Irish Treaty is Ratified By Majority of Seven

Vote is 64 to 57—Prayer of Thanksgiving, but Anxiety Still Exists.

Dublin, Jan. 8.—The peace treaty has been ratified by a vote of 64 to 57, and prayers of thanksgiving went up from the people in all the churches today, but Ireland continues to face internal disorganization giving rise to the greatest anxiety.

The split in the Dail Eireann has been heightened and intensified by the vote on the treaty and the future was never more obscure. At different hours today the two factions held conferences at the Mansion House. The Dail will meet again tomorrow in public session and all the members are expected to attend.

HEAD AND NOSTRILS CLOGGED UP

COULD SCARCELY BREATHE

When you become all choked up and thick, the nostrils become so clogged up you can hardly breathe, a feeling of weight or oppression in the chest and the cough rattle and tears your lungs and bronchial tubes.

This is the time to take

DR. WOODS

NORWAY PINE SYRUP

before things get to be too serious. There is no remedy to equal it for clearing up the cold, making the breathing easy, loosening the phlegm and soothing and healing the lungs and bronchial tubes.

Mrs. Edward Kincaid, 60 Bryden St., St. John, N. B., writes: "I wish to express my hearty thanks to your valuable remedy Dr. Woods' Norway Pine Syrup and what good it did me. Last fall I contracted a severe cold, like I never had, my head and nostrils were so clogged up I could get no vent, and could scarcely get my breath. I tried remedy after remedy until at last I thought I would try 'Dr. Woods'." After the first dose I felt relief, and by the time the bottle was finished I was all better. I will always keep it in the house."

Price 35c. and 60c. a bottle; put up in a box by The T. Milburn Co., Limited, Toronto, Ont.

FORGE LIQUOR BOARD'S LABELS

Raids on Two Printing Shops in Montreal Also Discloses Fake "Scotch" Labels.

Montreal, Jan. 9.—Forged labels, stamps, etc., of the Quebec liquor commission are being printed in this city, it was ascertained with the raiding of two printing shops over the week-end.

Labels of well-known Scotch distilleries were also seized. It is understood that this is only another of the wide ramifications of the bootlegger system. In the U. S. consumers are shy of bootleggers' concoctions and are now demanding Quebec liquor commission goods with stamped identity labels. An offer was recently received by a bootlegger who claimed that he had considerable stock in the Aldrichs which he would be able to dispose of if labels were forthcoming. It is this offer which led to the closing of the printing shops, and it is hoped that with their closing the chief source of the traffic has been stopped.

It was announced at the Cathedral yesterday that the sum of \$40,000 had been realized at the recent high tea.

TYPOGRAPHICAL UNION OFFICERS

At the regular meeting of the Typographical Union, No. 86, held in their hall, Market building, on Saturday evening, officers were elected and installed for the ensuing year, as follows:

President, Ernest H. Toole; vice-president, George L. Lennan; recording secretary, F. W. Stanton; secretary-treasurer, H. J. Campbell; sergeant-at-arms, J. J. McKenna; and P. U. Journal, J. P. Quinn; local audit committee, A. Finnamore, E. Kennedy and H. McEachern; moon committee, H. Patterson, E. L. Sage and George Maxwell; local label committee, F. Quinn, H. Patterson and E. Osborne.

At a meeting of business men held in the offices of the New Brunswick Contracting Company on Sunday morning, it was decided to form a Citizens' Association in St. John pledged to support the policy of public ownership of the hydro project outside of the city.

The meeting was organized by the Hardware Clerks' Association, and H. D. Sullivan, their president, explained the object. Herbert Phillips, manager of the N. B. Power Company, addressed the meeting. He said that he had been obliged to take the matter up publicly because of insidious propaganda, so that the people of the city could understand the project. He said that there was a market for light and power if delivered to the N. B. Power Company for distribution. That, he said, was proven by public experience everywhere. He quoted Mr. Ross as saying that it will take a year to provide us with facilities to make use of the power.

The power is nearly ready, and we shall have to be prepared to take it when it is ready, and pay for it, whether we are ready to make use of it or not. So Mr. Phillips urged no delay in the matter. He congratulated the Hardware Clerks on the stand which they have taken in the matter. Following the address there was a general discussion as to what steps should be taken to bring these facts home to the public. Roy Willett suggested a citizens' committee, enrolling as members all in favor of public ownership of the hydro-electric power. Herbert Phillips was chosen as temporary chairman and P. H. Butler as secretary.

ZIONISTS GUESTS.

Washington, Jan. 9.—A delegation of leading Zionists of the country will be the guests, at the British embassy on Wednesday evening, of Arthur J. Balfour, who in 1917 issued a declaration on behalf of the British government pledging the establishment of a national Jewish home in Palestine.

It was announced in St. John the Baptist church yesterday that the collection for the orphans taken in the church on Christmas day amounted to \$204.65.

LIFE A BUDEN TO MRS. CARSON

Resident of Sherbrooke, Que. Had Endured Agonies for Many Long Years.

"I believe the most wonderful thing that ever happened in my life has been the way Danica has restored my health and strength," said Mrs. Annabel Carson, 56 Blain Lane, Sherbrooke, Que. "For many years I suffered from nervous indigestion, and only those who have had this awful trouble know the agonies I endured. I finally grew so weak I could hardly lift my head to do a bit of housework and was so miserable all the time that life was a burden to me."

That I am a well and happy woman today I owe to Danica, and there is nothing too good for me to say about this grand medicine. My only regret is that I didn't take it years ago."

Danica is sold in St. John by The Ross Drug Co., Ltd., and F. W. Munro, and by leading druggists everywhere.

JO-BEL

THE WONDER SALVE

WHAT IT HAS DONE IN SAINT JOHN IN THE PAST YEAR!

STOP WORK ON NEW ICE BREAKER

Orders Received from Marine Department—Was Eleventh Hour Contract of Old Government.

Montreal, Jan. 9.—Canadian Vickers, Ltd., at Malouine, have received instructions from the Marine Department not to proceed further with the carrying out of work on the ice-breaker, contract for which the Government of \$1,850,000, had been signed by the late government a few days before it was defeated.

The statement was made here on Saturday of A. G. Gillman, managing director of the company, that it was his belief that it would be impossible for his firm to mitigate the unemployment prevailing in the city of Montreal.

Speaking on behalf of the Canadian Workers' Federation of Returned Soldiers and Sailors, he said that the organization was all directly affected, they would send a delegation to Ottawa, and he would be glad to see them.

He said that the cancellation of the contract had been in order to ask new tenders and give Quebec city a chance," Mr. Rose commented.

The meeting was organized by the Hardware Clerks' Association, and H. D. Sullivan, their president, explained the object. Herbert Phillips, manager of the N. B. Power Company, addressed the meeting. He said that he had been obliged to take the matter up publicly because of insidious propaganda, so that the people of the city could understand the project. He said that there was a market for light and power if delivered to the N. B. Power Company for distribution. That, he said, was proven by public experience everywhere. He quoted Mr. Ross as saying that it will take a year to provide us with facilities to make use of the power.

The power is nearly ready, and we shall have to be prepared to take it when it is ready, and pay for it, whether we are ready to make use of it or not. So Mr. Phillips urged no delay in the matter. He congratulated the Hardware Clerks on the stand which they have taken in the matter. Following the address there was a general discussion as to
