COBALT-- *Timmins Interests in Porcupine May Be Made Public Flotation*

Cobalts Inclined To Sell Off Trading of Restricted Nature

Small Declines Generally Registered on Mining Markets When Stocks Are Forced for Sale.

World Office,
Monday Evening, July 25.

Trading in the listed Cobalt stocks on the local mining markets to-day continued of a restricted character and the exchanges displayed few signs of life thruout the session.

Speculative sentiment was largely concerned in the larger markets, the action of Wall-street occupying the attention of traders to such an extent that little or no interest was taken in the day's operations in the mining shares.

While no changes of moment were registered, the general inclination of the Cobalts was downward, several of the cheaper issues selling below the prices current at the last session.

Timiskaming dropped below 60 cents, losing almost a point from the low figures for Friday last; Little Nipissing was another weak point, the shares sagging to 15, and closing below that point. Lower prices were also registered by various other stocks, including Beaver, McKinley-Darragh and Rochester.

The high priced securities were generally inclined to ease off, doubtless influenced by the slump in the other stock markets. La Rose was off ten points at $3.75, while Nipissing also recorded a decline, the shares touching $10.35 on the Standard Exchange. Later in the day, however, a rally of 15 points occurred on the circulation of some bullish news relative to the mine.

FREE GOLD IN HOLMES TP.

Spectacular Showings From Country Around Fort Matachewan.

Spectacular free gold has been found in the unsurveyed west of the Township of Holmes on some claims owned by Mr. Brody. Samples showed the yellow metal in white quartz in nodules as large as a pea. The rock was generally spattered with gold in grains the size of a pin-head, and was very rich.

Mr. Brody's claim, from which the specimens came, is only half a mile

COBALTS

We are most emphatically of the opinion that all the Cobalt Stocks are a purchase at these prices. Among the extremely low-priced issues we instance Silver Bar, capitalized at $500,000 and selling at 4c per share. We can produce a buyer for the property who will pay at the rate not less than 8 cents per share. The property adjoins the Waldman.
