

## PIERCED RIOT IN BELFAST GO GO TO THE HOSPITAL

Half of the Injured Are Soldiers  
—The Strikers Are Aggressive.

BELFAST, Aug. 12.—The wrecked condition of the streets and houses in the Falls and Grosvenor districts of this city testify to the severity of rioting, which occurred last night. Hardly a window or street lamp remains intact, while doors have been smashed in by the heavy stones hurled by the strikers at the advancing cavalry, and the street pavement is torn up on all sides, having served the rioters with missiles. There were no fatalities, but over 20 persons, about equally divided among the troops and rioters, are being treated in the hospitals for severe injuries.

## TURCO-PERSIAN INCIDENT.

Influence of Foreign Powers Causes Porte to Investigate.

CONSTANTINOPLE, Aug. 12.—Thanks to the influence of the British and Russian ambassadors, and the representations of the Persian ambassador here, there seems to be a prospect for a satisfactory settlement of the Turco-Persian incident. The Porte has instructed the Turkish commander at Bagdad to stop all forward movement of troops, and has despatched frontier commissioners to the scene to make inquiry as to responsibility for the incident.

**New Trade Paper.**  
H. Gagner, Limited, publishers of numerous trade journals, announce a new periodical, "Construction," which will be published "for the promotion of the building and engineering interests of Canada." The magazine will be conducted by Ivan S. Macdonald, a well-known Canadian pressman, who has travelled extensively in the United States, and who for the past four years has been engaged in work directly in line with the new publication.

"Construction" is designed to give to Canadian architects and builders an up-to-date technical paper published in Canada and there will be various departments devoted to plumbing and heating, concrete construction, painting and decorating and kindred subjects. The first number will issue about Sept. 15. It will contain seventy pages handsomely printed and illustrated, and the leading article of general interest to Toronto will discuss the present tenements in "the Ward." "Construction" will aim to notice all important architectural and building work done and projected in Toronto, and to encourage and stimulate building hereafter in accordance with the new building by-law.

This publication will fill a long felt want in Canada, and, under Mr. Macdonald's management, it will deserve no doubt to receive a bountiful measure of success.

## FAVOR LIQUOR LICENSE.

Halleybury Club Members Vote For the Refreshments.

HAILEYBURY, Aug. 12.—(Special.)—A general meeting of the members of the Halleybury Club was held on Saturday night, at which a large number of local and visiting members were present. The question as to whether the members did or did not approve of the continuance of the charter, recently granted to the club, entitling it to the privilege of furnishing its members with liquor, was discussed. The continuance of the license met with the approval of every member present, with the exception of the Rev. Mr. Donnell, who has been actively opposing the license, largely on the ground that it was not desired by the members. This decision ought finally to settle the question and dispose of the only reasonable argument which could have been raised against the granting of the license.

## DESERTED BY MINISTER.

Notorious Rogue Leaves Pretty Floretta Whaley to Her Ruin.

NEW YORK, Aug. 12.—According to news which has reached Hempstead the awakening has speedily come to Miss Floretta Whaley, the 17-year-old girl, who eloped on April 29 with her guardian, the Rev. Jere Knobe Cooke, who was pastor of St. George's Episcopal Church, at Hempstead.

Miss Whaley, it is stated, had been deserted by the unscrupulous minister, and is reported to be in a sanitarium in Canada, a nervous wreck. The whereabouts of Cooke has not been learned.

## MOTHER WOUNDED BY BABY.

Swinging a stick at his play, the little son of Mrs. L. Webster, 519 Seigneur-street, Montreal, struck his mother a blow over the eye, inflicting a nasty gash. Inflammation followed, and the wound looked very ugly, when a box of Zam-Buk was obtained. "The pain was soothed almost instantly the balm was put on," says Mrs. Webster, "and healing commenced. In four or five days the wound was closed, the inflammation gone, and there was only a faint red line showing where the gash had been. Even this mark is now gone. Zam-Buk is such a wonderful healer it should be in every home where there are children."

Zam-Buk is made from concentrated herbal essences, and suits the tenderest skin. Cures eruptions, heat spots, ulcers, ringworm, eczema, piles, chafed places, sore feet. It takes the pain from a sting or burn, cools sunburn patches, and makes red, rough skin smooth and velvet. Excellent for children's tender skin.

All stores and druggists, fifty cents a box, or Zam-Buk Co., Toronto, for price. Three for dollar twenty-five.

## English Preacher Here.

Rev. Dr. John Haslam, principal of New College, Harrogate, England, was in the city yesterday for a few hours, coming from Hamilton, where he preached on Sunday.

Rev. Mr. Haslam is one of the foremost leaders in the Baptist Church in England, and is a brother of Sir Robert Haslam, M.P.

He left yesterday for Pittsburgh, Pa., to visit his son, and will spend a couple of weeks in other parts of the United States before returning to England.

## FOURTEEN DAYS MORE AND EXHIBITION OPENS

New Buildings Will Be Completed and Everything Looks Promising.

Two weeks from to-day the 29th annual exhibition will be opened by his excellency the governor-general, who is expected to arrive on Tuesday morning, and to open the exhibition at 2 o'clock the same afternoon. He will be the guest of the lieutenant-governor, and on Wednesday will again visit the exhibition, here he will review the Boys' Brigade of the city, and prizes given by the association will be awarded the best drilled company. Everything at the grounds is well advanced towards readiness, an extra force has been put upon the work of flooring the basement of the new grand stand, which Engineer Smith says will certainly be in readiness for the reception of carriage and harness exhibits. The horticultural building is practically new ready for occupancy, while the railway exhibits building, although not so far advanced as the others, having commenced a good deal later, will yet be ready for occupancy. Altogether, some extra speed has been given by the contractors on these buildings, and the supervision of Architect Gouinlock.

Poultry and pet stock entries close at the city hall offices to-morrow. Aid Chisholm is chairman of the poultry and pet stock committee, and is taking a great deal of interest in the forthcoming exhibition. He says that the arrangements this year will be found far more complete and convenient than in previous years, the poultry and pet stock having been accommodated in separate buildings.

Entries for the trials of speed and for the dogs close at the offices on Thursday. So far a number of entries have been received for the dogs, but the same cannot be said for the cats, although many entries have been promised. King Palmetto Compound is not an extra good display. One gentleman in the city has offered to give ten special prizes to the winner of a school children, the idea being to encourage the children in the love of domestic pets. Entries for the cats close on Saturday.

Dr. Orr, manager of the exhibition, yesterday received a letter from Geo. E. Poston, champion long distance runner, of Quebec, asking that the executive would arrange to have a long distance foot race, as he would like to come up against the "cracks" of Ontario. The executive have the matter under consideration.

On the first Saturday of the exhibition a series of bicycle races are to be run, under the auspices of the Canadian Wheelmen's Association. Another feature of the program for that day will be an automobile gymkhana and relay race. The relay race will be a novelty, but its success is already assured by the promise of a number of present owners of machines to take part.

Horses in the breeding classes in every department will be a long way ahead of last year, especially in the breds, an extra good exhibition of which type is expected. Mr. Robert Davies of Thorncliffe has entered very largely, his entry including three robed yearling fillies which he bought on his just completed visit to England, as well as nine Oldenbreds recently purchased in Scotland. Mr. Davies' entry of horses totals near half a hundred.

Will You Join the Happy, Joyful Throng?

It is delightful to travel to Muskoka and the Grand of the Muskoka, leaving Union Station at 11:30 a.m. The train always has a goodly number of merry passengers, who know the best way to the lakes. With this assurance, accompanied with comfort and picturesque scenery, it tends to make the journey a happy, joyful throng. When you arrive at Muskoka Wharf and see the fine steamers awaiting to take you to your favorite haunts, you will feel satisfied that you have traveled "the proper way." Call at Grand Trunk City Office, corner King and Yonge-streets, for tickets and illustrated literature with maps.

**Protection From Japs.**  
SAN FRANCISCO, Aug. 12.—Private advices received from the cruiser Buffalo, which left here two weeks ago, state that it steamed away from the navy yard last week under telegraphic orders from Washington to protect American interests at Peihlof Island from the poaching depredations of the Japanese, which have been persistently carried on of late.

**Bay of Quinte Conservatives.**  
The Conservatives of the Bay of Quinte district, including East and West Hastings, East Northumberland, East Peterborough, Prince Edward and Lennox, and Addington, will meet at Belleville on the 14th to organize the district.

CITY GETS ONE-FIFTH.

Big Street Railway Earnings Aid in Swelling Civic Coffers.

The city treasurer yesterday received from the street railway a cheque for \$46,970.15, being the city's share of the gross receipts of the company for July. As the receipts for the present year have exceeded \$5,000,000, being \$22,466 more than that amount, the city is now, by the agreement, entitled to 20 per cent. of the gross receipts.

The remarkable increases in receipts and city's percentage during the last five years are shown in the following table:

	July, 1907	.....	\$305,645.50	\$46,970.15
July, 1906	.....	\$271,217.40	40,882.62	
July, 1905	.....	242,898.80	36,434.79	
July, 1904	.....	212,854.20	29,555.53	
July, 1903	.....	196,921.93	23,522.59	
July, 1902	.....	182,042.93	17,616.60	

## A FOGGY BRAIN

Is usually the direct result of a clogged liver, and accompanying this is a disordered digestion, unstrung nerves and general lassitude. Eliminate the waste products of the body and enable the liver and kidneys to perform their proper functions and the entire system will resume its normal condition. King Palmetto Compound is not a secret, but is published plainly on the wrapper. If in doubt show it to your doctor. One dose a day is all that is required and the first dose will give you proof of its virtues: sick-headache, drowsiness, and general nervous breakdown respond immediately to its curative properties. Rheumatism and all nervous disorders quickly disappear when their cause is removed. King Palmetto Compound is not an experiment, but a scientifically demonstrated success. Give it a trial. Write for a free trial bottle to the King Palmetto Company, Bridgeburg, Ontario.

Sold and guaranteed by Burgess-Powell Co., 18 Yonge-street, Toronto.

## ARE YOU IN THE RUT?

## IF YOU ARE NOT, WE HAVE A GOOD JOB OPEN FOR YOU

What kind of a man are you?

Has your teaching been at fault or are you familiar with all the new loose leaf systems and modern office devices which are used by up-to-date business houses?

The directors of Business Systems, Limited, who are closely in touch with business houses all over the country where modern methods have been installed, are continually being asked to recommend competent office men.

This gave them an idea, and the result is that arrangements were made for the opening of Business Systems Commercial School.

Business Systems Commercial School teaches practical methods such as are actually in use in commercial houses, instructing only by expert teachers who have had practical business experience and aiming at the highest standards of education.

Business Systems Commercial School teaches retail as well as wholesale business methods, and for those now occupying positions and who desire to improve themselves, there are special night courses.

Inasmuch as the directors of the school are now in demand by the largest business houses in the country, to devise new systems and improve present accounting methods, every student has an opportunity to thoroughly acquaint himself with the latest improved systems and most modern office devices.

By this it is not meant that the work of Business Systems Commercial School is confined to the forms manufactured by Business Systems, Limited. The course includes all modern accounting ideas, going into the matter so thoroughly that every graduate is capable of filling the best positions.

And the men who fill the best positions are the men who draw the largest salaries.

Is that the kind of a position you want to fit yourself for, and is that the kind of salary you want to draw? If so, write for further particulars and booklet on the courses. Fall term begins Tuesday, September 3rd.
