CLARA K. YOUNG AND "THE BEATTIES" AT MAJESTIC THEATRE

Excellent Bill for Today and Wednesday at Popular Playhouse.

Clara Kimball Young, regarded by many film fans as the most beautiful woman appearing in pictures, is being featured at the Majestic Theatre today and Wednesday in "The East is West."

This photoplay was adapted for screen presentation from Eugene Walter's famous story of the same name. It reveals in dramatic style the pitfall that beset the woman seeking a theatrical career.

The character of Laura Murdoch, the woman around whom the story revolves, is portrayed by Clara Kimball Young. Laura is an actress, whose disreputable husband has deserted her without a protector. She tries to make her own way, but fails, until Brockton, a wealthy and influential man of the world, uses his position in her behalf. Brockton expects the customary reward

for such service. Laura falls in love with a comparatively poor man and breaks with Brockton. She promises to wait until her lover can marry her, but finding herself again alone in New York, is unable to get along without Brockton's help. The lover strikes gold, comes east, and discovers the situation, leading to a tremendous dramatic finale.

This photoplay is without a doubt the triumph of Clara Kimball Young's career.

In vaudeville the Dancing Beatties, a trio of high-class artists, present the latest stage known to the terpsichorean art. As exponents of all kinds of dancing this trio is in a class by itself. In a whirlwind dance they close an act that was encored several times.

Dancers have been seen here before, but the Beatties are par excellence, and cannot be too highly recommended as specialists in their line. Baby Doll, the greatest child dancer in the world, is a feature of the act.

CHIEF'S ATTITUDE FORCING COMMITTEE TO ACT FOR ITSELF
And To Have Ignored Request For Recommendations.
MAY SUFFER SUSPENSION

Inquiry Board Must Make Some Report to No. 1 on Wednesday.

The probe into the fire department by the special committee of the city council daily grows more serious. It is difficult to learn just what is transpiring, but it is believed that by Wednesday night matters will reach a head.

Outside of the threat of the firemen to go on strike, the most serious phase of the situation is rapidly surging to the front. It concerns the position of Chief John Atkinson.

The chief has had many conferences with the committee. They have discussed at length the different complaints of the men. Many of these have impressed the members of the committee as being fair. It is said that many of them might have been remedied by the chief.

Suggestion Wanted.

There is also a tendency on the part of the committee to make suggestions as to any changes that may be made in their department. That suggestion is an idea in connection with the fire department was amply evidenced at the meeting of the board of control on Friday last, when the special committee recommended certain changes at the central fire hall. A couple of the controllers almost openly resented this interference with what they considered the duty of the chief.

It is said that with this end in view the committee has been making a study of the chief as strong as possible, the committee suggested to the chief that he should prepare certain recommendations in connection with the department and present them to the committee. It would consider them and recommend their adoption.

So far, the chief has failed to do this. The committee has waited for some time for them, but they have not been forthcoming. The chief has offered no explanation for the delay. It is said that the committee feels called upon to make some report on the matter on Wednesday night. Its report would have been the chief's recommendations.

He made them. However, a special meeting of the committee has now been called for tomorrow. It is believed that it is with the idea of preparing a report to present to No. 1 committee in lieu of the chief's recommendations.

May Suspend Chief.

If the committee is obliged to do this, it will practically mean that it has usurped a number of the powers of the chief of the fire department. It will place itself in a position to find fault with the chief of the department had been negligent of his duty. The committee is said to realize this and it is said that if it is forced to present such a report it will contain a clause recommending that the chief be suspended.

The attitude of the committee is said to be that if the chief will not carry out its suggestions which are paramount to orders, it will have to get someone who will.

Nothing further has been heard of Tom Tozer's departure. So far City Clerk Baker has not received any charges from him.

REV. R. W. NORWOOD CONDUCTS MEMORIAL SERVICE FOR LT. BRAY

Union memorial services for Lieut. Horace Bray were conducted in "Thames" by Rev. Robert Norwood of Philadelphia on Sunday evening.

Bray is a son of Rev. H. E. Bray, rector of Thamesford Anglican Church.

That Canada has suffered a distinct loss in the death of the young aviator is admitted by all who knew him," said Mr. Norwood in his address. "Lieut. Bray was a poet and a genius which would have won him a place among the gifted writers of Canada had he lived."

Brief messages of condolence were given during the evening by ministers of the other denominations in the town. Lieut. Bray enlisted about three years ago, after finishing his studies at the university. A brother Harold is at present serving in France.

C. E. KNOWLES BUYS JOHN HOWE BOOTHS

C. E. Knowles of this city has purchased the John Howe bathing pavilion and refreshment booths at Port Stanley beach, east of the cafe.

A previous report in The Advertiser stated that the concessions had been purchased by Allan Towe.

Mr. Knowles has a five-year lease on the premises, and will make many improvements to the buildings in order to give proper service to the public. The Advertiser was informed by the new proprietor that the alterations will be made at once.

POPULATION OF WARD 2 INCREASES BY OVER 100

Notably Small Number of Female Dogs in City.

The population of No. 2 ward has increased a little over one hundred during the past year, according to the report on the ward assessment prepared by Commissioner Grant.

The population of the ward this year is 9,658. Last year it was 9,516. The total assessment of the ward is made up as follows:

Land \$3,693,435; buildings \$4,183,315; business \$1,015,251; income \$655,669, or a total of \$9,347,669.

Children between the ages of 5 and 16 number 1,269, of whom 505 are males and 764 are females.

This is further evidence that dogs threaten to become extinct in the city. Wards 4, 3 and 2 have been covered, and out of 1,239 dogs, only 114 females have been found.

75,000 ARMED PEASANTS ARE MARCHING ON KIEV

WASHINGTON, July 29.—Seventy-five thousand armed peasants are marching on Kiev, capital of Ukraine, according to information received at the state department today from Stockholm.

Very serious unrest in the Ukraine and surrounding country was reported. It was also said that the Russian and Ukrainian peace delegates have been unable to agree upon details of the settlement between the two nations.

The Soviet Government at Moscow also was reported in the advice to leave expelled from the capital all relatives of the persons implicated in the murder of Count von Mirbach, German ambassador at Moscow.

NO SHOPMEN STRIKE COMING, STATES ONE OF G. T. R. OFFICIALS

W. D. Robb Confident On This Point.

DISCUSSES WAGE RISE

Thinks It Will Give the Men More Than They Expected.

That there will be no strike of the G. T. R. shopmen was confidently stated by W. D. Robb, vice-president of the motive and car department of the G. T. R. to The Advertiser on Saturday. Mr. Robb, accompanied by J. Coleman, superintendent of the car department, passed through the city to Montreal on his usual tour of inspection. The local car shops were visited, and everything was found quite satisfactory.

The amendments to the McAddo award will give the railwaymen more of an increase than they at first anticipated. Mr. Robb thinks the new settlement which was in conference with the Canada war board at Montreal, he says, has been indefinitely adjourned. The increase in wages means that several more millions of dollars will be distributed by the G. T. R. in wages this year in Canada than were paid out formerly. This is a big item for his road to consider.

Freight Rates.

That the freight rates have been too low for some time, and have not kept pace with the increases in the cost of materials, is one of the complaints of the road, he thinks. Any direct connection between the freight rates and the wage schedules he would not admit. It is learned from a reliable source, however, that the increase in wages will not be paid until the increase in freight rates has been put in force. This is stated by several railroad men of authority.

The local G. T. R. shopmen are expecting the increase to date from July 1, the date of expiration of the old agreement. No definite word relating to the increase has been received at the shops yet, it is understood.

Waiting Not Popular.

It is said to be unlikely that the men will care to wait for the enforcement of the freight increases before receiving new wage schedule, but this is practically what the officials intend to do.

That the railroads are actually unable to pay out the wages called for under the new schedule before the revenue is boosted in some way is the opinion of some officials who are in a position to know.

It is thought that the new freight rates will provide the necessary cash. Mr. Robb declined to say whether the shortage of coal now is due to a lack of transportation facilities, as some coal dealers assert.

Mr. Robb and party arrived in the city about noon, and left for the east at 4:40 p.m.
