## Why Your Home Needs Zam-Buk.

Hardly a day goes by but what some member of your family sustains some slight injury. You may think the injury too trivial for attention, but remember whenever the skin is broken there is danger of blood poison!

LIEUT. W. M. HART, M.D.

## BORDEN MINISTER V. METHODIST MINISTER

Hon. "Bob" Rogers' Violent Attack on Clergyman Who Denounced the War Grafting

(FROM THE TORONTO GLOBE)

Methodists in all parts of Canada know the high personal character and the blameless life of Professor Salem G. Bland of Wesley College, Winnipeg. As a schoolby and a college student he was known in many centres of Eastern Canada, during his father's itineraries as a Methodist minister. In later years his own ministerial life brought him into intimate acquaintance and close personal friendship with many thousands of people in different parts of the country. As professor in Winnipeg he has won for himself a very high and honored place, not only as a scholar and teacher, but also as an upright, absolutely sincere and public-spirited citizen.

No intelligent Methodist needs to be told of Dr. Bland's sanity of judgment and purity of motive, but for others this much may be worth saying by way of introduction to a significant passage in the address of the Hon. Robert Rogers, Canada's minister of public works, in Montreal on Monday. That address was carefully prepared and copies of it were furnished for publication. The following paragraphs were omitted from the Giobe's published report yesterday, but are of public interest. The minister of the crown had just been assailing clergymen who had spoken against political corruption and war graft. He calls those clergymen "simple-minded and innocent people," and thus then proceeds:

"It might be well for those individuals and many dominate Canada's government?"

# BOOTS THAT STOOD THE TEST

MES HOLDEN McCREADY LIMITED, Canada's largest shoe manufacturers, supplied, within thirty-three days, 32,217 pairs of leather ankle boots and 30,000 pairs of canvas shoes for the outfitting of the First Canadian Contingent, the largest quantity supplied by any manufacturer.

These boots were worn by our soldiers on active service both in this country and in the training camps in England. They were subjected to the most severe usage that boots could be subjected to. They travelled over rough roads and smooth. They waded through mud and through slush past all description. They were soaked by the never-ceasing rains of an abnormally wet English winter. They were baked on hot stoves, grilled on steam radiators and roasted before open fires. Yet, THEY STOOD THE TEST.

Out of the entire 32,217 pairs of leather boots supplied by this company only a single pair was shown to be open to criticism when the Government enquiry was made six months later.

Experts employed by the Government examined 1365 pairs and 348 odd boots made by various manufacturers. Among of boots of Ames Holden McCready manufacture, of which five were found to be repairable, one pair unrepairable, and ONE PAIR HAD A SOLE UNDER GAUGE.

The best proof of the durability and serviceability of the Ames Holden Mc-Cready boots, however, was afforded by the sworn statements of soldiers who had worn these boots constantly from the time they were issued in September, 1914, right through to March, 1915. They swore that they had worn the boots through all the rough experiences at Valcartier and on Salisbury Plain and that they had given excellent service throughout. Sergeant Nussey, of Toronto, who had served twelve years in the British Army, appeared before the Committee with a pair of such boots still on his feet and submitted them to the committee's and submitted them to the committee's inspection.

The testimony of these witnesses has since been amply corroborated by numerous reports and letters received from

officers and soldiers at the front all testifying to the good wearing qualities of the Ames Holden McCready boots.

When the question was raised concerning the quality of the Canadian soldiers' boots, Ames Holden McCready Limited placed themselves IMMEDIATELY upon record, by writing to the Government, as desirous of having the most thorough investigation of the matter. The appointment of a Parliamentary Com-It occupied several weeks' time. The Committee stopped at nothing in their efforts to get at all the facts.

This Company purchased the best leather and supplies available in Canada and spared no expense in manufacturing the boots. All our invoices, and shop and manufacturing records were produced before the Parliamentary Committee for their inspection and information. We had nothing to hide and were proud of the boots which were furnished to the

THE AMES HOLDEN McCREADY BOOTS CAME OUT OF THE ORDEAL UNSCATHED.

The Committee reported to Parliament that the boots supplied by this company substantially complied with the sample, that no paper or other fraudulent substances had been employed in their manufacture and that all charges involving the integrity of this company or of the boots supplied by them had been abundantly disproven by the sworn evidence taken before the Committee.

The report, which was adopted by Parliament, was A COMPLETE VINDI-CATION FOR AMES HOLDEN McCREADY LIMITED.

In bringing these facts prominently before the people of the Dominion, Ames Holden McCready Limited are actuated by the desire not only to protect their own good name-which needs no vindication with the thousands of Canadians who are familiar with this company and its products—but also that of a notable and important Canadian industry, which has been unwarrantably aspersed.

## AMES HOLDEN McCREADY LIMITED

MONTREAL - TORONTO - WINNIPEG EDMONTON - VANCOUVER - DE LORIMIER - ST. HYACINTHE

—the pure food-drink.

Postum, made of choicest wheat and a small portion of wholesome molasses, has a delicious snappy flavour, yet contains no caffeine (the harmful drug in tea and coffee) nor any other harmful element.

Postum comes in two forms:

Postum Cereal—the original form—must be well boiled,

Instant Postum—the soluble form—is prepared in the cup. A teaspoontul in a cup of hot water makes a delicious drink instantly. 30c and 50c tins.

Both kinds are equally delicious, and the cost per cup

"There's a Reason" for Postum

MADE IN CANADA. —sold by Grocers everywhere.
