A young man named Samuel McLaughlan, aged about 18 years, while fixing some belting in the saw works of Joseph Robertson, Toronto, on Thursday, was caught in it, and whirled about the shafting until his legs were broken off close to his thighs. Dr. Lizar, surgeon, was called in, and he was taken home in a critical state. It is a singular fact that just twelve months ago his brother was killed at the same place.

LEGAL CHANGES.—The recent political and legal changes have given rise to several legal changes of importance, which have either been already effected, or are in contemplation. Mr. Bethune has left the firm of Blake, Kerr and Bethune, and gone into partnership with Mr. Oliver Mowat. Mr. John Boyd has resigned the position of Master-in-Chancery, which he accepted from the Sanfield Macdonald Government, and intends going back into partnership with Mr. Blake, and Mr. Taylor, Reference in Chancery, has been, or is to be, appointed Master in his place. It is rumoured, also, that Mr. J. D. Armour, of Cobourg, is to become a partner in the new firm which is being formed by Mr. Blake.—Toronto Mail.

The London Spectator has compiled a list of the wealthy Englishmen who have died during the last ten years. From this, it appears that between 1863 and 1872, ten persons have expired in Great Britain, leaving to their heirs more than a million sterling. During the same period, fifty-three people have died worth half a million, and one hundred and sixty-one leaving more than a quarter of a million sterling. These figures refer solely to what is called "personality" in English probate records, i. e., actual bank cash, or its equivalent in bonds, stocks, business interests, furniture, pictures, &c. The fortunes represented by the great and small landed estates transmitted during the same period are not included in the statistics referred to. A century ago there was probably not a man in England who possessed the equivalent, in any form, of half a million sterling. Clearly, large fortunes grow in the British Isles, whatever else may be becoming stunted.

Mrs. John Freeland, sister of Horace Greeley, is lying dangerously ill at her residence in New York.

The gratifying intelligence reaches us from London that the steamer Dalmanian, which was reported wrecked and thirty-five of her passengers drowned, has arrived safe and sound at Liverpool. The report was a cruel hoax.

Apples sold at Barkerville, Cariboo, for 50 cents a piece.

The epidemic has appeared at Providence, R. I. among the sheep.

A despatch from Rome says that heavy rains have again swollen the waters of the river Po, and another inundation is apprehended.

No definite intelligence has been received as to the whereabouts of the Lake Superior steamer Cumberland. It is believed she has passed through the canal, but whether she will reach Thunder Bay this season is not certain.

Much uneasiness is felt regarding a large number of vessels overdue from Lake Superior. An expedition is being organized at Detroit to attempt to relieve these boats.

The small colony of English sparrows imported by T. R. Merritt, Esq., of St. Catharines, and domiciliated in the vicinity of the express office has rapidly multiplied, and now numbers over 300 birds.

IF YOU HAVE BEEN AN INVALID FOR YEARS with some Chronic Wasting Diseases of the Lungs, Heart, Liver, Kidney, you need not flatter yourself that medicine is going to cure you immediately. Repair goes on slowly, and time is necessary to build up a broken down constitution. Do not take every nostrum you read about, nor follow the advice of every friend who has a specific to offer you. Procure a remedy scientifically prepared, that is the result of experience, that has a large amount of evidence of sensible people in favor of its reliability, and persevere in its use until the whole system undergoes a radical improvement and health is restored. Dr. WHEELER'S COMPOUND ELIXIR OF PHOSPHATES AND CALSAYA, a Chemical Food and Nutritive Tonic, will meet your most sanguine expectations, as it combines everything necessary to perfect digestion, Nutrition, and the Formation of Healthy Blood, and to vitalise all the organs and tissues of the body. which can be cured by a timely resort to this standard preparation, as has been proved by the hundreds of testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever introduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Croup, Whooping Cough, Influenza, Asthma, Colds, Sore Throat, Pains or Soreness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with most preparations, but it loosens and cleanses the lungs, and allays irritation, thus removing the cause of the complaint.
