LIVE STOCK MARKET

The enormous resources and development of the Ontario cattle trade was again borne in upon the commission houses and the big packing companies at the Union Stock Yards yesterday when receipts aggregating in all 184 carloads, consisting of 3545 head of cattle, and other live stock were offered for sale.

It was a big run, larger than was anticipated, and while there was an easier tendency and a general falling off in prices, averaging from 20c to 25c per cwt., there was a good demand at the market, and one of the best cleanups for a Monday in some time.

On the whole, the market was a satisfactory one, steady with last Monday's best prices, and as stated from 20c to 25c lower than Wednesday and Thursday's quotations. Practically all the cattle with the exception of one or two loads and these by comparison commanded fancy prices.

The decline was for the most part confined to the medium and common butchers' cattle, but would average up as stated. Bulls, stockers and feeders were not in good demand early in the market, but later the trade brightened up, cleaning out practically everything.

Briefly summarized there was a good demand for steers and heifers, showing finish and good quality, while medium and common grades of cattle were 25c lower. Altogether, considering the big run, it was a satisfactory market.

Sheep and Lambs.

Choice spring lambs sold yesterday at from 15c to 16c per lb., yearling lambs, 10c to 11c; light, handy sheep, 9c to 9½c, and heavy fat sheep and bucks from 7c to 8½c per lb. The sheep trade was steady, but spring lambs were lower by from $1 to $1.50 per cwt. than last week's prices.

Calves.

Choice veal calves, 14c to 15c lb.; medium calves, 11½c to 13½c; common, grass calves, 7½c to 9c, and heavy fat calves, 6½c to 10c per lb. The calf trade was steady.

Hogs.

Hogs were fairly steady at last week's prices, 16¼c lb., fed and watered, tho the market was inclined to weaken off at the close on talk of a further cut in quotations.

Total Receipts.

Monday's cattle receipts were 184 cars, consisting of 3545 cattle, 283 calves, 783 hogs and 744 sheep and lambs.

Market Notes.

Dunn & Levack sold for Lyle Shipley of Port Elgin yesterday, at the Union Stock Yards Market, 11 head of choice, well-finished steers, averaging in weight 1410 lbs., for $12.25 per cwt. They went to the Swift Canadian Co., and were bred, raised and finished off by Mr. Shipley, and were a striking evidence of what can be accomplished by good management.

Jos. Wilson, the well-known salesman for H. P. Kennedy, Ltd., gave his fellow-commission men on the exchange an object lesson in optimism and high-class potato growing when he proudly showed them one of 42 "murphies" grown in one hill in his own garden at 221 Geoffrey street, 30 of which were fit for table use. The sample shown yesterday by Mr. Wilson was of average size, clean and well-shaped, and Mr. Wilson says there was not the slightest indication of rot. The "murphies" were planted on April 13, and it was nearly six weeks before they made their appearance above ground.

The representative sales of the leading live stock commission houses quoted below are an absolutely correct statement of the transactions at the Union Stock Yards from day to day, and will repay careful reading by everybody interested in one of Ontario's greatest industries.
