K. OF P. TO DECORATE GRAVES THURSDAY

Preparations for Annual Ceremony Well Under Way—The Route.

All arrangements for the Knights of Pythias' decoration day on Thursday were completed at a meeting of the committee of the four city lodges, which have the matter in charge and it is expected this will be one of the best turnouts in the history of the order. A big drive is being made to have the uniform rank out and they will parade under the command of Mayor F. L. Potts, who is captain of the knights.

The committee, assisted by members of Loyalist and Mabel Temple, Pythian Sisters, will be busy the Wednesday and Thursday morning making up the bouquets which are to be placed on the graves of departed members. The service will be held in Fernhill and the graves in the other cemeteries will be decorated by a committee during the morning of Thursday.

Two bands have been engaged for the parade and will play for the singing of the hymns at the service. The address this year is to be delivered by Past Chancellor E. E. Thomas. The parade will start at 2 o'clock from Castle Hall, Union street, and will march by way of Germain, King, south side of King Square, Sydney, Waterloo and Thorne avenue to the cemetery and will return by way of Rothery avenue and Prince Edward street.

MAY STAGE GAME FOR MILK FUND

War Vets Willing to Meet Team From U. S. S. Detroit.

Provided the weather is fair, the War Vets will meet the New England team on the East End grounds this evening at 6:45 o'clock. McCarthy will twist for the locals. The management of the Vets now is endeavoring to stage a benefit ball game with a team off the U. S. S. Detroit in aid of the milk fund.

The American tars have a pretty good ball club on board and it is expected that no difficulty will be experienced in getting permission from Captain John Halligan, Jr., to play in aid of this worthy fund. The trial's day here may be ended any moment by instructions from Washington and this, it is believed, would be the only hindrance to staging the game.

RETIRED C. P. R. ENGINEER DIES

John P. Coughle was With Railway for Forty Years.

Another link with the early transportation history of this section of Canada was broken last night in the demise of John P. Coughle of St. John, who for seven years on the retired list of C. P. R. engineers and previous to that for a full two score years one of the company's best-known and most reliable locomotive pilots.

Mr. Coughle survived a serious pneumonia attack last winter and was thought to be slowly regaining his vigor when complications arose a few days ago that hastened the end. He was 73 years of age, leaves a widow, one daughter, Mrs. B. R. Stewart and two grandchildren, Bruce and Mary Stewart. Master Stewart, who has been on a vacation in Montreal, arrives home today. A son, Clarence Coughle, druggist, died a few months ago in Massachusetts.

Deceased was a lifelong resident of this city and highly respected. He attended St. Jude's Episcopal church, from which he will be buried, and was a member of the Brotherhood of Locomotive Engineers.

MUSICAL TREAT AT PAMDENEC

The summer residents of Pamdenec had a musical treat last evening which will be remembered for some time by all that were privileged to hear it. Some of the leading vocalists of the city taking part in the programme. The entertainment was held at the residence of James H. Hamilton and was well attended. The proceeds are to go toward the cost of the erection of a club house for this thriving summer community.

Those taking part were Miss Blenda Thomson, Mrs. Thomas Guy, Mrs. B. C. Ferris, Dr. Percy Bonnell, William Lanyon, Major Mercereau and Thomas Guy. J. Bayard Currie acted as accompanist. Every number was enthusiastically received.

DR. S. S. KING GETS POST IN NEW YORK

The many friends of Dr. S. S. King, Hampton, who for the last few years has been taking a post-graduate course at Johns Hopkins, Baltimore, will learn with pleasure of his appointment to an important post in New York city. Dr. King has been specializing in psychiatry with success. He will be engaged in research work. Among those with whom he will be associated is Dr. Gluck, who was so prominently connected with the Lock-Loval murder case in Chicago. Dr. King had a splendid overseas record and returned to Canada with his health badly affected.

GREYS ARRESTED.

Four Greek sailors were given in charge by Captain Constable Opals of the steamship Nicos, shortly before 12 o'clock today, charged with refusing duty. They were taken into custody by Sergeant-Detective Power, Detective Biddlecombe and Sergeant Spence, and taken to the police court, where they appeared before Magistrate Henderson. They were remanded until afternoon.

Several Toronto newspapers have written Mr. Lordly for "Mike's" picture to appear in their photograph section, while one New York daily already has printed the details of "Mike's" brave rescue.

RAIN DOES GREAT GOOD.

The generous rainfall which started early this morning extends over a wide area of the province. Never was rain more badly needed. In many sections farmers have been put to loss and inconvenience by the long, dry period which has extended over weeks. The high lands have suffered, or course, much more than the meadows, but everywhere rain and lots of it is needed. Springs and wells have long since been dry, and water has been hauled on drags these many days to relieve the situation. While the crops will not benefit to any great extent, much inconvenience will be removed by heavy precipitation.

MANY MOURN MRS. RONALD M'AVITY

Young Matron, Who Died Yesterday, Lived Life of Service.

The death of Ena Frances McAvity, wife of Lieut.-Colonel Ronald A. McAvity, occurred at her home, 107 Burpee avenue, last evening after a lingering illness. In the passing of Mrs. McAvity, a young matron of whole-hearted charity and indefatigable energy in behalf of the poor, needy and bodily ill, has gone to a well-earned reward. For a considerable length of time Mrs. McAvity herself had been an almost constant sufferer, but bore her ailment with a fortitude and cheerfulness quite in keeping with her attitude towards life.

During the war when her husband was in the Canadian army overseas Mrs. McAvity resided in England and for a time entered into the activities of women in connection with war-time work. After the armistice was signed she returned home and about two years ago became ill. She was most assiduously treated by specialists in Montreal and elsewhere.

In the death of Mrs. McAvity, Loyalist Chapter, Daughters of the Empire, and the Women's Hospital Aid lose a devoted member, one who in her days of health was continuously engaged in unostentatious deeds of sweet thoughtfulness and help, living and acting true to the pledges of these worthwhile organizations. Many a humble home in the obscure sections of St. John has been made the happier through the kindly agency of the young matron now being mourned. In this kind of work Mrs. McAvity emulated the example of her own mother, Mrs. John S. McLaren, who among other work was for years secretary of the Protestant Orphanage here.

Mrs. McAvity's death is the first break in a group of war workers in the McLaren family. Besides Colonel May McLaren, M. P., uncle of deceased, whose professional service to the flag has been a matter of national pride and honor, there is Laurence McLaren, brother, who saw active service and suffered serious wounds; also a sister, Mrs. W. L. Caldwell, of the A. D. Overseas Corps, her husband, as well, and Colonel R. A. McAvity and his wife, now lying dead. All gave freely of their efforts in sacrificing home comforts and business. Mrs. McAvity leaves a little daughter, Jean Armstrong, besides her husband, her father, brother and sister already mentioned. The funeral, which will be held on Thursday morning, will be private.

STORM COMING

Tropical Gale Now Raging on Atlantic Coast Moving This Way.

Storm signal No. 3 has been ordered displayed today along the Maritime coasts, according to D. L. Hutchinson, director of the Observatory, Douglas avenue. This is being ordered owing to the advance of a tropical storm, which has been centred near the Carolinas yesterday and today is over New Jersey. It is quite likely to affect the Maritime Provinces. It is a storm of heavy east and south-east gales, accompanied by rain. Up to noon today, three-quarters of one inch of rain fell, Mr. Hutchinson announced.

CONCRETE BUILDERS DO SPLENDID WORK

If giving credit where credit is due is meritorious, then the Concrete Builders, Limited, who have the contract for the construction of the new road between Bloomfield and Hampton deserve high praise for the manner in which the work has been carried out. While a detour was provided on the south side of the river, few have noted it, but have followed the main road through Lower Norton.

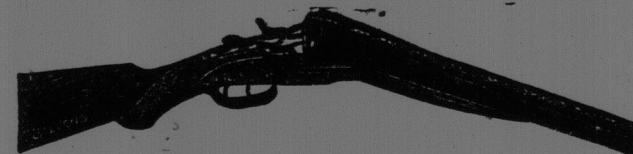

During the period of construction Superintendent Dexter, who is in charge of the operation, has seen to it that at the end of each day the road has been left in passable condition, and each section has been so finished that practically no inconvenience has been caused. Added to this has been the unfailing courtesy of the men working on the job, who have made the passage of autos and other traffic a real pleasure.

Nothing but commendation and appreciation from the public has been shown in regard to the commonsense methods used on this work. Engineer McDonald is also to be accorded his meed of praise in connection with the smooth working of the construction.

As Hiram Sees It

"That there babies milk fund," said Mr. Hiram Hornbeam to The Times reporter "is a mighty good thing. You never know when you save a little feller's life what a good thing you may be doin' for the country. That ain't charity. It's an investment. It don't give back dollars to them that gives, but it returns 'em in some way—'an' the Good Lord says we orto look after His little orphans. They're all His, an' we orto think about that more'n we do. Now I could set down an' give forty-seven reasons why I shouldn't give a cent to keep an' other man's kids—an' not one of 'em reasons 'ud be with a drop of water on a parched tongue when the reckoning day comes. But while we're savin' the little fellers we orto be doin' somethin' more. We orto pass a law to gitter after the critters that deserts their wives or won't work to feed their own families. The two things orto go together—yes, sir. But if we can't do both right now—let's save the kids, anyway."
