The South West Kootenay District, British Column from the actual ore products of the mines this winter, is destined in the next year or two to become one of the richest and most important mineral centres in the world. Statistics show, that although the district is in its primary stage, the mines have developed ore veins rich enough to warrant the investment of over million dollars. When these mines come to be worked systematically, there will be an

This shows that the Government are not afraid of the people.

FREE LUMBER.

The United States Senate, much to the annoyance of the politicians of the neighboring States, has placed lumber again on the free list. There is, however, no knowing how long to will stay there. There is, in fact, no certainty that the Bill will pass at all. The action of the majority of the Senate has been so diletory and so vaciliating that it is impossible to say what it will do in the matter
