The Age of Niagara Falls.

The savants are having a very interesting time in determining the age of Niagara Falls, and from the most recent papers on the subject it is quite evident that great diversity of opinion exists among those who have made it a matter of investigation. Life is full of problems. The diversity of our common nature suggests equally interesting questions. Why are things so? Why not otherwise? Now, for instance, the minor ailments that afflict us. Why should toe ache not be agreeable instead of painful? Why should so many fraudulent and flesh-eating sub-stitutes for Putnam's Painless Corn Extractor be imposed upon the people? Putnam's is sure. Putnam's is safe and painless. Putnam's makes no sore spots. Use Putnam's Painless Corn

It's the best thing for the hair under all circumstances. Just as no man by taking thought can add an inch to his stature, so no preparation can make hair. The utmost that can be done is to promote conditions favorable to growth. This is done by Ayer's Hair Vigor. It removes dandruff, cleanses the scalp, nourishes the soil in which the hair grows, and, just as a desert will blossom under rain, so bald heads grow hair, when the roots are nourished. But the roots must be there. If you wish your hair to retain its normal color, or if you wish to restore the lost tint of gray or faded hair use

A CANADIAN VICTORY.

Chicago, Ill., Sept. 17 .- The match between the Canadian cricket team and a team from the Wanderers Club ended today in a draw, because the visitors were unable to shut out all of the Wanderers in their second inning before the call of time, one player remaining to go to bat. The score for the two days' play, however, made the contest really a victory for the Canadians, they having made 266 runs to the Wanderers' 179, and sending only seven men to bat in their second inning for the purpose of retiring the home team within the limited time. H. B. McGiverin, the great slow bowler from Hamilton, made a fine display of his skill, getting eight wickets for 29 runs in the second inning, and helping to put out seven men in the Wanderers' first inning. His quick execution was the feature of the day's play. In the two days the score was: Wanderers—First inning, 79; second inning, 100 for hine wickets. Canadians—First 100 for nine wickets. Canadians—First inning, 169; second inning, 97 for six wickets. The Canadians play a picked team tomorrow.

BITTEN BY A RAT.

A Huge Rodent Attacks a Child-Family

Badly Scared. Brantford, Sept. 18.—A startling story comes from West Brantford of a little girl being badly bitten by a rat, which attacked the child in the cradle, the mother arriving in the nick of time. Eva, a one year old daughter of Mrs. Drummond, who keeps a store on the corner of Oak and Richardson streets, was the victim. She was asleep in her cradle and the mother was about her household duties when she heard the cry of the child and rushed up to the cradle, fright-ening away the rat, which made its exit under the lounge. Fortunately little Eva had only been bitten on the fleshy part of father. Commander Booth explains that it is the aim of the Volunteers to become an auxiliary of the church.
