**SEVENTH BROTHER TO ENLIST**  
(Ottawa Free Press.)  
Six brothers in the British army is the enviable record of the Torrance family, whose remaining inactive member, aged sixteen, presented himself for enlistment at the 77th office yesterday. Hugh Torrance from Ramsayville, was the applicant and he proudly proclaimed that he wanted to go and help his brothers who fought or are fighting in various Scottish regiments. Two of them are dead, two wounded and two still fighting.  
His tender age disqualifies him from active participation in the war, but Lieut. Mahoney is anxious to have him in some branch of the service. The boy can easily pass the physical tests. A point may be stretched to allow him to join the 77th.

**SIMPLE COLDS OF CHILDREN**  
It seems as if some catch a new cold every few days. If they are strong and rugged they may throw it off but it is risky to trust to luck. Better give it quick treatment and don't take any chances of its getting worse, because if you do the child may be laid up sick and you will have a lot of worry and doctor's bills.  
Best way to rid the child of the cold is to give it a few drops of Johnson's Anodyne Liniment on a teaspoonful of sugar. Give it about every four hours. The children like it, too! And it sure does stop a cold quick.  
You've heard of Johnson's Anodyne Liniment probably ever since you were a child yourself.  
Maybe you didn't know that the recipe was discovered by a doctor, old Doctor Abner Johnson, a Yankee doctor down in Maine.  
He made it to stop pain and increase the circulation. It's so safe you take it inside for a cold or rub it on outside to stop pain. And it does the work.  
So whenever you need a liniment for a cold or rub it on most any place where medicine is sold.
