NOVEMBER 18 1909 THE TORONTO WORLD THURSDAY MORNING **COBALT---Market for Mining Shares Generally Dull and Easier---COBALT** PAINKILLER LAKE GOLD MINING CO. BRITISH CAPITAL IN GIFFORD COBALT MINE Cobalts Generally Heavy Will Not Ask for Enlargement of Capital, Says President Gifford. Speculative Demand Quiet Authorized Capital, \$500,000 **MINES OF SILVERLAND** A circular letter to the shareholders of the Ginord-Cobalt mines, under date of Nov. 15, says: The officers of the Gifford Cobalt Mines, Limited, beg to inform you that pursuant to the plan laid before you in or letters of December 1908 a 200 foot President-GEORGETAYLOR, President Temiskaming and Hudson Bay Trading Conducted in Half-Hearted Way and Prices Are Inclined Write us for prospectus and full particulars. Investments Have Been Made Ju-diciously and Large Amounts Hore Alegady Been Expended to Sag-Crown Reserve Eases Again. FORD, WILSON & CO., Stock Brokers our letter of December, 1908, a 200 foot shaft has been sunk with a 10-foot World Office,. PRICE OF SILVER. Have Already Been Expended croppings are numerous, and similar except in size. In one place seams Members Standard Stock Exchange Wednesday Evening, Nov. 17. sump. This is equivalent to 260 feet on either the Timiskaming, Beaver or Shamrock, all of these mines having rich shipping ore at their 200 foot level. On the Beaver and Shamrock it was found necessary to sink a winze down Bar silver in London, 23%d oz. Bar silver in New York, 50%c oz. Mexican dollars, 43c. -Best Properties Only Com-Tel. Main 1735 - - - 43 Victoria St., Toronto Under the leadership of Timiskamclose to each other run parallel and contain plates of metal a quarter of an ing, the whole Cobalt mining list inmand Attention. OUR WEEKLY LETTER ON COBALT STOCKS is up to dateinch wide. At other places solid silver dined to sell off to-day. Trading was conducted generally in a half-hearted way and it was apparent that even on the declines purchasing orders were GHT of 200 at 204, 500 at 2 an inch wide or more crops out. One seam into which a knife blade could found necessary to sink a winze down to the 250 foot level on their properties ENGLISHMEN BEHIND hardly be put at the surface broade THREE BIG VENTURES to reach the main body of ore. The results on these two mines are cut into an inch of sliver in a pit 14 feet in depth. A number of test pits reveal further this intricate enrich-GORMALY, TILT & COMPANY, 32 and 34 Adelaide Street East. the declines purchasing orders were cases. Crown Reserve did not hold its rally of yesterday, the shares dragging heav-ly beween \$5.20 and \$5.10, and closing none too numerous in the majority of 500 at 22%. Members of the Standard Stock and Mining Exchange. edti very gratifying, the Beaver at this GOWGANDA, Nov. 12.—(By the Man on the Trail.)—The pluck of the British investor is seen at its best in the vartime extracting ore that runs from 3000 to 9000 ounces from a vein at least SELL ON STRONG SPOTS 10 inches wide. short selling, which is held respons-ble for the break, to Toronto brokers, the utter impossibility of such energy (on sheing out a solution of such energy) (ble for the break, to Toronto brokers, the utter impossibility of such energy) (on sheing out a solution of such energy) (ble for the break, to Toronto brokers, the utter impossibility of such energy) A station has been cut on your pro-perty at the 200 foot level and a cross-cut is being driven to the northwest ious branches of the mining industry the utter impossibility of such opera-tions being evidently overlooked. There is not enough Crown Reserve stock in this market to warrant traders putting out short lines, but in the desire to blame someone else. Montreal has and a desire to I cannot say, but the conditions unand nowhere is the British character doubtedly inspire crede The Cobalt market is not yet out of the trading rut, and until Miles of Trenching. this restriction has worn off prices will witness frequent fluctua-tions. Investors who are willing to await good profits can afford Four miles of trenching have been done on this property, and the hill has done on this property, and the minute been stripped bare. Three shafts have been sunk, the deepest to ninety feet. Drifting was started at a depth of six-ty feet, and will be continued under the hill, giving a total depth of 174 feet. to ignore occasional weak spells, but to speculators we uncondimiring enterprises in various parts of tionally advise the sale of the more speculative stocks on sharp rallies and their repurchase on breaks until the market has taken on a definite upward trend. Ask our advice for the best stocks out short lines, but in the desire to blame someone else, Montreal has evi-dently not taken this into considera-tion. There is little doubt but that the ourage, tact and ability I ever heard to buy, either for speculation or investment. tion. There is little doubt but that the selling came from the eastern centre, to from what interests it is hard to say, 1000 at 14%, 500 at 14%, 500 at 16%, 100 at 23%, 200 was a vein two inches wide composed was expressed by an American who is of calcite and quartz showing silver operating in a large way in this north values. In the next four feet of cut-The owners of the property, J. Al-len Baker, M.P., Timothy Davis, M.P. A. J. BARR & CO., 43 Scott Street, Toronto. Members Standard Stock Exchange.
