## LAYING PIPE TO DRAIN NEW PLAYGROUNDS

Work Begun at Gilbert's Lane-- Other Work of Water Department

The water and sewerage department yesterday commenced work on the laying of 850 feet of concrete pipe under the I. C. R. tracks beyond Gilbert's Lane to drain the new playgrounds at the entrance to Rockwood Park. As the pipe is forty-eight inches in diameter and each section weighs a ton this will be a difficult piece of work.

The department is undertaking the renewal of 150 feet of sewer main in Adelaide street, beyond Victoria.

The new sewer main in Railway avenue has been completed and the filling on the section which runs along the road has been accomplished. All that is to be done now is the filling in of the trench in which the outlet pipe which runs to the Marsh creek is laid. The new sewer is eighteen inches in diameter and replaces an eight inch pipe.

## WANT SISTERS BACK IN PARIS HOSPITALS

Petition Signed by 17,000 is Presented to the City Council

Paris, Dec. 6.—A debate was begun in the city council last night on the question of restoring entirely or partially, Sisters of Charity and the members of other nursing organizations to the positions they held in the Paris Hospitals prior to the separation of church and state. H. Alphy and Count De Paymal, members of the municipal council, argued in favor of restoring the Sisters to the former positions, and said such action was generally desired by Parisians. They handed in petitions to this effect signed by 17,000 persons. They also favored the re-employment of numerous doctors and nurses who had been dismissed. The councilors said their arrangements if carried out, would mean a saving of \$50,000 annually.

Opponents of the proposition urged that the hospitals should remain neutral so far as religion and politics were concerned, and denied that the annual saving by the re-employment of the nuns would be as great as contended. The debate will be resumed on Monday.

## WHITE SLAVERY IN OTTAWA

Five Cabmen Get Into Hands of the Police

Ottawa, Dec. 6.—One of the biggest hauls made by the Ottawa police occurred when five cabmen and Robert Fildes, an alleged white slave, with three women were arrested. The men are charged with procuring women for immoral purposes, and the charges will be laid under the new amendment to the criminal code which makes it an offense for a driver of a licensed vehicle to drive women or girls for immoral purposes, no matter what the character of the woman or man may be.

The offense is "now placed" in the same category as white slavery.

## A DEPOT INCIDENT

Some more or less unusual sights are presented in the Union Depot these days. With the start of the winter-port service, it is customary to have a large number of foreigners of many nationalities passing through the city. Amongst the first of them to attract pronounced attention was a diminutive female yesterday. She sauntered past a gathering of citizens, carrying a load which would have startled a man of great proportions. In each hand she had a generous sized grip, and a parcel tucked under one arm, and as these were not enough, the little woman, who was dressed in the strange native garb of the Caucasian peasant, carried another good-sized bundle carefully balanced on her head, and which did not even "teeter" as she walked along. "It would take two of us to carry all that stuff" said a strong man standing nearby, but she was as unconcerned and unimpressed by the attention she attracted as a baby with a teething ring.
