Dear Sir,

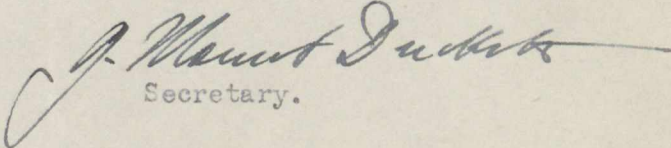

Many thanks for your letter of November the 17th.

On July the 29th I wrote to The Registrar of your University, asking him to be kind enough to let us know whether any information regarding "Licence de Culture" could be had. I received a reply dated September 8th, signed W. Bovey, stating that the letter was being forwarded to the University of Montreal. Towards the end of October I received my own original letter annotated by the Vice Rector of Montreal University as per the request of Mc Gill University. Therefore I acknowledged to both sources the reception of the information desired thanking for same, which probably was a little confusing.

Thanking you again for your kind intervention,

I remain,

Yours faithfully,

  
Secretary.
