A social in the Ludlow street Baptist church last evening, under the auspices of the Young People's Mission Society. Rev. David Hutchinson and Dr. Heine delivered very interesting addresses on immigration matters.

A strong easterly gale, accompanied by heavy rain, made yesterday afternoon and evening very unpleasant. About the city a wind velocity of forty-four miles an hour was registered and rain fell at times at the rate of three inches an hour.

A meeting of the new Liberal patronage committee was held this morning at the office of Heber S. Keith. Members of the committee when asked what was done said the meeting was private and there was nothing to be made public.

# WHY NOT C.P.R. HOTEL IN CITY OF ST. JOHN?

To the Editor of Evening Times:

Sir,—Quite recently I have read in the Telegraph two communications on the subject of increased hotel accommodation in the City of St. John. The letters referred to are signed "Traveller" and "Another Traveller", respectively. In the first of these letters certainly the writer deals with his subject very clearly and evidently with a full knowledge of the situation. Both writers are familiar, as commercial men may be, with the conditions in other cities and can easily recognize the consequent disadvantage and loss to this city in the handicap it suffers from in this direction. That the drawback should be permitted to exist in the more remarkable when one considers the pluck and perseverance, also, even the heroism of the people who so bravely took up the burden of building a new city upon the ashes of the old one, and who today are laboring in many directions in making their rebuilt city still more modern and up-to-date, and who are using much endeavor to make it, in every respect, worthy and fitted to accomplish its great destiny as the Winter Port of Canada. In order to effect this, and secure this prestige the more speedily, abundant hotel accommodation of the most modern kind is an important factor and would seem to be indispensable. The benefit that would attend the construction and capable management of a large modern hotel must be obvious to the most casual observer. The cost would be very large and probably beyond the capacity of our citizens, but, if so, that supplies no argument against the measure.

As has been suggested by "Traveller", why not the C. P. R. take up the idea of a more link to their chain of hotels along their line from the Atlantic to the Pacific? It is useless to enumerate them or mention their locations, the literature of the C. P. R. describing the different features of scenic and other attractions on the route of that great railway, give full information in respect to the hotel accommodation. Even in St. Andrews—the little shire-town of Charlotte county—the C. P. R. maintains a fine, comfortable resting place in the Algonquin Hotel. Why not extend to St. John—the eastern terminus of the C. P. R.—a like consideration? St. John city has always been even more than well poised to the C. P. R., and today their interests are substantially united. As "Traveller" has well said, let the board of trade take the matter in hand and interview the managers of the C. P. R. on the subject. No time should be lost in doing this, and it is a fair assumption that the C. P. R. would not be found unresponsive.

Yours, &c.,

OBSERVER.

St. John, N. B., Nov. 25, 1907.

# SMALL CHANCE OF RECOVERY

**Lad Who Cut His Throat Last Night Is Still Very Ill at Hospital.**

Inquiry at the hospital today elicited the information that George or "Goslin" Fairweather, the boy who last night cut his throat with a razor because he was summoned to appear in court on a charge of stealing coal from the I. C. R., is but little better than he was last night. Dr. Malcolm when asked as to whether the unfortunate boy would recover, replied that he would not go so far as to say that; as it would hardly be possible to tell very much about the case for a few days.

I. C. R. Policeman Scovil Smith when seen this morning said he felt very badly over the occurrence, but had simply done his duty. He had not yet called on the hospital to see the lad, but from the description was reasonably sure it was the same boy he had approached on the government wharf at the foot of Charlotte street on Monday last.

Cochran, presided and made an able address in which he referred to Dr. Ruddick's many excellent qualities. Robert Skillen, secretary of the meeting read an address. After Doctor Ruddick had made feelingly made speeches were made by Hon. H. A. McKeown, Jas. Lowell, M. P. P., Rev. Mr. Townsend, Dr. Gilmer, Michael McElhinne, James Gourke, Coun. Robert Connelly, J. T. Mosher, W. L. Barker, S. J. Shanklin, A. F. Bentley, Mrs. James Wharft and George R. McDonough. Mrs. James Wharft looked after the catering.
