## MINISTERS PREACHING ANYTHING BUT GOSPEL

Rev. Principal Forrest at General Assembly Condemns Themes Heard in Pulpit.

OTTAWA, June 7.—"In the name of the great King and Head of the Church," the 13th general assembly of the highest church court of the Presbyterians in Canada, opened this evening in Knox Presbyterian Church.

As was expected, Rev. Dr. R. P. Mackay of Toronto was elected moderator. Rev. Dr. James Ross of London withdrew and the choice of Dr. Mackay was made unanimous. Rev. Dr. Scott will now be in the honor next year.

That the honor might be given to a layman, but the retiring moderator pointed out that the rules required that the moderator be a clergyman.

The other feature of the evening was the address by the retiring moderator, Rev. Principal Forrest of Dalhousie University, Halifax. In a forceful sermon he emphasized the importance of pure gospel preaching and in no uncertain tones condemned the modern practice of many ministers preaching on political economy, sanitation and other questions on which too often they knew very little. The aids called in to make up for the weakness of the sermons, music, cantatas, solos with violin obbligato, etc., also came in for pointed criticism.

**The Only Theme.**

He said in part:

"Some may think that I am pessimistic, but I wish I could think the one theme in the whole of our pulpits is Jesus Christ and Him crucified. I know with many it is. But read the advertisements in the Saturday evening papers in many towns and cities and you will hear of men preaching on every kind of theme, sanitary, hygienic, political or economic, and often when the preacher has very imperfect ideas of the subjects he professes to deal with. Follow down the advertised sermons till you reach the region of absolute drift, inaccurate history, crude and ill-digested economy, sensational serio-comic attacks on sins of people far away, while the sins that stare up from every pew are quietly ignored, and think that this is done by ambassadors of Christ, and the very thought of it is humiliating.

"What do such preachers think? Have we not enough of this in the yellow journalism that comes into our homes from day to day without having it's trash palmed off in the church? Can we expect thinking men to come to the house of God for such stuff as this? Is it the message heaven has sent to dying men? We talk of our educated ministry. What education?"

## DARING HIGHWAY ROBBERY

Bulldog Brought Woe to Hearts of Butcher's Boy.

An amusing scene was witnessed yesterday afternoon on Dearbourn-avenue, when a boy delivering meat found he had a parcel to deliver across the street. Dropping his basket on the sidewalk to deliver the parcel, he found, on his return, that a bull dog had made off with the airlock. The boy started at a breakneck pace after the fast retreating canine. His friend from a neighboring store was also delivering eggs and meat on a bicycle near the scene.

Leaving his wheel on the curbstone to assist his friend, the wheel took a sudden fainting spell, with the result that the articles aforesaid were mixed with mire and the last scene of the incident was a very mongrel bulldog firmly clenching in its jaws an excellent beef steak, followed by two butcher boys, accompanied by sundry pupils of the Toronto public schools.

"What the church needs most of all to-day is the outpouring of the spirit of God upon its ministers and elders. Are we settling down into a sort of respectable professionalism, a kind of parade ground army, content with making a decent appearance in the statistical returns, strangers to the zeal and earnestness and devotion of the great Apostle?"

## CHARGED WITH ABDUCTION

A. J. King, Promoter, of Toronto, Arrested at Goderich.

A. J. King, well known Toronto mining and industrial promoter, who resides at the Waldorf Apartments, was arrested yesterday in Goderich, on a charge of abducting the son of a prominent citizen of that city.

King, so a despatch from Goderich states, was arrested with John Leopold Brodie and W. H. Thompson, of London, England, as representatives of the Salt King Co. They are credited with the statement that the company was about to establish a large plant at that town to manufacture salt by a new process. It is also reported that property was being acquired and orders given for the construction of buildings.

At the Waldorf Apartments last night, it was stated that the arrest was due to a misunderstanding.

## OPPOSE CIVIC SANITARIUM

National Association Say It Would Cause Overlapping.

The National Sanitarium Association are protesting against the adoption of the medical health officers' recommendation, that a municipal hospital be established for the treatment of consumption.

"We cannot see the necessity or desirability of doing this," said Secretary R. Dunstan, to the local board of health yesterday. "The hospitals at Weston and Muskoka can handle all the cases, and with a municipal institution there is bound to be a great deal of unnecessary overlapping."

"Well, as far as Toronto is concerned, the present sanitarium are only touching the fringe of the problem," replied Dr. Hastings. "There is not proper and sufficient attention being given to the fact that they were trying to raise a million dollar fund to establish a great sanitarium as a national memorial to King Edward VII."

## RECOMMENDED THE PURCHASE

Property Committee Want City to Buy Russell Farm.

The civic property committee have recommended to the city council that the farm on Yonge-st., owned by W. J. Russell, be purchased by the City of Toronto, for the purpose of a municipal industrial farm.

The city secured an option on this property some time ago for \$60,000, and it was visited this week by the property committee.

"I regard it as an exceptionally good piece," said Ald. McBride, when the matter came up for consideration yesterday.

The farm is twelve miles north of Bloort-st., on Yonge-st., on which it has a frontage of half a mile. The area is 275 acres, but 3 acres belong to the C.N.R. right-of-way, which runs thru the property. About ten acres are wooded.

About 700 children will be taken out.

The secretary of the league has issued a call to members for the loan of their cars, and response is being the largest yet held in Toronto.

## NEARLY RAN INTO CANAL

Chauffeur Discovered Bridge Was Open and Steered Into Post.

ST. CATHARINES, June 7.—(Special.)—A large auto driven by W. Thompson of Paris, narrowly escaped plunging into the new canal at Queenston-street crossing. The car rounded a curve approaching the bridge at rapid rate, when it was discovered by the driver that the bridge was open. By applying the brakes and steering car into a near-by post, a most serious accident was avoided, but the machine was considerably damaged by the impact with the post, which was cut into, toppling over into the auto.

## CONGREGATIONAL UNION

Reports Submitted at Annual Meeting Show Satisfactory Progress.

KINGSTON, June 7.—(Special.)—This morning's session of the Congregational Union of Canada was taken up in selecting standing committees and receiving reports. The missionary report presented was most encouraging. The society is supporting forty missionaries and students, carrying on an aggressive campaign. A special evangelist was recommended for Swedish ports from the late George H. Hodge of Sherbrooke. It was reported that the co-operation committee had succeeded in consummating with other denominations an agreement for co-operation in home mission work.

Feeling reference was made to the death of Charles Gushion, whose influence was felt in all departments of the work. The mission society referred to the increase in finances since 1906 to 1910, from \$14,718 to \$39,835.

Rev. Dr. Garvie, representing the English Colonial Missionary Society, gave an address, in which he spoke of the interest England had in the work being done in Canada.
