FIRM ON SHIPMENTS.

EARLY CABLES STRONG.

ARMOUR BUYING AT MINNEAPOLIS.

CORN AND PROVISIONS DECLINE.

Chicago, Sept. 27.

The strength of wheat to-day was owing to the statistics of yesterday and the readiness of Europe to advance their bids so soon as confidence was shown in prices here. First cables were $\frac{1}{2}$ up and Liverpool closes strong. Cash wheat was 1c higher than yesterday, and futures half as much. Armour is credited with being a large buyer. Corn seemed to have lots of friends to-day. An advance of a couple of cents is as much as can be hoped for at this season. Provisions lost their advance of yesterday. The short interest in Pork has been reduced, and for some time selling on all bulges will be in order.

E., Montreal—Do not think chances of par as good as they were some time ago. The paragraph is founded on fact. A large quantity of stock will have to be carried in this market. When this is properly cared for, an advance will be in order. J. C., Montreal—Having seen full particulars we know it. For the same reason that City Passenger Ry. was sneered at by investors around 120 (say nothing of 65), when the prejudice against it is overcome, buyers will be found at prices as much too high as they are now too low. The prospects of an advance are good. McL., Montreal—The stock you mention is at a fancy price, in fact, of all shares of its class, the same may be said. Over 200, sell it by all means. AFTERNOON BOARD.

The afternoon board was devoted to transactions in small lots. Prices ruled the same as in the morning except for one or two issues.

Heat and Light dropped to 23. It seems a pity that this stock should be sold so low, simply on account of the lack of information regarding its business. The best interests of the Company will be served if it issues a plain statement of its operations. 1000 War Eagle sold at 293 $\frac{1}{2}$.
