LONDON, MONDAY, FEB. 7.

CONDEMNED BY THE RECORD. Speaking in the House of Commons in March, Mr. Borden said:

"In so far as my right honorable friend, the Prime Minister, today outlined the lines of naval defence of this country, I AM ENTIRELY AT ONE WITH HIM. I am entirely of opinion, in the first place, that the proper line upon which we should proceed in that regard is the line of having a Canadian naval force of our own. I entirely believe that. The other experiment has been tried as between Australia and the mother country, and it has not worked satisfactorily in any respect.

So I am at one with the Prime Minister as far as this is concerned. I AM also, that I think an expenditure of money designed for that purpose liament, and that by making an appropriation of that kind and attending to the defence of our own coast, pire, we would be doing our duty not the denominational tie. only to Canada, but to the empire

At the Dominion Day banquet in

London, England, Mr. Borden said: British Isles owing to the fact that Canada did not, by resolution or by three Dreadnoughts. He (Mr.Borden) thought the resolution in the form in might not upon their surface seem undenominational basis. offer of one or two Dreadnoughts would have been, laid down A PER-MINION OF CANADA WHICH BOTH PARTIES UNITED, similar favor. AND WHICH WOULD SERVE MORE PRACTICAL PURPOSE THAN ANY SUCH OFFER OF

At Halifax, Oct. 14, Mr. Borden said: "ONE GOVERNING PRINCIPLE AT LEAST SHOULD CONTROL THAT OUT OWN MATERIALS, BY OUR OWN LABOR, AND BY THE INSTRUCT. OUR OWN PEO-

The commissioners express the bethe truth about it." This exaggeration its widest, is confined to helping her may have been magnified innocently, perhaps, by the Scottish commission-

> THE QUEEN'S AND THE WESTERN The Kingston Standard unwittingly makes out a strong case for Provincial aid to the Western University when it says:

"We may say that Queen's University proper has received no recogni-Government, but that the School of Mines, a separate corporation, though in a manner connected with Queen's, has received substantial recognition, as has also the medical faculty. The Ontario Government has really done all it consistently could do to foster university education at Kingston, since it would not be just or reasonable to expect any state aid for a university that, as to its arts faculty, is in a manner de-

nominational. "As soon as Queen's has become undenominational, which is likely to be the case in the near future, we have every confidence that her needs will not be neglected by Premier Whitney's Government, which, since its taking over the affairs of this Prvoince, has shown a deep interest in the education of all classes."

The School of Mines does a large portion of the work of the science department of Queen's, and the money ought, in the main at least, to be given it by the Government is equivunder the control of our own Par- alent to a direct grant to the "university proper." Queen's is "in a manner" denominational, as the Standard by co-operation and co-ordinaton admits, yet it receives Government with the imperial forces of the em- bounty, and will expect more if it cuts

need of a vigorous campaign. The officers for the were elected as follows: *President-Mr. Peter Anderson. Vice-President-Mr. Alfred Bailey,

of West Nissouri. Secretary-Treasurer - Mr. Vining. Chairmen London Township-Messrs. William

Smibert, John Anderson and Robert S. Westminster-Messrs. David Law-Ezra Hunt and William E.

West Nisouri-Messrs. Frank Ashman and James Henderson. Dorchester-Messrs. Wilson and Duncan McCallum. London Junction - J. K. Little James McLaren.

Dr. Routledge, ex-M.P.P. Dr. Routledge, ex-M. P. P., was the first speaker. There was yet a chance of regaining the riding to the Liberal ranks, he thought, if everyone did his duty. It would be a hard proposition, he admitted. But that this was the case was largely due to the Liberals themselves, who in the past had not, perhaps, done all that they might have done. There should be no axes to grind, for where this is the case there will inevitably be those who will be turnedaway from the party. Then, again, there are wanted men who believe in \$100,000 from thme institution. the principles of Liberalism, broad- was taken to Webster for his appearminded, deep-thinking men, who can ance in the district coutr. think for themselves. party has done everything for the a prior charge of stealing \$25,000. building up of the Dominion, and whatbeen done since in any of the provincial parliaments is due largely to the broad and solid basis laid by

Something for Nothing. "The Liberal party has every reason to be proud of its past record," said a good tussle. The fire was Mr. J. L. McDougall. "We are proud of the stand taken by this Province and here again we have a right to give the greater part of the credit to the

Liberal party. "There is a certain individual." he continued, "going around London, telling people that they are going to get something for nothing. So far the city has made two payments on hydro-electric power, and all that we have so far a few poles, hardly larger than good-sized fishing-poles, which have to be renewed almost immedi-

"I agree with Dr. Routledge," Mr McDougall concluded, "that it is quite possible to redeem East Middlesex if we stand together and work hard for that object.' Educational Campaign.

East Middlesex is an educational cam-Digesters' advertised I bought a box. said Mr. Duncan McKenzie paign," and they took all that trouble away, "Notice the changes that have taken place in Great Britain due to the campaign of education there, and if they can change thousands of votes by this means surely we can do the same with hundreds. There are a good many people in East Middlesex who are greatly in need of education in many of the political questions. I don't think East Middlesex has a member in either House that does it credit," he continued. "I have nothing against them, meal, and get the strength out of what personally, but I think that you will agree with me that they are not the men to represent this consituency." School Conditions.

Mr. J. K. Little criticised the school

"I believe that the system is too expensive," he said, "and that in time it will come to be a luxury. When

the people become oppresed in this way it is time to move, and I think that something should be said in this meeting that would set people think-The occupation of the school teacher is one of the easiest known today, and it is costing us too much." Mr. Jared Vining had a very different opinion on the matter, and stated his beliefs in a very forcible man-

"The business of school teaching," he said, "is more trying and involves struck a skewer, made a sliding upward SOME STRONGADDRESSES greater responsibility than any other profession. They have to do with the child in its formative period, and it No Reason Why the Riding Cannot be is very important as to what stamp of teachers we have.
