ESTABLISH NEW HIGH IN SEVERAL STOCKS

Usually Dull Issues Have Spectacular Rise in New York.

Associated Fress Despatch.

New York, Nov. 23.—Speculation was livelier in a number of the ordinarily inactive stocks in the afternoon and several new high records for the year were established, including United States Cast Iron Pipe, Schulte and tobacco products. A block of 12,000 shares of the last mentioned changed hands at 61%. Tidewater Oil extended its decline to eight points, but quite a number of other industrials and specialties showed advances of three to four points.

ties showed advances of three to four points.

Erratic fluctuations in Davison Chemical, which lost all its four-point gain, selling of Chesapeage and Ohio on speculative uncertainty over the dividend action today, and renewed liquidation of the Central Leather issues, which touched new lows for the year, unsettled the general list during the first hour. United Cigar Stores dropped 3½ points, Tidewater Oil four, and General Baking two. Sugars and local tractions, however, showed consistent group strength, the demand for the former being influenced by another increase in the price of refined sugar. Adams Express advanced 3½ points in further reflection of the increased dividend. Towards mid-day the whole list started for higher ground under the leadership of Galdwin, American Can and the steel shares. Iron products leadership of Galdwin, American can and the steel shares. Iron products jumped 5% points, and Transue Wil-liams five, while American Beet Sugar, Cuban Dominican Sugar, preferred, and National Supply each rose two points. Call money opened at 4% per cent.

Canadian Press Despatch.

Edmonton, Nov. 22. — The recent \$5,000,000 refunding debenture issue of the provincial government has now been fully taken up, according to news received by the treasury department from New York, and the bonds will be delivered to the purchasers on Friday or Monday. The buyers of the debentures are well distributed all over the United States, the issue having been handled by some 300 dealers. Financial repers in the East have commented upon the sale as a highly successful one, and it is stated that the effect has been to stimulate new interest in Canadian bonds, which of late have not been in demand on the United States markets.

Associated Press Despatch, New York, Nov. 22.—Cotton futures closed steady. Closing bids: Jan., 34.55c; March, 34.75c; May, 34.90c; July, 34.32c; Dec., 35.12c. Spot cotton closed steady. Middling uplands, 35.60c.

It causes progressive mental deterioration, upon which may be ingrafted various city. be ingrafted various other symptom

of mental disturbances.

"From time to time temporary alleviation of paresis has been accomplished, but the disease has never actually been known to be curable. The insane asylums are full of people

According to the statement of Hor.
Mr. Godfrey, tryparsamide will be obtainable from the provincial laboratories principally through the government's treatment of American health centers in connection with the distribution of insulin. As soon as insulin was discovered the Rocke-feller Institute was notified and no as soon as they procure it for them-

Hill, dean of the local Institute of Public Health, said today, "but of course we anticipate that a supply will be sent to London as soon as possible."

The proportion of insane persons afflicted with paresis is quite high, a London physician said. As soon as the disease develops, the mentality of the patient becomes warped. Syphilitic infection contracted early in life may remain latent in the body for 20 or 30 years and ultimately manifest itself again in the form of paresis. All victims of the disease are either advanced or middle aged. I condon physicians are agreed that tryparsamide ranks with insulin as one of the greatest medical discoveries of the age.

ST. MARYS GIRL IS HONORED ON LEAVING FOR TORONTO

Special to The Advertiser St. Marys, Nov. 22 .- On Wednes day evening an interesting social event was held at the home of Mr. and Mrs. Frank H. May, Wellington street south, when a farewell social was held in honor of Miss Constance

Evans, who leaves shortly for Toronto, where she will in future reside. A handsome club bag was presented to Miss Evans, while the address was to Miss Evans, while the address was Hager, the congregation of methodist Church in the village with the congregation of Methodist Church in the village with the congregation of the congreg to Miss Evans, while the audiess the read by Hubert Dickinson and the presentation made by Miss Rhea Par-Congregational Church.

Grain Markets CHICAGO

Associated Press Despatch.
Chicago. Nov. 23.—Commissoin house selling led to a downturn in wheat prices today soon after a little advance at the opening. The initial gains were ascribed to covering on the part of the shorts. Bears contended, however, that rallies were due chiefly to pit conditions, and would as a consequence be transfent. The opening, which varied from unchanged figures to 4c higher, was followed by a moderate general decline.

Corn and oats were easy with wheat. Demand lacked volume. After opening Demand lacked volume. After opening unchanged to 1/4c higher, the corn mar-ket underwent a sag, deferred deliveries in particular.
Oats started at a shade off to 1/4c up, and later trended lower.

Futures opened: Wheat—Dec., \$1.04; May, \$1.09%. Corn—Dec., 73%c; May, 78%c. Oats—Dec., 43%c; May, 44%c.

LIVERPOOL. Associated, Press Despatch. Liverpool, Nov. 23.—Wheat—Spot, No. northern, 10s 2½d.

SEEDS

Associated Press Despatch. Chicago, Nov. 22.-Timothyseed, \$6.50 to \$8 per cwt. Cloverseed—\$15 to \$23.75 per cwt.

In our Grandparents' day, home industry was in vogue. The process of manufacture was slow and tedious, for the wants of the people were infinitely smaller.

To-day the wants of mankind are multiplied many times. High speed production is needed and Canada, the home of almost unlimited water power, is by nature fitted to produce at a prodigious rate.

The superb growth of our Canadian Industries during the past 10 years has caused an enormous demand for electricity. As a result Hydro-Electric Power Companies, with their economy of operation have made a remarkably successful showing. The securities of these corporations are most stable and profitable investments.
