Manager Kent of Toronto National Exhibition Predicts Big Year.

NEW ATTRACTIONS

Provincial and Federal Governments Making Unusual Production Displays.

A prediction that adverse weather alone will prevent the Canadian National Exhibition from beating its attendance record of one million is made by Manager John G. Kent. The he does not look for as large an American patronage as in previous years, owing to the transportation congestion across the line, he believes that any falling off on that account will be more than made up by in-creased attendance from both the rural and urban population at home. The better war news is a strong facin Mr. Kent's calculations.

tor in Mr. Kent's calculations.

"A year ago," he said, "the farmer was kept at home by the backward season and scarcity of help, but this year all that is changed. The labor shortage has been more than made up for by the splendid weather con-ditions and the early start the farmers got and the work on the farms is now far advanced, with the prospect of a very early harvest. This condition is reflected day by day in our mail, which is carrying more ins from country points regarding bits and prospects than I remem-

ber for years past.
"And if these inquiries are a fair basis to judge from," he continued, "there are going to be many additional farms equipped with machinery this year. Presumably the government's purchase of tractors has won many converts to the use of me-chanical aids to offset the shortage of man power, and the prospects are re will be a large number of farmers here planning to equip their with further labor-saving

## Kink in the Back

You bend over and can scarcely get straightened up again. This comes on you so suddenly you can't understand it.

This is lumbago. Like backache and rheumatism, it is the result of poisons in the blood. The kidneys are deranged, but the use of Dr. Chase's Kidney-Liver Pills will soon set them right. The pains and aches will disappear with the poisons when the kidneys do their work properly.

**BYE-ELECTION WRITS** 

HULL, CANADA

Writs were issued yesterday afternoon for the by-elections in two of the four ridings in the province whose members in the local legislature have either died or vacated their seats.

Nominations in Manitoulin and Lennox counties will take place on August 29, and elections, if more than one candidate is chosen, on October 24.

R. R. Gamey, member for Manitoulin, and T. G. Carscallen, M.L.A. for Lennox, died several months ago, and the seats have been vacant for nearly a year.

J. H. Fell, sheriff of Gore Bay, has been appointed returning officer for Manitoulin, and Gilbert L. Reid, regisars of deeds, of Napanee, for the riding of Lennox.

The two other seats are North the content of the wood fuel late next fall, but at present the farmer's sole attention is given to securing all the content of the wood to any man who would come in and do the cutting: he has not had a single response thus far.

## NO IMPROVEMENT IN COAL OUTLOOK

Even Expected Supplies of Wood May Not Be Forthcoming This Winter.

The success the city property deartment has made in handling the ocal coal situation has led to the suggestion that an official connected with that department be appointed successor to R. C. Harris, who has tendered his resignation as honorary fuel commissioner for Ontario. The experience gained during the last three or four winters when the coal scarcity was so acute would, it hought, be invaluable.

Meanwhile there is no improvement in the outlook for an adequate supply of coal and the announcement of the United States fuel administrator that Canadian imports of soft coal from the Clearfield district would be curtailed 50 per cent. is anything bu: reassuring.

assuring.

Hardwood is Scarce.

The prospects of securing a supply of hardwood are also not encouraging. In Peel County, for instance, a good quantity of fuel wood was cut last winter for home use. It is stated now that the amount available for sale to townspeople will be negligible. A few weeks age, a farmer 17 miles from Toronto purchased two carloads of cordwood at \$10.50 a cord fo.b. and cordwood at \$10.50 a cord f.o.b. and the net cos: delivered in his own farm FOR FOUR RIDINGS yard was \$12.50 a cord.
