... JOHONTO CHOIRS ARE IN GOOD DEMAND

Local Musical People Visit Many Points-North York Conservatives Meet Saturday.

NORTH TORONTO, Feb. 24.-(Special. Rev. Canon Powell, rector of St. Clement's Anglican Church, was the speaker at the re-opening services in connection with Trinity Church in Thornhill to-night. The rector was ent's Church, who greatly pleased the large congregation of Trinity Church by the excellent music furnished. The party returned home on the last metrepolitan car, delighted with the trip and the kindness shown by the Thorn-

Davisville Methodist Church choir made up a party to-night when they went over to Fairbank where they were scheduled to give a concert in the Fairbank Methodist Church.

There was a good attendance and the trip to and fro and the stay at Fairbank was most enjoyable. Yet another of North Toronto's musical organizations will enjoy an outand that the choir of Eglinton Methodist Church who go to Asbury Church on the second concession of West York on Tuesday evening. At

Asbury Church they will give a musical and literary concert.

The general health of the town is singularly good at the present time, taken in conjunction with the abnormal amount of sickness in the adjoin-

ing city. The splendid sleighing enjoyed in the country districts has induced heavy teaming on the part of the farmers and others, and work of all kinds

reported to be well in advance of other years. In Eglinton Methodist Church on Sunday morning, Rev. Dr. German will

preach and in the evening the pastor Rev. Mr. Balfour will preach the annual educational sermons. The introduction by Dr. Godfrey, ment M.L.A., West York, of a bill in the July.

legislature empowering the Artesian Water Company to lay pipes to Whitchurch, is meeting with general favor in town in view of the failure of the experts to locate water locally. It is the intention of the company to supply towns in the southern part of the county, and North Torontto is taken to rank in with the rest.
"We propose to take only the water

which is now running absolutely to waste," said Dr. Godfrey, to The World to-night, "and which will in no sense detract from the supply now available for general use. In short, new wagon.

it will supply all the southern part with absolutely pure water, and the farmers of Whitchurch will lose none of their present available supply 'It is a standing disgrace that ty bhoid, a preventible disease, should be epidemic, said Dr. Godfrey.

Just what the Whitchurch and Markham farmers and mill owners say and think about it is not stated, but they will oppose it almost unanimously when the time comes. The matter will be fought to a finish at this meeting of the legislature.

W. K. McNaught Differs From W. F. Nickle and Introduces Measure of His Own.

W. K. McNaught, M.L.A., for North Toronto, is evidently desirous that W. F. Nickle (Kingston) shall not have it all his own way in making the gentlemen purveyors of the "staff of life" walk the straight and narrow way. Mr. McNaught is a "larger loafer." too, the principal difference between his measure and that of Mr. Nickle being that, while the latter would fix only one standard weight for bread, he favors two regulation sizes of loaf. In the legislature yesterday afternoon, Mr. McNaught moved the repeal

of his present act. He will introduce a new bill, which will be considered by the municipal committee on Tuesday, along with Mr. Nickle's bill.

Mr. McNaught's new bill will be called the bread sales act. It provides that no person shall make bread for sale or sell or offer for sale bread ex-cept in loaves weighing twenty ounces and forty ounces avoirdupois. Brown or whole wheat bread shall be made and sold in loaves weighing sixteen ounces. Rolls may be made and sold in any weight not exceeding twelve ounces avoirdupois each. Bread may be made and sold under contract for the use of the purchaser, and not for sale by him as loaves, of any weight

provided for in the contract.

Must Weigh It for Customers.

The bill provides that every person making bread for sale shall keep in a conspicuous and convenient place in the bake shop scales and weights suitable for weighing bread, and shall weigh the bread offered for sale by him at the request of any person de-siring to purchase the same. The inspector appointed by a munici-pal council may use such scales at any

time for the purpose of weighing bread found by him in the bakeshop. fers for sale bread in contravention to glects to comply with the provisions of the act, shall be liable to a fine not exceeding \$5. Any person who sells bread in which any adulterant or deleterious material has been used, or makes bread in which there is any adulterant, is made tiable to a fine of \$25, and the costs of analysing the bread. The keeping in any bake shop of any adulterant or deleterious material which may be used in the making of bread shall be prima facie evidence of an offence.

Municipal Inspectors. The council of every city, township, town or village is given power to appoint an inspector for the purpos of enforcing the provisions of the act This inspector may at any time enter any bake shop and weight any bread found therein, and inspect and test it for the purpose of ascertaining whether it has been adulterated, or is light-weight, and may dispose of such bread as the council directs. These inspectors will have the same power as inspectors appointed under the Ontario Shops' Regulation Act, or the Ontario Factories' Act.

After the passage of the act, it stipulates, no bake shop shall be established in any basement, or in any part of a building which is below the level of the street or road, upon which the bake shop is situated, and any baker who disparants this multiple in the street of the street or road. who disregards this rule is liable to

heavy penalty.
Where a loaf weighing less than the prescribed weight is found in a bake shop, the person making or offering the bread for sale shall not be liable to any penalty unless ten such loaves are found in the shop at the same time, but the short-weight bread shall be seized.

The act, Mr. McNaught proposes July this year.
