THE BUSINESS TRANSACTED BY COUNCIL

WILLIAM TAYLOR, ASSISTANT FIRE CHIEF, RESIGNS—RESOLUTION PASSED REGARDING SALE OF CARROLL HOTEL PROPERTY—DEPUTATION FROM AGRICULTURAL SOCIETY—ROUTINE MATTERS.

At the meeting of the council Monday night a resolution authorizing the payment of the expenses incurred in connection with the inquest on the death of William Robinson, who was suffocated in a drain on the Methodist church property, was defeated.

The expenses amounted to \$56.50 being as follows: Dr. Rogers, for conducting post mortem examination, testifying at inquest, and telephone fee, \$20.50; Miss Ball, Woodstock, stenographer, \$16.00; fees for jurymen and witnesses \$20.

The Mayor wanted to know if any inquiries had been made as to the correctness of the account or the provision that was made by the statutes in such cases.

Ald. Elliott stated that the town had not had similar circumstances before as the expenses had been paid by the County. The town's wings had been clipped, and in future there should be a better understanding with the Coroner.

The Mayor said if there was any irregularity about the account he would not pay it. He was of the opinion that two of the items, \$20.50 and the \$16 were higher than they should be.

He was informed that the former amount had been made up in accordance with the statutory provisions.

Councillor McDougall was strongly of the opinion that a post mortem examination was unnecessary. It was well known, he said, how the man came to his death, and personally he could not see any reason for holding a post mortem examination.

Councillor Bloor objected to the resolution to pay the account, and a vote was taken, as follows:

Nay—Bloor, McDougall, Henderson and the Mayor.
Yea—Comiskey, Elliott and Douglas.

Communications.
Secretary D. Howe wrote asking that the sum of \$300 be placed to the credit of the Separate School Board for current expenses. Granted.

A communication was read on behalf of the Letter Day Saints asking the free use of the town hall for the holding of religious services on the 24th, 25th, 26th and 27th of this month. A representative was heard after which a resolution was passed granting the request subject to the payment of the caretaker's fees.

The resignation of William Taylor, as assistant fire chief, was read to take effect at once. It was accepted.

Standing of Committees.
The statement of the expenditures of committees up to the first of July was read as follows, by the clerk:

The suggestion was made by Councillor Elliott that a traffic by-law be introduced.

SERMON TO ORANGEMEN.

The Picton papers announce the death which occurred there recently of Mr. William Noxon, an old and respected resident of that town, formerly of Ingersoll. He was one of a family of fourteen children of Samuel and Rhoda Noxon, and all but four brothers and one sister have predeceased him. The oldest of the family was Mr. James Noxon, who established the Noxon Company in Ingersoll, and for many years was the president and manager.

Deceased, who was 79 years of age, left no children. Messrs. Stephen and Freeman Noxon of Ingersoll, and Dr. Alan Noxon, of Toronto, are surviving brothers.

THE HOLIDAY

Fair sized crowd saw two baseball games and interesting motorcycle races at Victoria Park.

Ingersoll's observance of Dominion Day was for the most part a quiet nature. It was to the credit of the Motorcyclists that they offered a program of sports at Victoria Park which furnished entertainment for a large number of the stay-at-homes. There are so many claims upon citizens on Dominion Day that it was to be expected that many of them would spend the day at outside points. A large number took advantage of the occasion to visit relatives and friends at distant points, while many picnics and reunions were held, all of which had an effect on the celebration at home.

Those who visited Victoria Park in the afternoon witnessed two interesting baseball games between Woodstock and a home team. Ingersoll won both games the scores being 1 and 11 to 5. The motorcycle events also created considerable interest. They resulted as follows:

Five-mile open, twin cylinders—J. Ellis, Archie Cornfoot, Ed. Cornfoot, W. Broompton, R. Mayberry.

Relay race, 5 miles—Archie and Ed. Cornfoot; K. Mayberry and F. Ellis; Cowan and Dick.

Ten mile, open to Ingersoll riders—F. Ellis, Ed. Cornfoot, R. Mayberry.

LETTER WAS WRITTEN AT CANTERBURY

RECEIVED BY MRS. THOS. WARDEN FROM HER SON RAY WARDEN, WHO DESCRIBES MUCH OF INTEREST—GERMANS HATE THE CANADIANS EVEN WORSE THAN THE BRITISH.

The following letter, written at Canterbury, England, under date of June 25th, has just been received by Mrs. Thos. Warden, from her son, Pte. Ray Warden.

"I suppose you will have received my first letter by this time, or probably you will receive both of them together. This is some place, I mean the barracks. It is as big as Ingersoll itself. The soldiers live in brick houses and the stables are as nice as lots of houses. There are thousands of horses. It is the biggest cavalry school in England, I saw them riding without the reins and the stirrups tied on top of the saddle. The riders would make six straight jumps with the horses on the dead run. They make riders out of everyone.

"I have just come from the doctor's. We were all examined yesterday and got great praise.

"I saw men by the dozens just back from the trenches with all kinds of wounds, and all anxious to get back again.

"One fellow was hit at the top of the ribs, and the bullet went right through the lung and came out at the back.

"I was with a chap at the show last night who said that at the time of one retreat he went back to look for a chum. He thought he might have been captured, but he found him and another soldier crucified to two doors.

"He says the Germans hate the Canadians even worse than they do the British. They think we are 'butting in' and should stay at home.

"You ought to see the swords we are using, and see us sticking them in sacks filled with sawdust.

"I was right up to Canterbury Cathedral last night, and a fellow by the name of Grey and I got lost coming back, but we soon found the right way. The Canterbury Cathedral is a monster. I am going inside next Sunday. The theatres are all open here on Sunday from 6 to 9.

"Yesterday when we were drilling a great stifle was seen. It nearly scared us stiff. It came right down low, and then we saw the British flag. It was a monster, and the hum of the engines was fierce. It was scouting for others, so we heard.

"The people here say we talk funny, but I think they talk the funniest. Everybody has a smile and a welcome for us.

"We have to be in at half-past nine, and there is no way to get in when one is late. There are no passes yet."

THE CONTRACT FOR PAVEMENT WAS AWARDED

TO THE MUNICIPAL CONSTRUCTION COMPANY OF BERLIN, THE TENDER BEING \$18,000—WILL BE CONFIRMED BY THE COUNCIL TO-NIGHT—COMPANY IN A POSITION TO BEGIN WORK ON MONDAY NEXT.

From Wednesday's Daily.

At a special meeting of the members of the council meeting as a committee yesterday afternoon, the contract for laying brick pavements on Thames and King streets, was awarded to the Municipal Construction Company of Berlin. The figure for the proposed work is \$18,000. This includes the pavement, curb and gutter and storm drains. The above contract-price figures, \$3.60 per square yard, plus the total cost of the work, including pavement, curbs, gutters and drains.

At an adjourned meeting of the council to-night, the report of the special committee will be confirmed. The president of the Municipal Construction Company was in town Tuesday after the contract had been let and stated that his Company would be in a position to commence the work here on Monday next.

The brick to be used will be Bessemer repressed vitrified brick. The highest tender was \$26,836.40, there being a difference of \$8,636.10 between this and the one accepted.

From Tuesday's Daily.

After the meeting of the council Monday night the members met as a special committee and opened tenders from thirteen construction companies for the laying of curbs and gutters and brick pavements on Thames and King streets. The tenders in some instances are considered low, and it is expected the pavement will be laid considerably cheaper this year on account of the shortage of work in other municipalities. Funds located in the city of Toronto who have not figured on work outside of the Queen City in years, had bids in for the pavements here.

From what can be gathered it is expected that the pavements, curb and gutter, storm sewers, etc., will not cost more than at the rate of \$3.60 per square yard. This price for a brick pavement, including every thing, is at least fifty to sixty cents per square yard, cheaper than the work would be done for under normal conditions.

Doctors Williams and Counter having dissolved partnership all accounts due them are payable to Dr. Williams, Dr. Counter left today for the Mayo Bros. Hospital at Rochester, Minn., where he will spend about three months. On returning to Ingersoll he will resume practice in the premises of Dr. Walker, King street west, which he has purchased.

Batting was the feature of the town league baseball game Friday night between the Handford Boys and the Four Square Class. The Four Square carried the day by a margin of two runs, the score being 17 to 15. It was not the kind of game that appeals to the enthusiastic fan, although there was plenty of excitement as there was always something "doing" on the bases.

About the usual conditions prevailed at the market today. The attendance was not large and there were slight, if any changes in prices. The butter supply was above the average, but the demand was far from keen. As high as 35 cents a pound was asked. At one of the stores a Chronicle reporter was informed that first-class dairy butter was retailing for 32 cents and choice creamery for 33 cents per pound. Eggs are still plentiful and the price was firm at 22 cents per dozen. Chickens sold at 75 cents and ducks at 80 cents each.
