CHOP STUFF

The branch of the Molson's Bank at Petrolia has been closed, owing to lack of patronage.

Closing the stores at 9 o'clock Saturday night is being advocated in Strathroy. Good move.

For the three months ending March 31st the production of oil from the Canadian oil fields was 49,730 barrels.

James Marr, a resident of Parkhill, for 21 years died last week, aged 80 years. He was a pioneer of McGillivray township.

J. M. Conway, of West Lorne, closed a \$15,000 deal with an Amherstburg fisherman last week for carp. This is without doubt the largest individual fish deal ever made along the north shore of Lake Erie.

R. G. Bruner, of Chatham, has invented an onion weeder, which is said to do well the work of ten or fifteen men. It is used as a small hand cultivator, the combs revolving across the rows, pulling out the weeds and leaving the onions.

Mr. Thomas Benstead, Strathroy, has again been asked to act as judge on roots and vegetables at the Western Fair at London this fall. Mr. Benstead has acted as judge in these departments at the Western fair for seven or eight consecutive years.

The Directors of the Oil Springs Oil and Gas Company Limited will apply to the village council for a franchise to lay mains along the streets of the village. As nearly every citizen of the place has stock in the Company there can be no doubt of their success.

Mrs. W. H. Richardson, of Essex, has been appointed to convey the greetings from the Women's Foreign Missionary Society of the Presbyterian church in Canada to the Pan-Presbyterian Council of women which meets in Aberdeen, Scotland, on June 20th.

W. H. Cherry, of Garnet, Ontario, is the proud possessor of the premier two-year-old champion cow of Canada, Peter Carnochan, late of the O. A. C. dairy school, did the testing and the results, seven days, 7.65 pounds of butter, 14 days, 42.70 and 30 days, 89.63 pounds, have never been equalled by any cow owned in the Dominion.

A beekeepers field day will be held on the premises of Mr. Stanley Rutherford, Theford, on Friday, June 6th, at 1.30. A qualified apary instructor sent out by the Department of Agriculture will show how to examine hives for disease, and will actually put a colony through the treatment for cure. He will also render old combs into commercial beeswax by means of the Sibhard Wax Press. Other manipulations will then be shown, such as finding the queen, removing bees from supers, operating to prevent swarming, etc., etc.

Ridgetown's assessor is responsible for the statement that over eighty per cent. of the dogs in town are owned by rate-payers assessed for \$500 and under. He says he pointed out to one woman who confessed it cost at least ten cents per week to keep her dog, that it meant \$5.20 per year, or including the dog tax, \$6.20. With that sum, he informed her, she could pay for a daily paper, a town paper, be a member of the public library and have enough money left to buy a fat turkey for Christmas. The woman promised to get rid of the dog.

About five o'clock Saturday afternoon the barn of John O'Neil, Plympton township west, was struck by lightning and burned to the ground. The fire was noticed first by a nearby neighbor and he gave the alarm, but before any aid was secured the blaze was beyond control. The barn and sheds were completely destroyed and most of the implements except a few which were outside. The stock was all saved except three calves. There was a quantity of hay, straw and grain in the barn at the time. The buildings were partly covered by insurance.

Death came very suddenly on Tuesday of last week to Mrs. Shadrach Randall, of Egremont road, Plympton. During the past three weeks the deceased had complained of heart trouble, but no serious results were anticipated until Monday evening, when the symptoms became more acute and Dr. Brown, of Camlachie, was summoned. About 6 a.m. Tuesday her daughter, Muriel, who was alone with her at that hour, noticed a change for the worse, and phoned her neighbor, Mrs. Burnley, who hastened to the house, but ere she reached there life was extinct. The deceased, who was in her 47th year, leaves a sorrowing husband, two daughters, Miss Mabel, of Toledo, Ohio, and Miss Muriel, at home, and one son, Bruce, of Camlachie.

Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free.

"Father grows younger every day." And his new photograph hits him to a "T".

The old portrait taken twenty years ago, made him look so serious and old-fashioned—not a bit like he really is.

We wouldn't part with it of course. But isn't it splendid to have a picture of him as we know him—just as he looks to-day.

And father says that he's glad he gave in and had it made—that having your picture taken is far from an unpleasant experience now-a-days.

Wm. W. Gray, a farmer living on con. 2, three miles south of Alvinston, was found dead on the road opposite Alvinston cemetery with his overturned wagon lying across his chest. The accident must have happened about 10.30 o'clock Monday night. The body was not discovered until 8.30 Tuesday morning. Mr. Gray was about 40 years of age and leaves a wife and five small children.

A committee of the county council consisting of Reeves John McCallum, of Alvinston, J. P. McVicar, of Brooke, and J. McLean, of Plympton, last week examined the Sylvan bridge flats on the Aux Sables river up in the northern part of the county and also the county line between Kent and Lambton near the village of Florence. In both these cases the committee found the desired improvements much needed and are prepared to recommend that the flats road in each case be graded above high water mark. This committee also investigated a complaint regarding the towline between Warwick and Plympton townships. In this case they did not see quite the same need of improvement.—Free Press.
