Ice Races This Winter Under Canadian Rules

The new Canadian National Trotting and Pacing Association is progressing satisfactorily. Besides the many provincial fair associations that have become affiliated, four big ice meetings will be conducted under Canadian rules this winter, as the Toronto and Dufferin Driving Clubs, Delorimier Park and the new Back River Club of Montreal, Eddie Baker secretary, have Joined. Ottawa is committed to American rules for this winter, but next year will join the Canadian. Secretary W. A. McCullough leaves today for Edmonton, Alta., on an invitation to attend an important meeting of the circuit stewards and fair managers of the western provinces. He hopes to have several harness horse organizations out there become members.

National Association Announces the Annual Crop of Prospects Picked Up.

SAN FRANCISCO, Cal., Nov. 9.—Many interesting details in connection with the professional baseball season of 1915 which, for many reasons, was non-productive of financial benefit to those most closely identified with the national game, were included in the annual raport of Secretary John H. Farrel, which he presented at the annual meeting of the National Association of Professional Baseball Leagues nere today.

A resume of the business transacted by the National Association during the year showed that forty minor league organizations, embracing 262 cities and iowns in the United States and Canada, qualified for membership in 1915, as compared with forty-four leagues, representing 300 towns and cities, in 1914. Ten of these leagues did not begin the season of 1915, and five of the thirty which started falled to complete their season's schedules. One of these was disqualified and the other four dropped out, their failure being attributed mainly to the unusually adverse weather conditions which prevalled in one league 165 fames were postponed on account of rain in a four months' playing season.

Five thousand four hundred and seventy-two players' contracts were received, recorded and promulgated by the association during the year. One thod-sand and three players were released by purchase out of two thousand eight huadred and forty reported to the office of the association during the were approved between National Association clubs. and thirty-nine optional agreements were expercised by National Association clubs. Six hundred and swentry players were reported for reinstatement. Seven draft-ed players were claimed under the waiver rule, and 738 disputed cases were adjusted by the association during the current year for drafted players, potional agreements players were feported for suspension, and 236 were reported for reinstatement. Seven drafted by the National League, and a similar number by the American League.
