Smoke was seen about 1:30 this afternoon issuing from the roof of a house in Alexander Harvey's brick terrace on Talbot street, corner Fullerton. The fire department were immediately notified and soon had two streams playing on the blaze. The fire started in the attic of the corner house, tenanted by Mrs. A. J. Portwood, and spread along the roof. When the blaze was extinguished it was found that most of the contents of the upper story of Mrs. Portwood's house were destroyed, as were those of the next house, occupied by Mr. D. J. A. Ritchie. The upper part of the two buildings were also badly damaged. The contents of both houses are fully insured as well as the building. The excitement prostrated Mrs. Ritchie, who is troubled wigh heart disease, and she is in a serious condition. Very few of the goods were removed from the dwellings, as the fire was soon extinguished, the most of the damage being done by smoke and water.

The weather still continues to be all that is desired—warm days and cool nights. Saturday was a day of fatigue duty for the men, work at the butts, pitching extra tents and a good general cleaning up around camp. In the afternoon a game of baseball was played by teams captained by Lieut. W. C. Coo and Quartermaster Ironside, Mr. Coo's team winning by a score of 15 to 14. The game was full of brilliant plays on both sides, Mr. Coo's fielding being of especially good order. A two-bagger and three-base hit by Tuke and a home run by Mr. Coo were the batting features of the game. The umpiring was done by Wes.

The Order of Chosen Friends ask inser-tion of the following: Competition of railroad companies must indeed have become keen and have made their managers so when a great company like the Canadian Pacific can find time and like the Canadian Pacific can find time and room to compete with a benevolent society excursion for the small amount which may be left to them after advertising, chartering boat and looking after the comfort of those who might favor them with their presence on the 25th inst.
