

3. Each Contracting Party shall ensure that user charges that may be imposed by its competent charging authorities or bodies on the airlines of the other Contracting Party for the use of airport, aviation security and related facilities and services shall be just, reasonable, not unjustly discriminatory, and equitably apportioned among categories of users. The user charges shall be assessed on the airlines of the other Contracting Party on terms no less favourable than the most favourable terms available to any other airline at the time the charges are assessed.

4. Each Contracting Party shall ensure that user charges imposed under paragraph 3 on the airlines of the other Contracting Party reflect, but do not exceed, the full cost to the competent charging authorities or bodies of providing the appropriate airport, aviation security and related facilities and services at the airport or within the airport system. The charges may include a reasonable return on assets, after depreciation. Facilities and services for which charges are made shall be provided on an efficient and economic basis.

5. Each Contracting Party shall encourage consultations between the competent charging authorities or bodies in its territory and the airlines or their representative bodies using the services and facilities, and shall encourage the competent charging authorities or bodies and the airlines or their representative bodies to exchange the information necessary to permit an accurate review of the reasonableness of the charges in accordance with the principles of paragraphs 2, 3 and 4.

6. Each Contracting Party shall encourage the competent charging authorities to provide users with reasonable notice of any proposal for changes in user charges to enable users to express their views before changes are made.

7. A Contracting Party shall not be held, in dispute resolution procedures pursuant to Article 22 (Settlement of Disputes), to be in breach of a provision of this Article, unless (a) it fails to undertake a review of the charge or practice that is the subject of complaint by the other Contracting Party within a reasonable amount of time; or (b) following such a review it fails to take all steps within its power to remedy any charge or practice that is inconsistent with this Article.
