## EASTER GOODS.

There is a steady increase in the trade in Easter specialties. Easter cards are more artistic each year with consequent enlargement of the business, and besides these, china Easter eggs in a wide range of designs, are good-selling lines. Easter this year comes on Sunday, March 30, so that there is not much time to delay in ordering supplies. We note that The Copp, Clark Co. have issued a useful price list and circular, giving particulars and prices of all these Easter goods. It might be well to send for it.

In our last issue in reporting the remarks of Mr. W. P. Gundy, of W. J. Gage & Co., Limited, in presenting the resolution on copyright to Hon. D. Mills he was made to speak of 25,000 books imported into Canada from the United States under the head of fiction books and sheets. Of course, this should have been "fiction, books in sheets," and the error was not Mr. Gundy's.
