ON A WOMAN WITH RED HAIR WHO WROTE POETRY.—Unfortunate woman! how sad is your lot! Your ringlets are red, but your poems are not.

Here is a curious advertisement from the "Angony" column of the Times:—"Who art thou? I am Skull, the son of Skeleton, tribe of the bloodless, and native of Ghostland. Bertram. —Further information of, &c."

A young woman has poisoned herself in Vienna. In a note which she had left on a table near the bed on which she lay, she had written:—"My last cigar draws very badly, therefore I am tired of life. Good night."

AN EARNEST PROTEST.—At a meeting recently held in a small provincial town to consider the enormous and increasing price of coals, it was proposed, seconded, and unanimously resolved that "this sort of thing should not be allowed to go on any longer."

A MARROWLESS JOKE.—A funny mistake, says the *Baltic Courier*, occurred lately in printing labels for a meat preserving company, whose operations are carried on in the Lake country. The printer had been in the habit of labelling this of beef or mutton, as the case might be, with the words "without bone," prominently displayed. The company having added kidney soup to its already ample cuisine, the new condiment was duly notified as "kidney soup—without bone." Those labels did not go to London.

THE LIFE OF THE BODY is the blood, and the blood is the lever which regulates our spirits and constitution. If we persist in keeping our Blood pure we discharge a debt we owe nature, and are invariably rewarded for our trouble and expense.

It is useless to expostulate on the many advantages of sound health, and if you are now in quest of the precious Gift, you are strongly recommended to procure a supply of the Great Shoshonees Remedy and Pills and take as directed. 6-15 d

A CHEMICAL FOOD AND NUTRITIVE TONIC.—Without Phosphorus no thought, say the Germans, and they might add, no action, since Phosphorus and its compounds are known to be the motive power of the nervous and muscular system. They constitute more than half the material of the human body, being found in every tissue, and their presence is absolutely essential to nutrition, as they promote the conversion of albumen in the food into fibrine, which is the vitalizing agent of pure, healthy blood. They are now coming into universal use in Europe and America in the treatment of Scrophulous, Consumptive and Venereal diseases, which are caused by impoverished or poisoned blood; and in diseases of women suffering from irregularities, obstructions, and exhausting discharges, in pale puny children and that condition of nervous and physical prostration resulting from bad habits, excessive use of stimulants and tobacco, and all that train of evils known as a fast life. The great reliability and promptness in its effects in immediately and permanently restoring the devitalized constitution, has made Dr. WHEELER'S COMPOUND ELIXIR OF PHOSPHATES AND CALISAYA a great favorite with the Physicians and public. Sold at \$1.00. 4-20 zz

PROSPECTUS

OF A NEW, GENERAL, AND DETAIL MAP OF THE WHOLE DOMINION OF CANADA,

FROM NEWFOUNDLAND TO VANCOUVER ISLAND.

Northern and Western States.

J. JOHNSTON, C.E., MONTREAL. TO BE PUBLISHED IN THE EARLY PART OF 1873 BY GEO. E. DESBARATS.

Size of Map, about 7 ft. x 5 ft. Extending (East and West) from Newfoundland to Manitoba and (North and South) from Hudson's Bay to latitude of New York, drawn on a scale of 25 miles to the inch, and compiled from the latest Astronomical Observations, Official Surveys, and Records of the Departments of Crown Lands, as well as from County Maps, Local and Railway Surveys. From Manitoba to Vancouver Island will be delineated on a scale of 50 miles to the inch. This arrangement of the Map admits of the old Provinces of Upper and Lower Canada, New Brunswick and Nova Scotia being mapped on a scale large enough to show accurately all *bona fide* surveys. The Great N. W. Territory and British Columbia—where comparatively little has been done in the way of actual survey—a smaller scale answers every purpose. The whole Map is thus kept within the dimensions best adapted for general office use.

The following are some of the most important details, which have been collated with great care, from the latest Official Plans and Reports:—Recent Explorations and Surveys in the "N. W. Territory"; New Boundary Lines; Electoral Districts and Divisions; New Townships and Mining Locations; all New Railways; Canals and Colonization Roads; the "Free Grant Lands" and New Settlements; Elevations of the Inland Waters and Mountainous regions above the Sea—marked in feet—and the correct delineation of all prominent topographical features. In connection with the General and Detail Map, there will be TWO SUPPLEMENTARY OR COMMERCIAL MAPS exhibiting the relative geographical position of the Dominion and other countries, showing the great Routes of Travel both by Land and Water; shortest lines of communication; Telegraph lines in operation and projected; distances, &c., &c., with much other new and valuable information. The explored route for the Canadian Pacific Railway with its connections—East and West—with accompanying Profile, will be accurately laid down from data supplied by the Government Engineer; also, the Route of the Northern Pacific Railway (United States), of which a correct plan of the actual location, specially prepared for this Map, has been sent to Mr. Johnston by the Chief Engineer.

ALL ADDITIONS AND CORRECTIONS WILL BE MADE TO DATE OF PUBLICATION.

Mr. Johnston has been engaged on the compilation and drawing, unremittingly, for a period of nearly four years. Neither labour nor expense has been economized in the endeavour to gain for this great Geographical and Topographical work the merit of being the STANDARD MAP OF CANADA for many years to come.

The manuscript has been submitted to the following eminent authorities, receiving their unqualified approval and recommendation:—

ANDREW RUSSELL, Esq., Geographer to the Dominion Government. LIEUT.-COL. DENNIS, Surveyor-General. THOS. DRYE, Esq., P.R.G.S., Surveyor-in-Chief, Ontario. SANDFORD FLEMING, Esq., Government Engineer-in-Chief.

The Map will be coloured in Counties, Districts, and Provinces, mounted on cloth, varnished, set on rollers, and furnished in the best style. Delivered to Agents and Subscribers complete in every particular, and ready to hang up.

Intending Subscribers will please send in their names as early as possible. Parties at a distance will receive their Maps free of any charge beyond the price of subscription.

Price to Subscribers \$10 Per Copy. Non-Subscribers \$12 Per Copy. General Agents throughout the Provinces will find it to their advantage to make early application for the sale of this Map, either to GEORGE E. DESBARATS, Esq., Publisher, 319 St. Antoine Street, or to J. JOHNSTON, C.E., 34 Notre Dame Street, Montreal. 6-14 ff

DR. RADWAY'S SARSAPARILLIAN RESOLVENT.—THE GREAT BLOOD PURIFIER.

Every drop of the Sarsaparillian Resolvent communicates through the Blood, Sweat, Urine and other fluid, and juices of the system the vigor of life, for it repairs the waste of the body with new and sound material. Scrophula, Syphilis, Consumption, Glandular Disease, Ulcers in the Throat, Mouth, Tumors, Nodes in the Glands, and other parts of the system. Sore Eyes, Strumous Discharges from the Ears, and the worst forms of Skin Diseases. Eruptions, Fever Sores, Scald Head, Ring Worm, Salt Rheum, Erysipelas, Acne, Black Spots, Worms in the Flesh, Tumors, Cancer in the Womb, and all Weakening and Painful Discharges, Night Sweats, Loss of Sleep, and all wastes of the Life Principle, are within the curative range of this wonder of Modern Chemistry, and a few days' use will prove to any person using it for either of these forms of disease its potent power to cure them. If the patient, daily becoming reduced by the wastes and decomposition that is continually progressing, succeeds in arresting these wastes, and repairs the same with new material made from healthy blood, and this the Sarsaparillian will and does secure, a cure is certain; for, when once this remedy commences its work of purification and succeeds in diminishing the loss of wastes, its repairs will be rapid, and every day the patient will feel himself growing better and stronger, the food digesting better, appetite improving, and flesh and weight increasing.

Not only does the SARSAPARILLIAN RESOLVENT excel all known and remedial agents in the cure of Chronic, Scrophulous, Constitutional and Skin Diseases, but it is the only positive cure for

KIDNEY AND BLADDER COMPLAINTS, Urinary, and Womb Diseases, Gravel, Diabetes, Dropsy, Stoppage of Water, Incontinence of Urine, Bright's Disease, Albuminuria, and in all cases where there are brick-dust deposits, or the water is thick, cloudy, mixed with substance like the white of an egg, or threads like white silk, or there is a morbid, dark, bilious appearance, and white bone-dust deposits and when there is a prickling, burning sensation when passing water, and pain in the Small of the Back and along the Loins.
