# Exhibition of Fruit and Flowers at the Skating Rink - Successful Competi-

The horticultural and agricultural exhibits which were opened on the 16th of September, were visited each evening by a fair number of admirers, who promenaded around the rink to the sweet strains of A battery band. During the afternoon the judges, whose names have been mentioned, completed their inspection, and handed the following list of, competitors to the Secretary as the result of their labors :-

PLANTS.

Greenhouse plants, collection of varieties at least one-half in bloom-1st prize, Duff Bros : 2nd, J Stanford. Greenhouse plants, best 12, distinct varie-

ties, at least one-half in bloom-1st prize, William Cooke; 2nd, Duff Bros: 3rd George Buddo.

Greenhouse plants, 6, distinct varieties, in bloom—1st prize, J Stanford; 2nd, George Buddo; 3rd, W O'Hara.

Greenhouse plants, 3, distinct varieties, in bloom-1st prize, J Stanford; 2nd, Duff Bros; 3rd, Wm B Davidson. Stove plants, 6 in bloom, distinct varieties

-lst prize, Wm Sprigings. Stove plants, 6 foliage, distinct varieties-1st prize, George Buddo; 2nd, Duff Bros; 3rd, G Morris.

Begonias, 2 in bloom, distinct varieties-1st prize, William Sprigings; 2nd, W B Davidson; 3rd, J Stanford.

Begonias, 2 foliage, distinct varieties-1st, William Sprigings; 2nd, George Buddo; 3rd, W B Davidson. Begonias, bulbous, 2 in bloom-1st prize,

John Stanford; 2nd, W B Davidson; 3rd, Wm Sprigings. Geraniums zonale, 12 distinct varieties-1st prize, John Stanford; 2nd Wm Sprig-

Geraniums zonale, 6, distinct varieties-1st prize, John Stanford; 2nd, Wm O'Hara; 3rd,

Apples, best and largest collection open to the Province of Quebec, must be exhibited by the grower, 5 specimens of such variety-lst,

G B Edwards.

Report of the fruit judges .- They consider the exhibition highly creditable to this portion of the country, and, in some respects, excellent. The exhibit of pears is good, and should incite more extensive cultivation. Apple productions show to marked advantage. notable among the goods being the Fameuse, Pomme Gris and Alexander. Grapes under glass are of a really superior class, reflecting much credit to those engaged in their cultivation. The out-door exhibit of the industry did not show to good advantage, consequent on the coolness of the weather. It was to be regretted that a class known as the "Champion," reported to be of superior quality and grown in the district of "Beaconsfield," did not form an item of the exhibit. Special attention is also called to the fine plum specimens; also a

The judges, in concluding, remarked on the desirability of properly naming the different exhibits, especially apple productions. Some fine seedlings were also exhibited, but could not be adjudged until they reached a perfected form. We, the judges, are therefore unable to make any special report of the

worthy display of peaches, nectarines, &c.

CETEWAYO CAPTURED.

LONDON, September 17 .- A despatch from Cape Town brings news of the capture of King Cetewayo by Col. Barrow, 28th of August. Since it began, the pursuit of Cete-wayo was continued without intermission. Some days before his capture, he disbanded his followers and secreted himself in the bush. The British, under Col. Barrow, pursued him from kraal to kraal, burning the kraals as Cetewayo and his constantly diminishing followers fled before them. The capture was finally made by surrounding him in the bush with a detachment of troops, and threatening to shoot him if he refused to surrender at once. He was alone, and made no resistance. Sir Garnet Wolseley's policy of distributing Cetewayo's broken power among the chiefs in Zululand is severely criticised in Badical circles as involving an entirely new organization of the country, and likely to lead to perilous complications. It is affirmed that it would have been much wiser on the part of the Home Government to instruct Sir Garnet to have granted such concessions as would have made the present dynasty a friend of the Crown instead of destroying it. England's entire South African policy before and during the war is characterized as both treacherous and foolish. What disposal will be made of Cetewayo's person has not yet transpired.

### Stephen J. Meany.

Counselor Stephen J. Meany, the well known Irish putriot, poet, litterateur und journalist, is home again among us, fresh and rubicund, and physically a splendid model for a Raphael picture, and mentally a subject for a philosopher's study. At the late election in Ireland for Home Rule he did yeoman's work. At our elections in October and November he will be, as ever, an oracle and orator in the great cause of civil, State and national Democracy. He is at Sweeney's, his old headquarters. His friends will hear from him occasionally in the Democrat .-- N. Y. Sunday Democrat.

# Chronic Diarrhees.

If costiveness be an evil to the human system, so is chronic looseness of the bowels. The sufferer finds that everything annoying the nerves produces this looseness. A sudden announcement of either evil or good news starts it. An indulgence of the appetite, which a well regulated stomach would not regard, brings on the complaint. Well cooked and badly prepared food are alike prejudicial. Wm Boyle; 2nd, James Jeffries, jr; 3rd, Wm In a word, the victim of chronic looseness is to be pitied and, if possible, relieved. But how? is the question. Drugs and compositions have been tried and given up as helpless. There is a remedy now offered in the shape of DR. HERRICK'S SUGAR COATED PILLS, which has been tried for very many years with the happiest results. They attack the disease in cannot its citadel. They be "pooh-poohed" into disuse! They have stood the test of many years, and thousands know that they have wrought cures in their system which they never believed. They are for the healing of the nations!

> FOR COUGHS, COLDS AND BRON-CHITIS use ALLEN'S LUNG BALBAM, sold by all

Druggists the world over. Feliow's Syrup of Hypoyhosphites, by restoring strength to the nerves and muscles of the stomach cures dyspepsia, which is but the result of loss of nervous strength, followed by muscular relaxation.

DIARRHEA AND DYSENTERY are perhaps the most common of our everyday ills, and every person nearly has some special cure of their own. Ours is Perry Davis' Pain-Killer, and having used it for many years we can confidently recommend it.

THERE ARE MANY PERFUMES WHICH, WHEN applied to the handkerchief, Armour; 2nd, Wm O'Hara; 3rd, Thos Caver-have a very agreeable odor for a few moments Pears, collection, 3 varieties of each—1st and then die away leaving only a sickly, disagreeable smell. Not so with Murray & Lax-MAN'S FLORIDA WATER; the longer it is exposed the more delicate and delightful becomes its rich aroma.

GIVE ME SOUND REASONS FOR TAKING MEDICINE or I will not try it, says the rational invalid. This is fair and right. Assertion is not proof. In recommending BRISTOL'S SARBAPARILLA AND PILLS, therefore, as specifics for scrofula and all the types o ulcerous and eruptive disease, it is proper to remind the public that, for over one third of a century, they have been uniformly successful in cases of this kind.

Epps's Cocoa—Grateful and Comforting.

—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever these is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gasette. Sold only in packets labelled—"James Epps & Co., Homeopathic Chemists, London, England

Testimonial from Capt. Joshua Harper. SACKVILLE, N.B., Feb. 13, 1877.

J. H. Robinson, Esq., St. John, N.B. Dear Sir: - Early in October last I took a severe

Dear Sir:—Early in October last I took a severe cod, which settled on my lungs. After having a bad cough for about six weeks, I had a severe attack of bleeding from the lungs, while on a votage from Queenstown to Dover. I had daily spells of bleeding for some days, until I lost about two gallons of blood, and was so weak as to be scarcely able to stand. I put bnck to Queenstown, where I received such medical assistance as enabled me to get home.

I saw an adverti-ement of your Phosphorized Cod Liver Oil Emulsion in a paper. I immediately sert and gut a half dozon bottles, after taking which I feel myself a well man again. My weight, which was reduced to 120 pounds, is now up to my usus, standard of 152 pounds. Seeing what it has done for me, I can confidently recommend it to others officied with lung discases.

Yours very truly,

J.

Yours very truly,
(Signed.) JOSHUA HARPER,
of the barque "Mary Lowerison." Robinson's Phosporized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime is pre-pared solely by J. H. Robinson, Pharmacentical Chemist, St. John, N.B. For sale by Pruggists and General Dealers. Price \$1.00 per bottle; six bottles for \$500.

Lithogram.

# WONDERFUL INVENTION!

Jacob's Patent Lithogram, Patented July 16th, 1879.

Time, money and labor saved. Ten impressions per minute. Over fifty impressions from one working. No Press, Roller, Pad or But tery required. So simple a child can work it. Iavaluable to Official Assigness, Lawyers, Architects, Surveyors, Bankers, Merchants and others. Postal Card, Note, Letter and Legal sizes. Prices, \$2.50, \$5, \$7 and \$9 respectively. Arrangements will be made with the trade as quickly as possible.

ble. TRADE BEWARE.—An infringement of this Patent, sold under the style of the Uhromograph Flate, may be offered in the market. Aby person found offering such will be presented to the fullest extent of the law

# POND'S

PAIN DESTROYER and SPECIFIC FOR INFLAMMATION AND HEM-ORRHAGES.

Rheumatism, Neuralgia. No other preparation has cured so many cases of these distressing complaints as the Extract. Our Plaster is invaluable in these diseases, Lumbago, Painsin Back or Side, &c. Our Outment (60 conts) for use when removal of clothing is inconvenient, is a great help in relieving inflammatory cases.

Hemorrhages. Bleeding from the Lungs, Stomach, Nose, or from any cause, is speedily controlled and stopped. Our Nasal syringes (25 cents) and Inhalers (26,00) are great aids in arresting internal bleeding.

Diphtheria & Sore Throat.

Catarrin. The Extract is the only specific catarrin. The Extract is the only specific cate. Our "Catarrh Cure," specially prepared to meet serious cases, contains all the curative properties of the Extract; our Nasani Nyringe invaluable for use in catarrhal affections, is simple and unexpended. Sores, Ulcers, Wounds,

Sprains and Bruises. It is ing, cooling and cleansing. Use our Olintment in connection with the Extract 1 it will aid in healing, softening and in keeping out the air, Burns and Scalds. For allaying heat and pull it is unrivated, and abould be kept in every family ready for use in case of accidents. A dressing of our Ointment will aid in healing and proven

Inflamed or Sore Eyes.
It can be used without the slightest fear of herm, quickly allaying all inflammation and soreness without pain. Earache, Toothache and Faceache. When the Extract is used according to direc-

piles, its effect is simply wonderful.

Piles, It is the greatest known remedy: rapidly curring when other medicines have failed.

Pond's Extract Medicuted Paper for closet use, is a preventive against Chaing and Piles. Our Ontment is of great service where the removal of clothing is inconvenient.

For Broken Breast and Sore Nipples. The Extract is so cleanly and efficacious that mothers who have once used it will never be without it. Our ointment is the best emollient that can be applied. Female Complaints. No physician need be called in for the majority of female diseases if the \*xtruct be used. Full directions accompany each bottle.

CAUTION. Pond's Extract Has been imitated.
