WERE POTENT FORCE

Bishop Nicholson Says Meth-
odists Helped Make United
States Fight.

Bishop Nicholson of Chicago told the Toronto Methodist Conference at Elm Street Church yesterday that the Methodist pulpits of the United States were a potent factor in getting the United States into the war. The whole which swallowed Jonah was the first submarine. It sent Jonah where it was his duty to go. The Hun submarine did the same thing for Uncle Sam.

Two million dollars arrears of salaries due the Methodist preachers of Canada, owing to annual deficits by congregations since Methodist union in 1884, according to the official statement of Rev. R. J. D. Simpson, the new treasurer of the superannuation fund.

Rev. Dr. J. A. Macdonald, Presbyterian, addressed the conference on church union. He declared that "a brotherhood of nations is the only thing that will save the world from hell, and unless we Christianize our politics we are doomed."

Rev. E. N. Baker, who has been in the ministry for 49 years, reported great prosperity at Albert College, Belleville.

Addresses in support of the campaign to raise eight million dollars for Canadian Methodist mission funds during the next five years were given by Rev. J. H. Armp and A. E. Ames.

Hot Shot From Laymen.
Hot shot was fired at the ministers by some aggressive lay delegates leaving the preaching of the gospel to step into the various general secretariates.

Spirited replies were made declaring that the general secretaries preached the gospel just as much as when in the regular ministry. A motion condemning the appointment of ministers as secretaries was voted down.

Rev. Frank Langford, the new Sunday school secretary, presented plans for the extension of religious education, especially by holding Methodist young people's summer conferences. A reception service, addressed by the probationers who are to be ordained on Sunday morning, was held last night.

TRUCK FULL OF BRICKS STRUCK BY LOCOMOTIVE

A thousand bricks, a miraculous escape from instant death, a horrible mess of what was once a fine specimen of a Gray-Dort motor truck, and a reception service, addressed by the probationers who are to be ordained on Sunday morning, was held last night.

Josh Secombe was towing the Gray-Dort car, plus a thousand bricks, to the brick company nearby. R. G. Summers of Danforth was on the Gray-Dort. The local was traveling at a moderate speed west when it collided with the car carrying a thousand bricks. Summers jumped off a few seconds before the engine struck the car, and escaped uninjured. The car itself, however, with its ton of bricks, was shot high into the air and landed nearly a hundred feet to the other side of the crossing.

J. R. Secombe, whose man was driving the car which was towing the Gray-Dort over the crossing, stated that his man heard no warning whistle from the approaching train.

Mr. Colquhoun, of the city solicitor's department, who leaves for England on Monday, states that there is a possibility that the Queen street bridge case will not come before the privy council.

"I have heard from my agents in London that this case has not been filed with the privy council yet," he said.

The De La Salle Cadets, who won the cup at the Canadian National Exhibition two years ago, have been asked to compete for the King's cup at this year's Exhibition.

ADMIRAL INSPECTS BUDDING SEAMEN

Boys' Naval Brigade Show
Their Prowess to Admiral
Kingsmill.

Over 200 boys of the Boys' Naval Brigade assembled at the whar at the foot of York street, last evening, for inspection by Admiral Kingsmill, K.C.B., who, besides examining the equipment, also made the rounds of the training ship, Commodore Jarvis, which is moored at the wharves.

The admiral was given an ocular example of the excellent progress made by the boys in their training to fit the call of the sea, and was much impressed by the capable manner in which the youths could pull an oar, and also their efficiency in the use of firearms.

Immediately upon Admiral Kingsmill's arrival at the ship, he was received by Commanding Officer H. Stewart, and other officers, of the ship's crew. The admiral was accompanied by his Flag-Lieutenant, Mr. Macrae, Boys' Brigade, and was warmly greeted by Commodore Asmus, Jarvis, S.S.D., H. H. Macrae, Boys' Brigade, and Messrs. Kennedy, Lount and Archer, committee of the Boys' Naval Brigade.

All in Good Order.
The guard, with rifles, and the Boys' Naval Brigade Band were formed up on the wharves for inspection by the admiral, and moved through the ranks, asking questions and making suggestions where necessary.

Later he made a tour of the ship, in the company of the committee and ship's officers, and proclaimed everything in good order. From the deck he witnessed the capable manner in which the boys handled the 24-foot yawl boats, equipped with ten oars.

Before departing, the boys were all lined up in a hollow square in the centre of which stood the admiral. He outlined for their benefit the traditions of the British navy and its wonderful work in the great war.

The admiral departed from the city last night, following the inspection.

RUN ON LIBRARIES EVER ON INCREASE

At the meeting of the library board held at the Reference Library yesterday afternoon, the report of Dr. Locke, chief librarian, gave the rate at which books were taken out from the various branches during the past month, and on the whole reports showed that the Toronto public is becoming more and more a reading community.

The report included an increase of 4000 calls for books over the preceding month, when there were 20,000 at College street; High Park had an increase of 1000; Church street an increase of 1800; Earlscourt 1500; Queen and Lisgar an increase of 1300. The majority of the branches had the same story of increased circulation.

Other business was the discussion of the two proposed new libraries, for which new sites and equipment have to be arranged, and the acceptance of the resignations of two members of the staff.

SIMPSON WELCOME PICNIC

FORCE COMMISSION TO RESIGN OFFICE?

Toronto Housing Commission
Not Favored by Returned Men.

Complaints against the alleged arbitrary ruling of the Toronto housing commission, that prospective purchasers of houses pay 10 per cent. down, be they civilian or soldier citizens, are being received every day from practically every returned soldier's organization in the city.

Opinion among veterans, as expressed yesterday in interviews held with the World, was strong that unless the commission could assume a less indifferent attitude its resignation would inevitably follow the stress of feeling now upon its shoulders. Parkdale members of the commission, as at present constituted, did not unanimously favor the report of the commission. West Toronto G.W.V.A. executive has recommended direct opposition to the report. Riverdale G.W.V.A. officials have received many complaints from individual members respecting the ruling of the board and the consequent difficulty of procuring the homes desired, and is expected to make strong recommendations against the commission. The G.A.C. is up in arms against the commission as at present constituted, and practically every returned men's organization is lined up to fight the issue. Many men pointed out yesterday that conditions were becoming more and more intolerable.

NO OTHER COURSE OPEN BUT TO RESIGN POST

Colonel F. W. Marlowe, the veteran ex-army director of medical services, stated to the press yesterday that Dr. McKelvey Bell, hedged in as he was by a political compromise arising out of his dispute between the military hospital commission and the militia, had no recourse as a sane, independent man but to resign. Deprived of the individual initiative by virtue of the general administrative of the soldiers' civil re-establishment, the proficiency and experience of Dr. Bell had been sadly neglected, said Colonel Marlowe.

In the meantime the rank and file of the returned soldiers are urging a reconsideration of the resignations of both Dr. Bell and Dr. Ryan.

The Veterans' League has expressed resentment against the attitude of the Repatriation League in refusing to grant an appropriation from the funds garnered in the recent Big Four Drive.

The league comprises the Army and Navy Veterans' Association of Canada, His Majesty's Army and Navy Veterans' Association, the G.A.C. and the Repatriation League. The representatives of these associations resent what they term discrimination by the Repatriation League in favor of individual associations.

PROF. HAULTAIN RESIGNS

August—Invited by C.N.E.
and Mayor Church.

Official invitation to this effect was received thru Washington yesterday afternoon by the Canadian National Exhibition, but no details of the tour have as yet been announced. He is coming to America to personally thank the allies on this side of the ocean for their part in the war, and it is understood that his itinerary will include a visit to Canada.

General Manager Kent and the board of directors of the exhibition have sent an invitation thru the Belgian High Commission and the British embassy, to the ruler of the Belgians to visit the exhibition and Mayor Church will be asked to supplement this with an official invitation to come to Toronto while the big fair is in progress.

On behalf of Rosmond Lillian Smith, four-year-old daughter, Lillian Rosmond Reid, the mother yesterday changed the name of the child and heirs by renouncing the surname of Smith and adopting Reid.

SUGGESTS ELECTRICITY FOR CITY RAILWAYS

The remedy which Property Commissioner Chisholm proposes for the smoke nuisance which prevails on account of puffing locomotives is the electrification of all railway coming into the city. Riverdale, it is pointed out, has been a particular sufferer in this respect.

A test case, it is stated, will be instituted next week to see if the city smoke bylaw cannot be enforced against the company for operating locomotives that belch dense smoke for a period of more than six minutes in any one hour.

PAY LAST TRIBUTE TO LT.-COL. WINDEYER

Over one hundred men of the 74th Battalion gathered in St. James' Cathedral Thursday to pay their last tribute to their late commander, Lieut.-Col. R. C. Windeyer. The interment took place at St. James' Cemetery in a quiet, simple way, without military honors, according to the wishes of the deceased.

Sr. J. A. Turnbull conducted the service, and General Gunn and a number of officers from headquarters staff were present.

The pallbearers were: Major Hedges, Major O. Heron, Lieut.-Col. W. Cowan, J. A. Marriott, J. Bruenner and D. B. Donaldson.

CHOOSING ENUMERATORS FOR LIQUOR REFERENDUM

The Toronto members of the legislature had a conference yesterday with the Hon. I. B. Lucas, attorney-general, regarding the enumerators for the referendum on the liquor question in the fall. They are to report back their suggestions for these enumerators early in the week. It is expected that similar steps will be taken in some of the other large cities shortly. It is regarded as likely that the lists for the referendum will be used at the next provincial election.

TO DECIDE T. S. R. SHARE IN DON BRIDGE

According to information at the legal department at the city hall, the Don bridge case is likely to go over to the autumn session of the judicial committee of the privy council. The matter involves the liability of the Toronto Railway Company to pay \$80,000 as its share of the cost of constructing the Queen street high level bridge over the Don. The point is whether or not the Dominion railway commission has jurisdiction over an electric railway.

T. S. R. MUST PAY SHARE IN DON BRIDGE

In a judgment handed down at Osgoode Hall yesterday, the appellate division dismissed the appeal of the Toronto Railway Company against the judgment given by Judge Winchester for \$700 in favor of James Clarke, the son of the people with whom Mr. Parsons lives. The case arose out of a collision between a motor car and a street car, and the original claim was for \$1000.

MANY VACANT HOUSES IN WARD EIGHT, ONE AND SEVEN, AC

According to figures presented by the assessors in May, there were 565 vacant houses, the numbers, respectively, being 310, 120 and 135. This, however, as is well known with the housing situation so acute, does not represent a surplus over demand, the chief reasons for these unoccupied dwellings apparently being that they are for sale or the rents are too high for the people who are after accommodation. It has been found that on account of the scarcity and the high rentals, a great many houses have been sub-let.

"I Wonder If It Would Help Me"

"NEARLY every place I go I hear someone talking about Dr. Chase's Nerve Food. My friends advise me to try it, and yet I never have."

"I wonder why."
"Perhaps it is because I have suffered so much from nervous trouble and found so little benefit from the use of medicine."

"But they tell me that the Nerve Food is different. They say that it is not a mere relief from pain, but a restorative treatment, which will build up the depleted nerve cells and make me well and strong again."

"Goodness knows I have suffered enough from headaches, sleeplessness, hysteria and dread of the future. I want to get away from all this."

"Why cannot I enjoy life like other people do? Perhaps I have not tried to

get well. Perhaps I have been discouraged, and thought there was no use trying."

"Well, I am going to begin trying right now, and Dr. Chase's Nerve Food will have a thorough test in my case."

"The future has been all black to me. I have thought at times that I would lose my mind. But while I have been suffering and worrying others have been cured, and I can now see my mistake."

"If Dr. Chase ever had a faithful patient I shall be one, and believe that his Nerve Food will do for me what it has done for so many thousands of others."

Dr. Chase's Nerve Food, 50c a box, 6 for \$2.75, all dealers, or Edmondson, Bates & Co., Limited, Toronto. The portrait and signature of A. W. Chase, M.D., are on every box of his medicines.
