scrofula

Any doctor will tell you that Professor Hare, of Jefferson Medical College, Philadelphia, is one of the highest authorities in the world on the action of drugs. In his last work, speaking of the treatment of scrofula, he says:

"It is hardly necessary to state that cod-liver oil is the best remedy of all. The oil should be given in enalsion, so prepared as to be palatable."

He also says that the hypophosphites should be combined with the oil.

Scott's Emulsion of codliver oil, with hypophosphites, is precisely such a preparation.

Your insuring your life is an evidence of prudent forethought and is an action which commends itself to any far-sighted business man and will improve your credit wherever It is known. It will pay you to send for particulars of the Unconditional Accumulative Policy Issued by the

General Assembly Travelling Arrangements.

Arrangements have been made with the Richelieu & Ontario Navigation Co., as with the lines of Railway, for delegates to the General Assembly and their wives, and ministers, and others having business with the Assembly.

The arrangement is that single first class tickets be purchased to Iorinto, Standard Certificates being got from the Ticket Agent at the starting point. If 300 or upwards of the care used, parties will return home free.

of upwards of the care used, parties was return some free.

It is important that all parties secure these Standard Certificates, even those living close by Toronto, so as to insure that 300 will be used. Last year only a few in excess of this number travelled by the various lines. If there are less than 300, instead of returning free, one third fare will be charged.

The offeat Normera Transit Co. give a discount of apper cent, off the transportation portion of the ticket, and the North Shore Navigation Co. give first-class tickets for second-class fare.

The reduced rate is available for ministers coming to the meeting, or others having business with the Assembly, as well as for Commissioners, and their wives.

Toronto, 1st lune, 1806.

Toronto, 1st June, 180%.

THE ABSOLUTE SECURITY OF AN ES. TATE-A POLICY OF LIFE INSURANCE.

"A man's happiness," says Marcus Aurelius, is to do things proper to man." The family man in these days who does not realize that one of the

things proper to man is to insure his life has remarkable ideas of propriety, to put it mildly.

"Ask him whether his business matters are so arranged that if he should be carried off this very hand to be carried off the second to be carried off this very hand to be carried off the second to be carried t arranged that it he should be carried on this very night—and he may; who knows?—they could be easily straightened out and found to leave his family comfortably provided for. Any man with an ounce of brains will pause and think for a moment over such a question as that. Then follow up the thinking and secure a policy of life insurance.

"Starvation is a hard thing to face. No man with an ounce of warm blood in his heart will die leaving his family in any such predicament.

"The uninsured man who thinks the life insurance agent is not his friend should not leave the family to find out his mistake."

his family to find out his mistake. It would be a costly and painful discovery. Motto: Insure your life. The North American Life is a thoroughyour life. The North American Life is a thoroughly reliable and responsible company, which, together with its advantageous investment plans of insurance, its satisfactory earning power, and the splendid profit results paid under its matured investment policies, make it a very desirable company in which to insure.

Copies of its last annual report and pamphlets explanatory of its attractive investment plans of insurance furnished on application to William McCabe, F.I.A., Managing Director, North American Life Assurance Company, 22 to 28 King Street West, Toronto, Ont., or any of the company's agents.

company's agents.

At the last meeting of the Presbytery of London the subject of conference was "Public Worship," and the opinion prevailed that some uniform order of service be adopted, subject to change on special occasions. Several orders were suggested, and the opinion prevailed that the Hymnal Committee be asked to prepare two or three orders of service, to have them included for three orders of service, to have them included for guidance in the new Book of Praise. The subject of pulpit prayer was also discussed, and the importance of careful attention being eiven to this part of public service was urged. Rev. W. I. Clark was given three months leave of absence, and a resolution, expressing condolence with Mr. Clark in his recent bereavement. A call from Dorchester and Crumlin to Rev. W. Malcolm Kay, recently of Duart, was presented and representatives heard in its support. The call was sustained, transmitted to Mr. Kay, and was accounted and heart the support of the call was supported by the call was accounted and heart the call was accounted as the call from the call from the call was accounted as th cepted, and he will be inducted at Crumlin on the

Three Great Remedies.

Sure Specifics for Kidney, Rheumatic ' and Stomach Diseases.

These remedies are not a cure-all for all the These remedies are not a cure-all for all the ills that flesh are heir to. The great South American remedies each have their particular purpose. South American Kidney Cure does not cure rheumatism, nor is it a specific for indigestion, but no remedy, pills or powders, will give relief in the most distressing cases of kidney trouble as will South American Kidney Cure. Mr. D. J. Locke, of Sherbrooke, Que., suffered for three years from kidney trouble, expending in that time \$100 on doctors' medicines. He got no relief until he used. South American Kidney no relief until he used South American Kidney Cure, and four bottles, he says, effected a per-

edwis needed for thenmaticm. When a remedy is needed for rheumatism, it is very much needed—and quickly. William Pegg, of Norwood, Ont., was nearly doubted up with rheumatism and suffered intensely. This was in 1893. He took three bottles of South American Rheumatic Cure, and now says: "I have had neither aches nor pains from rheumatism since that time."

When disease affects the digestive organs and general debility takes hold of the system, these

general debility takes hold of the system, three cannot be removed unless the medicine taken gets at the root of the trouble. South American Nervine owes its success to the fact that it works directly on the nerve centres, and removing the trouble there it rids the system of disease Banker John Boyer, of Kincardine, who suffered hanker John Boyer, of Mucardine, who same of from indigention for years, was permanently cured by the use of South American Nervice, He says:—"I have no hesitation in proclaiming the virtues of this great remedy."
