PROTEST APPOINTMENT.
Claiming that it violates a resolution passed by the common council last year, the Great War Veterans will protest against the appointment of Dr. Alfred Boyce as veterinary surgeon. They say a fully qualified veterinary who had

been overseas and is now residing in St. John was an applicant and should have had the preference, especially as he is trying to re-establish himself. C. H. McLean was appointed at last night's meeting of the executive as chairman of the band committee. It was announced that W. J. Brown is to be president of the band. A. McMillan, W. H. Harrison and W. W. Allingham were added to the executive. N. P. McLeod presided at the meeting.

HORLICK'S
Malted Milk for Invalids
A nourishing and digestible diet. Contains rich milk and malted grain—extract. A powder soluble in water.

At a meeting of the Clerks' Association last evening it was decided to hold a minstrel show in the near future to raise funds. Committees were appointed for the purpose.

RECENT WEDDINGS

At Trinity church, Thursday evening, Rev. Canon R. A. Armstrong united in marriage Mary Jane Smith and Edmund Benson. The bride was given away by N. Brewer.

RECENT DEATHS

Vincent H. Watters.

Vincent H. Watters died yesterday at the home of his parents, Mr. and Mrs. Charles J. Watters in Manawagonish road, Fairville. He was twenty-two years of age and the oldest child in the family. He leaves besides his parents, a brother, Percy J. and a sister, Willis R. Watters. The funeral will be held at 2 p.m. on Wednesday afternoon, services being held at the home.

C. F. MacTavish, sr., died at his home in Edmonton, Alberta, after a short illness from pneumonia. He was well known here, moving to the west some time ago. His son, C. Fraser MacTavish, resides here.

The death of Mrs. Sarah A. Curry took place in this city yesterday, after a long illness. She leaves two daughters.

The death of the Hon. Charles Lange, judge of the court of the sessions of the peace, at Quebec, since 1909, took place suddenly Friday night. He was found dead in his bed in the morning when his family went to awaken him. He had a long and exciting political career and was a member of both houses, the provincial in Quebec, and the federal.

Mrs. L. J. Belliveau of Shediac died Sunday night after a twenty-four hours' illness from influenza. It is reported from Moncton and vicinity that there is a lot of sickness in the form of la grippe there, but few cases of influenza.

The death of Mrs. Elizabeth Dixon took place at her home in 4133 Girard avenue, Philadelphia, recently, aged eighty-one. She is a native of Kings County and is well known in this city. She leaves two daughters and three sons.

H. E. Olsen, formerly foreman of the J. A. Marvin Company at Moncton, died at his home, 186 Ossington avenue, Toronto, Saturday. He leaves his wife and one son.

John F. Liscombe, who was general agent for the Portland Steam Packet Co., when the steamer Portland sank with 160 people, died on Sunday at his home in Portland, Me.

Gets the Wireless Messages.
Regina Sask., Feb. 10.—According to reports from Regina, Sask., A. R. Olson, an electrician, has perfected a sensitive radiogram receiver with which he is able to intercept the faintest messages and also get all flashes from the larger wireless stations of Europe and America. Mr. Olson has been in communication with the Eiffel Tower station at Paris, the station at Lyons, France, San Diego and San Francisco, Cal., and daily gets standard time as it is flashed to the American navy at sea.

A total of \$11,910 has been reported by J. H. White in returns from the Methodist churches of the St. John district in the canvass begun yesterday in the forward movement campaign. The Anglicans reported a total of \$20,000 up to last night.

An Interesting Showing of Women's Spring Dresses

This Big Store always endeavors to bring to its customs the newest things in ready-to-wear as far in advance of the season as possible. New models in Serge and Silk Frocks are now showing in several varieties of distinctive charm.

SERGE DRESSES ARE IN GREAT DEMAND—The newest style ideas portray heavily braided panels and peplums, narrow belts of Suede or Cloth, round or square necks sometimes brightened by narrow lace collars, and tunics or overskirts of various lengths and shapes. Dresses are mostly in loose chemise effects. Deep vests and artistic touches of colored ribbon or glints of metallic embroidery are seen on some of the most attractive types.

TAFFETA IS EMPHASIZED FOR SILK FROCKS—Several ultra smart models are made in short sleeved style with skirts composed entirely of fluted frills or made with overskirt trimmed with self-colored fluting. Narrow ribbon girdles of contrasting collar and round neck lines are especially new features.

(Showing in Costume Section—Second Floor)

Women's Silk Underwear

That Meets the Demands of Fashion

The assortments now being displayed here are unusually attractive. Garments in Crepe de Chine, Wash Satin and Jap Silk are fashioned in latest styles, plain or trimmed with sheer lace and inserts. Nightgowns, Camisoles, Envelopes, Bloomers and Underskirts are all featured.

Whitewear Section, 2nd Floor

SECRETARY OF I. O. F.

R. Mathison is Reappointed to Former Office—New Treasurer. (Toronto Telegram)

At the monthly meeting of the Supreme Council of the Independent Order of Foresters, Robert Mathison was ap-

pointed to the position of supreme secretary to fill the vacancy caused by the death of Frederick J. Darch. George R. Cottrell succeeds Mr. Mathison as supreme treasurer. George E. Bailey becomes assistant supreme secretary. Mr. Mathison was initiated into the order in 1883. Since 1905 he has been active in supreme lodge circles. In 1906

he was elected to the supreme secretaryship, and upon the death in 1909 of Thomas Lawless, then supreme treasurer, he assumed the combined offices until 1913, when Mr. Darch became secretary. Prior to entering the head offices of the I. O. F. he was superintendent of the Belleville Institute for the Deaf and Dumb.

G. R. Cottrell, who becomes supreme treasurer, has been secretary of the investment board of the order.

Ridgetown Feb. 9.—Nomination for the East Kent provincial election took place here this afternoon. Hon. Manning Doherty, minister of agriculture, was the only person nominated.

Tartar on Teeth Shows You Leave the Film

All Statements Approved by High Dental Authorities

Free

A 10-Day Tube of Pepsodent to show you its effects. See coupon.

See how teeth glisten when the film is gone. It is film that makes teeth look dirty. It is film that is the source of most tooth troubles.

Remove the Film

Film is the basis of tartar. It is the source of discolored teeth and decay.

In brushing teeth you leave a slimy film. You can feel it with your tongue. It clings to teeth, enters crevices and stays. Your tooth paste cannot dissolve it. Most tooth troubles are now traced to that clinging film.

That film is what discolors—not the teeth. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. So the one great object in cleaning teeth should be to end that film.

Dental science, after years of searching has found a way to do that. For home use the way is now embodied in a dentifrice called Pepsodent.

The results are known. Convincing, clinical and laboratory tests have proved them beyond question. Leading dentists everywhere now advocate its use.

A 10-Day Test Supplied

We now send a 10-Day Tube to anyone who asks. Thus we are starting countless people toward cleaner, safer teeth.

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object is to dissolve the film, then to day by day combat it.

The way seems simple, but pepsin must be activated. The usual method is an acid harmful to the teeth. It is the invention of a harmless activating method which makes pepsin possible. That, with other Pepsodent ingredients, is doing now what was never done before.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears.

Read the book we send you. Learn the reason for these things. Then judge for yourself if you want your teeth kept in that way always. Cut out the coupon now.

IS YOUR GUARD DOWN?

Every man is a fighter, though he may not be a pugilist. His daily task is his fight—and he needs to be fit and ready for it.

Constipation to the business fighter is the "out-of-condition" of the pugilist. Constipation not only makes the business fighter dull and slow, and unfit for effort, but it is the "lowered guard" that leaves the opening for the jarring blows of serious diseases.

90% of all diseases have their origin in the intestinal canal—in constipation. Constipation not only causes the generation of poisons, which are carried through the system by the blood and attack it from within, but also by thus

lowering the general stamina makes the weakened system an easier prey to harmful germs from without.

By an entirely new principle Nujol keeps the poisonous food waste moving out of the body. Every other form of treatment either irritates or forces the system. Nujol works on the waste matter instead of on the system.

Nujol prevents constipation by keeping the food waste soft, thus helping Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world.

It is absolutely harmless and pleasant to take—try it.

Nujol is sold by all druggists in sealed bottles only, bearing Nujol trade-mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet "Thirty Feet of Danger."

A New Method of Treating an Old Complaint
