

MC 2035 POOR DOCUMENT

THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, APRIL 10, 1915

To add to the life and beauty of woollens, flannels, laces and all kinds of sensitive fabrics—use

LUX

the incomparable cleanser. LUX is the pure essence of fine soap, in flakes. It dissolves readily in hot water—makes a cream-like lather which cannot injure fine fabrics or dainty hands. Just try LUX.

Wash Shrink Woollens 10c.

Made in Canada by Lever Brothers Limited, Toronto.

MACDONALD-WHEPLEY
At the home of Mr. and Mrs. F. E. Whepley, Moncton on Wednesday evening, their only daughter, Miss Wynne Medley, became the bride of Dr. Darrald Law Macdonald, of Montreal. The ceremony was performed by Rev. Canon Siam, Rector of St. George's Church. The guests from outside included, Mrs. Macdonald, and Miss Macdonald of Montreal, mother and sister of the groom. Miss Dixon, Miss Barnes and H. M. Dixon of Hampton.

How's This?

Take Hall's Family Pills for constipation.

There is a definite movement on foot looking to the shortening of school vacations in New York City.

The steel mills of Pittsburgh have been given war orders for not less than \$20,000,000 of products.

MADE IN CANADA

Such stomach comfort! On a cold day when there is work to do that calls for mental vigor and physical fitness nothing touches the spot like

SHREDDED WHEAT

served with hot milk and a little cream. Better than mushy porridges that are bolted down without chewing. You have to chew Shredded Wheat—that's the reason it's so good for the "kiddies." It develops sound teeth, strong muscles and good brain.

Shredded Wheat is made in two forms, BISCUIT and TRISCUIT—the Biscuit for breakfast with milk or cream, or with fruits; Triscuit, the wafer-toast, delicious for luncheon with butter or soft cheese, or for any meal as a substitute for white flour bread.

Made at Niagara Falls, Ontario

Toronto Office: 49 Wellington St. East

BRUCE'S SPECIAL "BIG FOUR" FIELD ROOTS
BRUCE'S GIANT WHITE FEEDING BEET—The most valuable Field Root and the market, because the rich qualities of the Sugar Beet with the long-keeping, large size, easy harvesting and heavy-cropping qualities of the Mangel. 1/2 lb. 10c, 1 lb. 15c, 2 lb. 25c, 5 lb. 50c, 10 lb. \$1.00.

FARMERS QUIETLY AT WORK LESS THAN A MILE FROM TRENCHES

War Conditions "Very Queer" Writes Brigadier Mercier

TRIBUTE TO CANADIANS

They "Have Fallen Into the Game Splendidly"—Very Resourceful and Work Like Beavers—Quite Near to the Bosches

Brigadier-General M. S. Mercer, of the Queen's Own, commanding officer of the 1st Brigade, in letters just received by Carl Ahrens, of Lambton Mills, Ont., gives some interesting information about the Canadians at the front.

"War, under present conditions," he says, "is very queer. My brigade is holding a bit of the line—about 2,000 or 2,500 yards. The lines at one point are only some sixty-five yards apart, at another eighty-five yards, average distance from 200 to 300 yards, and this sort of thing prevails for hundreds of miles.

"It is quite unlike any former war. Salisbury mud was bad enough, but nothing to the mud of the trenches—often knee deep with mud and water. The country is very level and completely water-logged, so that drainage is next to impossible. Much pumping and bailing are required to be kept up. Our men are very resourceful and work like beavers to make trenches safer and digouts more comfortable. They have fallen into the game splendidly so far—all branches of the service are working admirably. The casualties are considerable—chiefly from shell fire and snipers' bullets. Our headquarters were shelled heavily, but fortunately no losses to staff. However, as they had the range on us we moved to other quarters. We are still within range of the guns, but they may not get on to the fact of our moving for a time.

"All the little towns around here are in ruins, and many deserted. A few people brave the dangers, running to digouts or cellars when the shelling commences. It is marvellous, though, to see farmers working in the fields about three-quarters of a mile from the trenches, as if no war existed.

"We attended service this morning for men, not in the trenches. It was held in a barnyard. A son of Fighting Dan Gordon was the preacher—a capital fellow. This game is bringing out a lot of splendid fellows in every branch of the service."

GRAND TRUNK RAILWAY
Effective this date, George A. Butler is appointed acting assistant engineer of the Belleville Division, with headquarters at Belleville, vice C. S. Ogilvie, who enlisted for active service abroad.

BABY'S OWN TABLETS USED ELEVEN YEARS

Mrs. McEachern, Glencoe, Ont., writes: "I have used Baby's Own Tablets for the past eleven years for my children and have every reason to praise them as they always do good." Once a mother uses the Tablets for her little ones she will use no other medicine. They are absolutely safe, pleasant to take and never fail to regulate the bowels and stomach. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Alcohol is not required in the interests of health, and is not an article of diet.—Prof. Hunter Stewart.

DISCOVERS NEW SERUM FOR TREATING WOUNDS

Paris, April 10.—A scientific discovery that may revolutionize the present treatment of certain kinds of wounds, has been made by a young California chemist, who is working at the front with the British Red Cross.

It is believed that the discovery is a new serum, but the details of its character are not obtainable at present. When Dr. Edwards was seen at the Red Cross headquarters here he said that he hoped to be able to reveal in another fortnight the results of the experiment he has been making at the front.

The right food for your Baby

Should you think of trying cow's milk, you would be faced with many troubles. You would need to secure milk of right quality, from healthy cows, handled with scrupulous cleanliness and delivered whilst quite fresh. You would have to modify and prepare the milk carefully under medical guidance so that it should be easy to digest and be nourishing. Can you do all that has to be done? Must you?

On certain beautiful meadow pastures in old England splendid herds of cows are reared, and close by, in ideal surroundings, are the 'Allenburys' model laboratories. Directly the cows have been milked the milk is prepared and modified with scientific exactness, according to the most recent medical experience, to produce the ideal Infant Food.

The 'Allenburys' Milk Food No. 1 is just what you need for the young baby. Rich, germ-free, fresh cow's milk so prepared and modified that it is practically identical with healthy mother's milk. The most delicate baby can digest it and be nourished so that he will thrive. All that you could wish and do has been done for you—just add boiling water.

When cow's milk, with all its worries as to purity and preparation, is suggested for trial, remember

'Allenburys' Foods

How refreshing—

how beneficial to the skin—is the daily use of this exquisitely pure soap. Should you buy

Pears' Soap

today, you will at once see why it has been the favorite for 126 years.

Though Pears' is the finest of all Soaps, it is sold everywhere at not over 15c. (unscented.)

Matchless for the complexion!

Why Do French Women Always Look Young?

In France mothers and daughters look like sisters. How are the women there able to retain their youthful looks until long past middle age? Is it because they are much given to the use of marvellous wax? This wax possesses a remarkable absorbent property which quickly removes the fine particles of cuticle which are constantly dying and which are the immediate cause of an old-looking complexion. Thus the livelier, lovelier, younger skin beneath is given a chance to breathe and show itself. Try this treatment yourself. Most likely it will not require two weeks to make your complexion as clear, soft and beautiful as a young girl's. Just one ounce of marvellous wax (all American drug stores have it) usually does the trick. Another valuable secret with which the French are familiar is how to quickly remove wrinkles. One ounce of powdered azolette dissolved in a half pint witch hazel makes a marvellously effective astringent lotion. The face should be bathed in this until even the deepest lines are affected.

ASTHMA COUGHS Vapo-Resolene

A simple, safe and effective treatment avoiding drugs. Used with success for 35 years. The air carrying the antiseptic vapor, inhaled with every breath, makes breathing easy, soothes the sore throat, and eases the cough, clearing the respiratory tract. Completely invariable to mothers with young children and a boon to sufferers from Asthma.

Send us a postal card for descriptive booklet and we will send you a Vapo-Resolene Co. Leaflet free. Write to: Vapo-Resolene Co., London, E.C. 4, England.

CHILDREN WIDELY SCATTERED

Mr. and Mrs. James Distant of Sackville recently celebrated their fiftieth wedding anniversary. Their children are scattered in many parts of the continent. Two sons, Arthur and Albert, contractors and builders, are located in California, George, who is also a contractor, is located in Boston, John is also in Boston and comfortably situated.

The daughters are Mrs. John Woodend of Boston; Mrs. Chown, wife of Rev. D. H. Chown of Milltown, N. B., and Mrs. C. H. Edgett, whose husband is a school teacher in the west.

NICKERSON-LLOYD
At the home of Jas. Hourston, Sunny Brae, on April 7, Mrs. G. Lloyd of Dover was united in marriage with Daniel J. Nickerson of Shediac.

SUSSEX RED CROSS
Including a bed endowed by the Sussex Mercantile Co., the Sussex Red Cross branch has endowed five beds in the Duchess of Connaught Canadian Red Cross Hospital. This week one hundred pairs of socks have been shipped.

When washing fine collars, blouses, and so on, use borax to soften the water, in place of soda.
