HYDRO LINE TO SHEDIAK TOWN NOW ASSURED

Required Number of Contracts Is Secured by N. B. Commission

BIDS ASKED SOON FOR LOCH ALVA DAM

Spur Line to Grand Falls Power Site Is Nearly Completed

The New Brunswick Electric Power Commission was notified this morning by the Town of Shediac that the required number of contracts for the extension of the line from Moncton to Shediac had been secured and the Commission will now proceed with the work. In order to secure the extension it was necessary to get a minimum of 480 customers.

The extension will be made by way of Fox Creek, Lakeburn, Scoudouc and Dorchester crossing and will be commenced just as soon as the materials can be placed on the ground, which it is expected will be about two weeks. The distribution system in the Town of Shediac will be taken over by the Commission.

The call for tenders for the construction of the concrete dam at Musquash, on Loch Alva, will be sent out next week. It was said this morning and these will close about July 31.

SPUR NEARLY FINISHED

The spur railway line at Grand Falls is very nearly completed, the chief engineer said. This spur runs from the C. P. R. line at Grand Falls to the site of the power house and was started last year shortly before the provincial election. Work was stopped during the winter months and resumed early this summer, by the contractor, E. F. Powers.

It is expected this spur will be taken over by the Saint John River Power Company when they start the development work at Grand Falls and the Commission reimbursed for their outlay on it.

DAMAGE TO GOODS IS CAUSE OF SUIT

H. N. Demille Claims \$1,561.58 From Executor of Dock-rill Estate

The case of Harry N. Demille vs. T. P. Regan et al. came on for trial this morning in the Circuit Court before Mr. Justice LeBlanc and jury, and will be concluded this afternoon.

This is an action in which the plaintiff, a merchant doing business in a store in Union street rented from the defendant, is suing for \$1,561.58 damages for alleged negligence. The plaintiff contends that, following a storm on March 7 last, water poured down from the roof of the building through the walls and damaged a considerable portion of the stock in the store, there being a defective drainage pipe on the roof. The defendant denies that there was any negligence as alleged and maintains there was no responsibility resting on the landlord in connection with the matter.

EVIDENCE GIVEN

The plaintiff's case was completed before noon, evidence being given by H. N. Demille, Percy Demille, Alexander Corbett and Philip Goldstein.

Mr. Regan's evidence for the defence was finished before court took recess, and adjournment was made to enable the jury to view the premises.

The following were empaneled as jurors to hear the case: George A. Doyle, James Naves, Walter Logan, V. J. Dunphy, A. M. Dryden, A. B. Edwards and Thomas Linton.

William M. Ryan appeared for the plaintiff and E. P. Raymond for the defence.

RETAIL MERCHANTS TO MEET COUNCIL

Board of Trade Also Will Support Plea for Tax Installment Plan

At a meeting of the Saint John branch of the Retail Merchants of Canada, held this morning, it was decided to accept the offer of the City Council to hear a delegation tomorrow morning in connection with the proposition to have taxes paid on the installment plan. Among those who will comprise the delegation are David Magee and J. H. Vaughan. The Board of Trade will also send representatives to support the plea of the Retail Merchants for payment in three monthly installments.

The merchants claim that the present system of requiring the entire payment at one time is order and get a discount, takes so much money out of circulation in the month of July that it is impossible for many to pay in one sum and the city loses quite a sum it would get if these persons were given an opportunity to pay in three installments.
