OFFICE OF THE PRESIDENT

OTTAWA June 28, 1932.

Sir Arthur Currie,
Principal,
McGill University,
Montreal, Que.

My dear Sir Arthur:

I regret exceedingly that I completely overlooked sending you a note regarding the grants made to Hibbert. He has received a series of grants from us beginning in 1929. The dates and amounts are as follows:

October 11, 1929	- \$700	-
March 15, 1930	- \$800	✓
March 19, 1931	- \$2,500	✓
March 15, 1932	- \$2,000	✓

Not paid to University by Dr. Hibbert

All of the above sums have been paid over to him, and he has approximately \$3,000 on hand, or at least he has not accounted to us for grants to that extent.

He asked for \$3,000 in March, 1932, and I was compelled to cut the amount down to \$2,000. As a matter of fact, I did the utmost for him I could, for we all regard his work as of considerable importance.

Sincerely yours, ✓

H.M. Tory
President.
