40,000 PRESENT AS "RED" GRANGE'S TEAM IS HELD TO DRAW

FLAMING GHOST IS PAID \$20,000 IN HOUR'S PLAY

Former Illinois Captain
Receives Black Eye
In Close Game

CHICAGO, Nov. 27.—Harold "Red" Grange yesterday stepped from a college hero into business life, as a professional football player, gained the hearty applause of a crowd of over forty thousand; some \$20,000 as his share of the receipts, and a black eye. His team, the Chicago Bears, played a scoreless tie with the Chicago Cardinals, their bitter rivals of the south side.

"I never played against a more expert team of football players," said Grange, after the game. "I don't remember how I got the black eye, but I never saw a bit of intentional roughness, and I enjoyed my first professional game immensely. I did my best, but was able to practise with the team, only a few days."

The Cardinals made every effort to keep their punts out of Grange's hands, but he managed to get hold of three which he ran back for 14, 26 and 30 yards. His longest gain from formation, was but six yards, and that was the next to the longest of the game for either side. He made one of the two first downs for his team.

Faddy Driscoll, former Northwestern star, made the only first down for the Cardinals, and the famous red head stopped him, then with a five yard gain, Grange's only tackle of the game.

The Cardinals only tried that one time around Grange's end. Driscoll once attempted a 45 yard drop kick, the ball sailing into a goal post. Later from the 64 yard line his attempt was blocked.

Grange rested for a few minutes near the close of the second period, and the start of the third, but rushed back into the game when the Cardinals reached the 15 yard line, in time to intercept a pass under the goal posts, and head off a touchdown. The Bears only good chance for a score came later in the third period, but Sternmann fumbled on the 12-yard line in a dive through guard, and the Cardinals recovered.

Grange opened up with passes in the last few minutes of the game, but all were knocked down by the Cardinals.

HERMAN'S FOR GIFTS

Canucks and Nationals Are Keyed Up Over Title Game Tomorrow

Along The Sport Trail

By JOHN J. DUNLOP

A FAR-REACHING RULE in the boxing commission and while New York does not control the universe in the game, its influence is weighty and any decision is bound to have an effect throughout the country. Hereafter in bouts in New York, rounds and not points will decide the issue. Under the former rule, judges scored points for each round on clean hitting, aggressiveness, sportsmanship etc. These were tallied up at the end of the affair and the decision made known. It gave the judges plenty to do in watching the bouts. This same system applies to Saint John fights. Now, New York is going back to the old system of letting the rounds settle it and while there is much to say for the point system, there is also plenty of favor of the new rule. For one thing, it allows the judge a proper chance to watch the bout. At the end of each round, the official will mark up his points for each contestant and then mark the round, win, lose or draw. A judge, as one writer puts it, who watches a round carefully and with undivided attention ought to be able to decide whether it was even or whether one or the other had the advantage and the judge who cannot do this should be removed. This is the system the average boxing fan uses and yet we never went to a bout yet that did not see the house pretty evenly-divided at the finish. Unless there is a knockout, there is always a chance for an argument.

BATTLING SIKI, the singular Sengalese, has been arrested again. Life for the battling one is just one jail after another.

OUR YOUNG FRIEND, Mr. Mickey Walker, welterweight champion of the universe, ran into plenty of trouble from one Sailor Friedman the other night and the result rather adds to the impression that Mr. Walker hasn't got much of a punch. Not that we are in any way anxious to step in front of it. Mr. Dave Shade nearly pushed the royal diadem off Mickey's noble brow a few weeks ago and now comes the Chicago boy, who, although he was clearly out-pointed, was never quite subdued and although Walker hit him with everything but the timekeeper's gong, he refused to go down and stay down. We have grown so accustomed these days that a champion is not a champion unless he can make them take the count in the opening rounds, or at least keep them on the floor when they hit it. However, now that he has disposed of two of his foremost challengers, Mickey can breathe easy until he tackles Tommy Milligan. We doubt if the British boxer will give him much trouble. The net result of all this will be for Benny Leonard to go to his mother and with glycerine tears in his eyes seek permission to earn a few more dollars to buy some bread and milk before it is too late. After taking a look at the famous wolf, Benny's mother probably will relent and her dear boy will go forth once more, this time in all probability as a welterweight. What a crowd that bout would draw—Mickey Walker vs. Benny Leonard for the welterweight championship of the world.

THE WATER DEPARTMENT baseball team's banquet is being held next week. It is reported Walker Andrews and Manager Snodgrass are brushing up for another speaking duel.

REGARDING the visit of Joe Page and Dan Corr to Pittsburgh recently, Edward Ballinger, sports editor of the Pittsburgh Post, has the following to interest:

Joe's duties as a representative of the Canadian Pacific Railway, frequently take him to points where "90 below" is not unusual, or to other divisions of the line such as Vancouver, where flowers bloom in December, but he prefers the biting breezes of Quebec. Dan, who is in business in Saint John, thrives when the beautiful lakes of New Brunswick are frozen almost solid. Both Joe and Dan are representing the Saint John Skating Association, of which the latter is secretary. The big title against Joe Moore of New York, Charles Gorman of Saint John and other famous speedsters. These races will be skated on Lily Lake, a picturesque body of water a mile and a half in length and about one mile wide. Although located in a valley, the lake is several hundred feet above the level of the city. Great throngs of people flock to these championship events, 20,000 having attended a single day's competition, while the attendance for a three-day's meet, was around 60,000. Although the mercury often drops below zero, the cold is not as uncomfortable there as such a cold snap as the one now visiting Pittsburgh and vicinity.

TWO SELECTED PLAY STARS ON BRITISH TEAM

Douglas McKean and
Capt. H. B. Poston
Named by Committee

DOUGLAS M'KEAN, Maritime badminton champion two years ago, and rated as about the best player in Saint John at present, and Captain H. B. Poston have been selected as two of the four local players who will compete against the famed British stars in the Army on Monday night next. The visiting players will arrive here tomorrow on the C. P. liner Montrose for the commencement of their tour throughout Canada and as it is rare that Canadians have an opportunity of seeing such prominent players in action, it is expected that large crowds will watch them during their trip. Badminton has developed wonderfully in the last few years here and a big crowd should be on hand at the Army Monday night.

Four local players will be selected to pit their skill against the British players, two of them having already been selected. McKean did not compete in the Maritime championships last year, the title being won by Major Grant, Halifax. Two years ago McKean and Poston teamed up in the doubles and won the doubles title. Last year, they did not play together. Both are looked on to give the champions a good fight for it.

The visiting team is composed of such experts as J. F. Delvin, present holder of the singles championship of Great Britain; A. K. Jones, runner-up in 1924 and English international; Sir George Thomas, English international and ex-singles champion from 1920 to 1923; W. M. Swinden, H. R. C. Martin, and E. Hawthorn, all English internationals. It is a powerful team and the Maritime players should do the game a world of good through Canada.

AMATEUR HOCKEY MEETING ON DEC. 4

Maritime Association Will Discuss Important Matters at Truro

MONCTON, Nov. 26.—The Maritime Amateur Hockey Association will meet in Truro on Friday, Dec. 4, according to word received by the Maritime Association, which represent the city in the association. Two important questions are slated for discussion. They are in the form of resolutions. One deals with the residence rule, which the Halifax City League wishes suspended so as to permit a Dartmouth entry, and the other with the redistribution of New Brunswick teams, owing to dissatisfaction with the present sections and the dropping out of Sussex, runners-up in the battle for the Maritime hockey title last season.

MANHATTAN TEAM DEFEATS COUGARS

Was One to Nought Victory, Lone Tally Being Made in Last Period

WINDSOR, Ont., Nov. 26.—Goalie Holmes relaxed his vigilance for a split second at the start of the third period in tonight's exhibition contest between New York Americans and Victoria Cougars and Bullet Joe Simpson with lower Brunswick teams, owing to dissatisfaction with the present sections and the dropping out of Sussex, runners-up in the battle for the Maritime hockey title last season.

Gorman Holds First Workout On Skates

Charles Gorman, world's 440 yard champion and former National and International titleholder, had his first workout on skates yesterday morning on Hilton Belyea's rink, West Saint John, and from now on will condition himself there daily if the present cold streak continues. The ice was in fine shape and Gorman showed great speed for this early in the year. The local boy has been training faithfully for the last month and is in excellent physical condition to iron out any kinks. He proposes to go slow and build himself up. In the afternoon, Frank Gosselin, Willie Logan and Murray Bell worked out with Gorman.

Two Giant Stars Booked to Wear Managerial Regalia Next Season

FRED MERKLE

Fred Merkle, once a star of McGraw's Giant band and last year one of Miller Huggins' chief aides on the Yankee team, is slated to manage a minor league team next season. Heinie Groh, more recent star in the McGraw firmament, is scheduled to draw his unconditional release from the Giants before next spring. He has already received several offers to manage minor league teams so it is probable he will become a pilot of some outfit.

HAVE FAILED TO SCORE TRY IN 3 CONTESTS

Frank Campbell Expected Back on Canucks' Half Line

MEMBERS of the Canucks and Nationals rugby teams are keyed up to a high pitch for their game tomorrow afternoon on the Sand Cove Road grounds at 8 o'clock for the 1925 intermediate championship of the city and if a score does not result one way or the other, it will not be for want of trying for every man is going out on the field tomorrow grimly-determined to break the existing deadlock which has now extended into the fourth game. The boys are taking this game quite seriously as it means a lot to them to cup the flag. The Nationals, a new and hustling young athletic organization just breaking its way into several branches of sport, wants this championship for added prestige, while the Canucks also desire it to maintain their record of last year and give them another leg on the Harding Cup. These are the objectives and the boys are prepared to do or die to achieve them.

It was proposed at first to stage this crucial contest on the Allison grounds but they could not be secured and it will be played on the league's own ground at Sand Cove. This is just about as easy to reach as the Allison grounds and another big crowd is expected to swell the ranks of the partisan supporters who are bound to turn out in large numbers. The Canucks expect to have a bit over last Saturday's game by having Frank Campbell, a fleet young runner, back on the half line. With Armstrong, Whittier and Monthew are looked on to give the Canucks plenty of trouble. R. S. Bennett, coach of the High School team, will handle the whistle again.

Production in October Sets New High Figure—Last Year Outdone

WASHINGTON, Nov. 27.—October automobile production set a new high record of 392,448 passenger cars and 44,129 trucks, according to a report of the Commerce Department. With Canadian production added, the North American production of passenger cars was 406,569, and of trucks 45,823. The previous high record was in April of this year, when 375,787 passenger cars and 46,247 trucks were produced in the United States. For the ten months of 1925, including October, the United States produced 3,973,007 passenger cars, against 2,771,719 in the same period of last year. The truck production was 404,510, against 307,187 last year.
