Alexander MacGregor, the chairman chosen by the depositors, summarized the work done for the depositors during the past year, showing that of the \$14,331.25 proved claims, \$7172, or over 50 per cent. of the estate's debts (including all wage claims and other preferred claims and including the mortgage against estate's property, and the claim of the Standard Chemical Company against the estate's wood) has been worked out at a cost of less than 20 per cent. of the debts paid. After fully considering the question of cost and cutting and delivery of the estate's standing wood to its depositors, it was unanimously decided to sell the balance of the estate's assets, as \$2000. K. Byrne, better known as the "Ten
Million Dollar Preacher," refused to
support his wife and the mother of
his son, who was practically living on
the charity of the city of Hamilton,

taken against them. Mr. Byrne has
instructed his lawyer, D. L. Sinclair,
303 Temple Building, to take action
in the event of these publication not
correcting the impression they have
conveyed thru their columns. They
will be given a period of four days
to make the correction. Included
among the Toronto publications appears the name of Jack Canuck, who
intimates in its last issue that Mr.
Byrne's son was born out of wedlock.

Marriage Declared Vo.d.

When interviewed by The World
yesterday, Mr. Byrne stated that the
marriage between him and his supshosed wife (nee Sarah Benner) was
declared illegal by the authorities in
Hamilton because she was the legal
wife of Philip Rousch, who was living. He stated that he had made the
acquaintance of Mrs. Rousch in Hamilton in November, 1893, and that she
had posed as a widow. They became
married in the following year. After
the birth of a child, Mr. Byrne learned that the husband of the woman
he had married was st.ll living, and
he immedately took proceedings to
have the marriage declared null and
void, and a case of bigamy was found
on the part of Mrs. Rousch. Because have the marriage declared null and void, and a case of bigamy was found on the part of Mrs. Rousch. Because of this there was no legal binding on the part of Mr. Byrne, compelling him to support the woman. The real husband was arrested in Buffalo in 1891 and charged with bigamy, as he had been married while still being the lawful husband of Sarah Benner. Mr. Byrne's contention is seemingly borne out by a court statement in his possession relative to the trial.
