

REPORT OF Boys' Mission Band.

The past year has been a year of quiet work. The Band has held its meetings regularly throughout the year except in the summer holidays.

The total number of members upon the roll is 68. The average attendance at the meetings has been 26.

In December a concert was given in the School-room, and the proceeds amounted to \$10.04.

The thanks of the Band are most gratefully tendered to Dr. and Mrs. Fletcher, who have been present at every meeting and have encouraged the boys in the work.

The Band would also thank Miss Mary McQuesten for the assistance she has rendered in playing the accompaniments during the singing at the meetings.
