THE MAILS.

Ma. Editor.—The people of this place are the same place.

The positions without a marmur. You sir, must

What the cost w two mails lying at the Post Office St. George on Monday morning, perhaps before that time, but trust that the matter will consteamer is at Halifax, but no despatch of her was intense. Now sir, I know the going was very heavy, owing to the late storms, but I also saw a gen-tleman from St. George who left there on this morning says Gen. King, the American Monday forenoon, and arrived here about 3 minister at Rome, has been invited to remove he said any sled or sleigh could come uently behind time,

The Standard.

ST. ANDREWS, JAN. 23 1867.

The Presse of this city say a large insurance has been made at Hamburg on the personal effects of Maximilian and to be shipped per steamer Maria to Ragus.

New York, 18.

Gold 1313.

Vienna, Jan. 175

The Presse of this city say a large insurance has been made at Hamburg on the personal effects of Maximilian and to be shipped and redered travelling very heavy. The inhabitants turned out and Broke the streets and the roads for some distance out of Lown, but no mails reached here from St. John Home, for an aldress.

Mr. Home upon rising was greeted with applause. He said that the subject of his address was principally intended for his young The Flour Trade.—When a new ditch day until Monday last, a fact which a correspondent for turning the course of a stream let, the ditcher leans on his space, and the proprietor regards with anxiety the first thread

A Town Hall.

In our last edition we promised to say some-the advantage of study, and industry. ng with reference to a Town Hall. Some Mr. J. S. Magee then addressed the audi and graveyards of a place, and I will tell you repast which had been furnished by the ladies. up the inn and farm houses for m les around mated by any stranger who may happen to cure a new Church. We omitted to state that give credit where credit is due, or confess our tion Authem was rung in which the whole au and windows through which the wind comes

was well attended and give great satisfaction lying motionless, ran after the borses, caught to the little ones, who enjoyed the entertainment in the land, has its near Temperance ing the personal personal freeze per cent, to be disposed of at the annual meeting in July or Auwith a population of some themsends represent the personal freeze personal . character. with a population of some thousands represent- Our Railway.—Notwithstanding the heavy recovered from his injuries. detatched from the body of the sleigh by its occupant without trouble. Such an appliance, public entertainment; for no matter how enfrom its usefulness and utter simplicity, is all trancing the music, or eloquent the address, it most invaluable, and a person on seeing its operation, is led to wonder why somebody did such being the case, we think the time has vertised to make daily trips to the Junction.

We learn from the "Courier," that the Cary ropes, &c., he was rescued from his perilou of the St. Stephen Branch Railway are advertised to make daily trips to the Junction. A Jacksonville, Oregon dispatch says that a erect such a building as the status of the Town, J. H. Rose is to be Freight Agent. A Jacksonville, Oregon dispatch says that a creet such a building as the status of the Town, terriffic earthquake was felt at Fort Kalmath and the exigencies of the times demand. We stand upon the threshold of great events, a brighter day is dawning upon us; and in view of impending changes that will bring us prominently before the world, it becomes us to win for ourselves and for our town, a character.

The Nose is to be Freight Agent.

The Cars of the Branch Railway were stopped on Thursday Evening, by the snow in the cut near Maxwell's, and passengers were obliged to walk to St. Stephen.

The account purports to have been writtened in the control of the fort Kalmath.

The Yarmouth Herald of the 10th inst control of the status of the Town, at the cars of the Branch Railway were stopped on Thursday Evening, by the snow in the cut near Maxwell's, and passengers were obliged to walk to St. Stephen.

The Yarmouth Herald of the 10th inst control of the status of the Town, at the cars of the Branch Railway were stopped on Thursday Evening, by the snow in the cut near Maxwell's, and passengers were obliged to walk to St. Stephen. It is stated that the receipts of from the vorking of the Atlantic telegraph up to the vorking of the Atlantic telegraph up to the large endered more attractive thereby, the repulsion Sundays and forty days stoppage of the Atlantic telegraph up to the rendered more attractive thereby, the repulsion of the rendered more attractive thereby, the repulsion of the rendered more attractive thereby, the repulsion of the rendered more attractive thereby. The repulsion of the rendered more attractive thereby, the repulsion of the rendered more attractive thereby. It is stated that the receipts of from the working of the Atlantic telegraph up to the present time have averaged £813 a day instellading Sundays and forty days stoppage of the land lines. Since November 1, however, when the price of the message was reduced from £20 to £10, the average receipts have ally seek it in such a place, and among such 15 Brigs, 2 people will stand be price of the message was reduced from £20 to £10, the average receipts have ally seek it in such a place, and among such 15 Brigs, 15 Brigantines,

A Town Hall such as is needed here, ought to be in our opinion, something like the fol-The Journal mentions that Mr. James F. Berton, Barrister of Fredericton, who went to St. John early in Dec. is missing and no information of his where abouts can be obtain—where lectures, concerts, tea meetings, political tract.
