AN OPPORTUNITY FOR NOVA SCOTIANS

The Men in Every Town and Village in Nova Scotia Are Urged to Volunteer Their Services Now, For the Great Red Cross "Drive," July 8th to 15th

July 8-15 is Red Cross week in Nova Scotia—the week in which the great "Mothering" organization of the crimson ensign will go to the people of this province and appeal to them to give—give—give, good measure, pressed down. And WHY? Just this—that the Red Cross organization must augment its treasury if our men are to be ministered to in the vitally important Red Cross way. We all know what a human, kindly, efficacious way that is. How it is felt in the hospitals and many another needy place where men are marshalled for the defence of the Right. It is a "way" which may be likened to the touch of a healing, soft, sympathetic hand at the clasp of such a hand, strong and true.

Then shall not the whole people of Nova Scotia give a loyal, generous answer back. Especially should our men who are at home rally to this call

With pure, rich blood—a healthy stomach—and an active liver—you may laugh at disease, and, you may have all three by taking

BRIDGETOWN, N. S.

they know well the magnificent work the women of the province have done, are doing for the Red Cross—let them follow suit—let them get right in now; ORGANIZE, and anticipate the campaign week by a "campaign of education" so that when the week comes round the money will pour in from people who have been given no quarter for refusal. Let them co-operate by every way in which co-operation can be given, in this work for the Red Cross—\$250,000 is Nova Scotia's quota. Let them go out, like men, and get it. Their sons and brothers have gone out to get something tremendously more valuable than money—gone out to kill tyranny. Gone out to defend freedom and the rights of the weak.

The job of the men at home who cannot fight that grimmer battle, is plain—it is that of standing by and working at home. The Red Cross treasury must be augmented. Let the men get to work—NOW.
