GAS BYLAW IS CARRIED

National Company Gets Franchise to Do Business in the City.

HAMILTON, Oct. 6.—(Special.)—One eek ago last Tuesday a baby boy, comfortably clothed and provided with many necessities, was left in a basket on the front porch of the home of E. D. and Mrs. Marsaw at 166 Market street. Inside the basket was an ordinary postcard. The press was unable to secure a copy of the card, but the writer of the note asked Mr. and Mrs. Marsaw to take the child in and look after it. "It comes of respectable parents, both dead," the card continued, and concluded with the announcement that the recipients would hear more of the case within a week. Efforts by the detective department to locate the parents of the child have up to the present time, proved fruitless, and on Saturday night the infant was taken to a charitable institution.

The basket in which the child was found bore the name of A. Norman, grocer, 103 York street. Mr. Norman was interviewed by the authorities, and he said that about two weeks ago he sold the basket to a young man for 20 cents. The man was about 25 years of age, medium in height, clean-shaven, of a pinkish complexion, and dressed in gray. The grocer said he could identify him again.

Gas Bylaw Carries.

The bylaw to give a franchise to the National Gas Company to distribute and sell natural gas in Hamilton, was carried by a majority of 1607, with only 3749 wotes poiled.

Crime increases.

sell natural gas in Hamilton, was carried by a majority of 1607, with only 3749 votes poiled.

Crime Increases.

According to the annual report submitted by Governor Oglivie of the Barton Street Jail, crime is on the increase in Hamilton, and the cost of maintaining prisoners is also on the increase. Up to Sepl. 30 there were in all 1820 prisoners confined, being an increase of 502 over last year. The total cost of keeping up the Jail for the last year was \$10.575.55.

Contract Approved the approval of the Hydro department, announced this morning that he had received the approval of the Hydro Commission for the Guest contract for conduit work. Referring to the question of wages paid by the companily, the engineer said he had not had any word from the commission respecting this matter, but anticipated a reply in the near future.

Serious Charges

A mountain resident today made serious charges against the city in reference to the water supplied to that section on Sunday. He said it was unclean and unfit for drinking purposes.

The mountain water supply was cut off on Sunday owing to some repairs being made at the bech. When speaking of this occurrence this morning, a well known James street business man who resides in that district, had this to say. "I'm not a bit surprised that an epidemic of typroid fever exists on the mountain. Yesterday afternoon the little supply of water we had on hand at our house ran out. Shortly afterward the pressure was shu off and we were supplied—via the water wagon route. One passed my place and with a pall in hand it went out to get a portion. I got more than I bargained for, but not in the way I expected. The water was yery dirty and it went out to get a portion. I got more than I bargained for, but not in the way I expected. The water was on to the first of the force of the output of the output of the prizes will be left in the charge of the Ontrio Safety League. The league's representatives on the safety league were instructed to bring up the question of all vehicles carry-inten

WOMEN TO PRISON YUAN SHI KAI **GIRLS ARE FINED**

Mothers and Daughters From Stratford Found Guilty of Shoplifting.

JUDGE BROKE DOWN

Would Willingly Have Served Sentence for Women Were It Possible.

Despite a strenuous plea by T. C. oblnette, K.C., and his own deep notion, Judge Morgan, yesterday afternoon, sentenced two mothers to the Mercer for two months, and fined their daughters \$50, for shoplifting. His honor stated that he would gladly serve the sentence, for the women, were it possible, and his voice brokas he made his decision.

The two women were Mrs. Neil and Mrs. Hillman of Stratford. In the dock with them, stood their daughters and the evidence adduced showed that yesterday was elected president of the Chinese Republic. the four had come to the city and stolen valuable articles from one of the departmental stores.

Letters stating that the women were of good character were received from magistrates and prominent citizens of Stratford. They were exhibited by F. R. Blewett, a barrister from Strat-

morning, but a further remand of one wekk was asked by the crown.

License eFes

According to the License Act of 1913, in any city with a population exceeding 100,000 and less than 200,000, a hotelkeeper must pay a fee of \$1200 for a tavern and \$1600 for a liquor shop. At present the license fee is \$700 for both tavern and shop, and the decision as to whether they will be raised depends largely upon Hon. W. J. Hanna, provincial secretary.

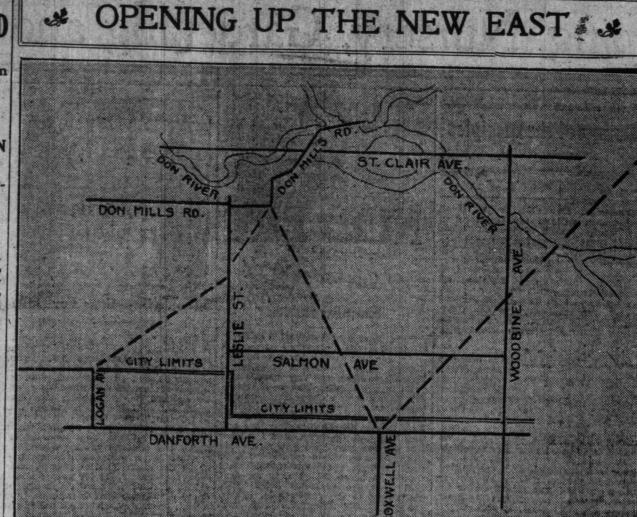

Heir to Fortune

According to despatches received here today, William Kett, 17 Magill street, is heir, along with others, to an estate in Englani valued at \$34,000,000. His mother, Mrs Nathan Kett, of Amhertsburg, Ont., is a direct decendant of the Spencers, to whom the estatle belongs, being a daughter of William Epencer. At first his honor sentenced the four to two months in the Mercer.

"Please don't send them to the Mercer." begged T. C. Robinette, rushing toward the bench with both hands outstretched. "If there is any sentence to be served, the daughters are willing to serve it. I would rather serve the term in jail. What these people have suffered cannot be told." Judge Morgan then conferred with Mr. Greer, crown attorney, and imposed a fine of \$50 in the case of the girls.

"My feelings are harrowed to do this, but I must protect the public. I have a wife and child, and would sooner go to jail than do what I have done," said the judge. At first his honor sentenced the four

Eastern Railroads Say That is What Proposed Schedule

MORE TO OPERATE

B (CHITEEN MILE (OV

Means. ARBITRATION PENDING

Trainmen Want to Penalize Lines for Taking Greater Risks.

NEW YORK, Oct 6,—(Can. Press.)
—It will cost the eastern railroads nearly \$18,000,000 more a year to operate if they are compelled to grant the wage demands of their 80,000 trainmen and conductors, according to testimony on behalf of the roads today before the federal board that is arbitrating the men's grievances under the Newland's act. The increases asked for represent a jump of 21 per cent. over the total wages now paid, according to John G. Walber, a vice-president's assistant on the Baltimora and Ohio.

"Taking into consideration of the consid

and Ohio.

"Taking into consideration all the agencies working in favor of the trainmen in these cases, should they be granted, the increases would approximately cost the railroads \$17,975,888 more a year than at present," said the

more a year than at present," said the witness.

Doubleheading Increases Hazard.

Doubleheading, which means drawing a train with two locomotives, a practice which the men, in presenting their case, held to be an important factor in increasing the hazards of railroading, was brought up by counsel for the roads today.

"The trainmen want to penalise the railroads for railroad risks and speed." commented A. H. Smith, senior vice-president of the New York Central lines.

Seth Low, chairman of the board, asked A. B. Garretson, representing the trainmen, whether the men would rather have doubleheading abolished or have salary increases. The men would prefer having doubleheading eliminated, Mr. Garretson replied. Lucius Sheppard, one of the arbitrators selected by the roads, said:

"All disputes between the trainmen and the railroads heretofore have found doubleheading a matter of contention. The railroads let it be known that the trainmen's objection to doubleheading was in a measure dictating the operating methods of the railroads. For this reason, this time, the trainmen are making first a plea for more money, giving the continuance of the practice of doubleheading as a reason for demanding more money."
