ONE-TON TRUCK

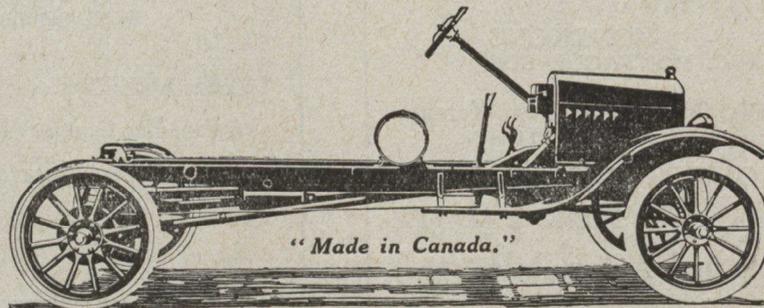

PRICE

\$750

F. O. B.

FORD, ONT.

Supplied as
chassis only

BUSINESS men everywhere who have hauling or delivering problems to consider—whether operating a wholesale business, a retail store, or a farm—will welcome the Ford One Ton Truck.

Heretofore, the Ford user who wanted to carry loads up to a ton found it necessary to get one of several special attachments or extensions which were on the market. Now the standard Ford truck is available—a car that can withstand the drudgeries of commercial use, and yet lacks superfluous weight, and is easily handled.

The truck differs from Ford passenger cars in that it is specially designed throughout in proper pattern and strength for heavy-duty service. It has a final drive of the worm-gear type, so that all gears are enclosed. Rear wheels are equipped with solid tires. Front tires are pneumatic. Standard Ford motor transmission and ignition.

The largest truck and automobile company in the British Empire, with an organization of more than 700 Canadian dealers stands back of every Ford truck purchased.
