that he heard both Mr. McLeod and ourselves say at our Exhibition that he had said to Mr. Wood's wife, "Mr. Wood's work. We have also other disinterested evidence to the effect that one of his present employees said he heard Mr. McLeod use the same words used by our first witness. We hold out the challenge for three days; and if they wish it can be decided at once. All evidence taken will be on oath, and left to the decision of arbitrators. Let them choose one and we will choose another, and these two a third. Of course we accept their challenge on the quality of instruments, but prefer to have it decided by the judges at the Provincial Exhibition, especially as the time is not far distant, and no personal feelings can be brought to bear on the decision. The public will then be better satisfied with the result. The sum to be forfeited shall be \$100, which must be deposited at least one week before the Exhibition.

W. BELL & CO. Guelph, 31st May.
