WE are happy to call attention to a few indications of progress in the district during the year. They are as follows :—

1. At Danville, Bro. Thomas A. Dorion, who is a practical printer, has commenced the publication of a monthly periodical entitled *Le Fidèle Messenger*, which is destined, we trust, to do much good work for our French Missions in particular, and to the Church in general.

2. Bro. Edward de Gruchy, at Actonvale, is now living in fine mission premises, used as church and parsonage, which were purchased during the year. At St. Theodore, a beautiful church, erected mostly by the generous contributions of the recently converted friends of the mission, was dedicated in midwinter. Also, on the same mission, the friends have erected a substantial school-house.

3. In Montreal a Girls' Institute has been founded, mostly by the generous efforts of the "Woman's Missionary Society," and plans have been adopted for a marked improvement, especially in our educational work.

4. At Berea, on Bro. Parent's mission, a blessed work of grace has been realized in connection with a gracious temperance movement. The principal promoters of this revival were young men from our Institutes.
