**A New Mill.**  
It is reported that another saw mill is soon to be erected on the site of R. K. Jewell's mill above Fredericton, which was burned down a couple of years ago.

**Not Seriously Hurt.**  
The dead mule who was thrown from a wagon, and struck against the lamp post at the corner of Queen and Regent streets yesterday, escaped without serious injury.

**Graham L. O. L. No. 20** met in the Orange hall last night. Nearly a dozen members of the Orange Association were initiated into the mysteries of the Royal Arch degree, Rev. Mr. Hartly, of the F. C. B. church being among the mentors. This Lodge is now the leading one in the city and is still making rapid strides forward.

**A Distinguished Visitor.**  
Fredericton had distinguished visitor this week in the person of Prince Roland Bonaparte, grand nephew of the great Napoleon Bonaparte, who arrived here Thursday afternoon. He was met at the depot by Sir Leonard Tilley, Major Gordon, Prov. Secy Mitchell, Lieut. Col. Mansell, Capt. Hemmings, R. D. Wilton, M. L., Thomas Temple M. P., Mayor Beckwith and Collector Street, and was at once driven to the Queen hotel, where he is staying this morning by boat.

**Started Fire at Canterbury.**  
A fire started in the back of Thomas Falconer's barn at Canterbury station early Thursday morning. It burned the dwelling house and store combined of Thos. Falconer, the dwelling house and store combined of Miss London, the dwelling house of Luke Lawson, and his store which was next to his dwelling. The origin of the fire is unknown, but there is little doubt as to it being the result of incendiarism. The total loss about fifteen thousand dollars partly covered by insurance. The fire made a clean sweep on one side from the railway track to the store of J. H. Carr & Sons.

**Military Parade.**  
Yesterday morning a parade of the Royal Regiment of Canadian Infantry took place on the officers square in honor of the Prince. The men presented as usual a good appearance, and performed the drill in a very creditable manner. The parade was witnessed by hundreds of our citizens. Last night the prince occupied a seat in the city hall and was much pleased with the play entitled "Two Roses" presented by Tyrone Power company. He left by boat for St. John this morning.

**Meeting of the Alumni of the E. N. B.**

**Funeral of John A. Morrison.**  
The funeral of the late John A. Morrison took place at 4 p. m. Tuesday, and was one of the largest seen in this vicinity for a long time. Prominent business men from different parts of the province came to the city to pay their last respects to the departed. The remains were enclosed in a chaste casket, which was covered with beautiful floral offerings. Services at the home and grave were conducted by Rev. William McDonald, Presbyterian, assisted by Rev. Geo. B. Deacon. The interment took place at Forest Hill cemetery. The mourners included Messrs. John A. Frank and Stewart L. Morrison, sons of the deceased, Mr. Wm. Morrison of St. John and Messrs. Roy and Guy Morrison, grandsons. The employees of the Phoenix Mill, numbering nearly one hundred, preceded the body to the cemetery. The funeral arrangements were in charge of Mr. John G. Adams. Mr. Morrison who was in the 73rd year of age came to this country from Belfast, Ireland, when a young man. He was for some time a dry goods merchant in St. John, and afterward took up his residence in Fredericton where for upwards of thirty years he has been engaged in milling. Mr. Morrison was a truly noble and kind of man, and a true noble disposition, and he had hosts of friends. He leaves a widow and large family who will have the sympathy of the entire community in their severe bereavement.

On Wednesday a slight fire in the dwelling house of School Inspector Watson on Waterloo Row called the fire department out at once. No damage worth mentioning was done.

Walter Lamb, of St. John, whose wife and daughter have been great sufferers from nervous trouble, say they received great benefit from Hawker's Tonic, and he heartily recommends it to all suffering from weakness from whatever cause.

Mr. George N. Golding, died at his home on Brunswick street Wednesday morning, of abscess of the brain. The deceased was a son of Mr. Stephen Golding, now a resident of Fredericton, but formerly of Queens County, and was a brother of Mr. I. R. Golding, the well known York street livery stable proprietor.

The funeral took place at 3 p. m. Thursday. The Methodist church at Benton Carleton congruously made over, and we venture to predict that the next ten years' showing will be better than that of the ten years that have just expired. In this we heartily agree.

The Briggs controversy, which has been raging in the American Presbyterian church for more than three years past, and is now at white heat. The trouble arose over an address delivered by Dr. Briggs in January, 1891. Among other things he declared that there were three great fountains of Divine authority—the Bible, the Church and Reason. He held that the Bible is a book of paper, print and binding, and nothing more, divine only in its conception and not in style or words, and he set forth firmly the ideas of progressive sanctification after death. He was arraigned before the New York Presbytery for heresy and his case dismissed. The presbytery applied for a second trial and the trial Dr. Briggs was acquitted of heresy. The Doctor's opponents are now carried at Washington and another trial has been ordered.

**Good News.**  
The efforts of Mr. Henry Chestnut and Ex-Mayor Fenety to promote an organization having for its object the beautifying of Fredericton, the garden city of the Queen's County, met with gratifying response on Wednesday evening when quite a number of our public-spirited citizens assembled to discuss the enterprise in the office of the Board of Works. Ex-Mayor Fenety was called to the chair and outlined the desirable features of the scheme, and the meeting was then organized. From the favor which the scheme as proposed met with on all sides, he judged that the work could be undertaken and kept up with great advantage to the public, and for a very small annual assessment on volunteers and subscribers, results could be achieved such as would make Fredericton people still more proud of the beauty of the city and its surroundings.

An informal discussion of the different details of the scheme was then led off by Mr. Chestnut and participated in by a number of those present among whom were: Sheriff Sterling, Mr. Temple, M. P., Mr. E. B. Winslow, Mr. Julius L. Inches, Mr. A. H. F. Randolph, Hon. Judge Steadman, Mr. John Black, Auditor General Beck, Mr. John J. Weddall, Mr. J. T. Sharkey, Mr. George Rabbitt, and Mr. T. B. Winslow, the last mentioned of whom was acting secretary of the meeting. It was decided to adopt measures at once with a view to securing necessary legislation to carry on the work, and a committee was appointed consisting of Judge Steadman, Mr. Beck, Mr. Temple and the chairman.

In the meantime the city council will probably be requested to grant authority for some preliminary work that is required to do so.

**Tramway Power Company.**  
This excellent company opened at the City Hall Thursday evening, presenting an entirely new play entitled "The Texan." Last night Albery's delightful comedy "The Two Roses" was presented. The company is one of the best that ever came to our city and shall long be remembered by our citizens as "The All Star Co." We hope they will visit us again in the near future.

One hundred million tons of water pour over Niagara Falls every hour. This is said to represent 16,000,000 horse-power. Some idea of this enormous amount of water may be had by understanding that all the coal produced in the world would not make enough of steam to pump a stream of equal size.

There are at least 10,000 homeless and hungry people in East Carroll, Moorehouse, West Carroll and Madison parishes, Louisiana, and the sufferings and privations they are undergoing are appalling. Nearly the entire north-eastern portion of the state is under water. Forty-four negroes were rescued last night in a starving condition, having been without food for four days.

OTTAWA, May 23.—The proprietors of the different lumber planing establishments in the city were notified Friday that the union men in their employ would be permitted to work at one o'clock on Saturday afternoon, instead of five in the past, without a reduction in their pay.

OTTAWA, May 23.—A portrait in oils of Lord Dufferin has been presented to the Canadian Government by the Government of India, which had it painted especially for the purpose. The picture has been hung in the reading-room of the House of Commons.

### THE CATTLE TRADE.

Matters are looking blue but an improvement is expected. The Montreal Daily Star says:—Matters are looking decidedly blue in the live stock export business at present. The first shipments to the Old Country have all but ceased, some being even freight and expenses. Glasgow has been the worst market so far, although all have been bad enough. There are no signs of improvement as yet, but the cattle continue to go forward. The dealers however, are being held back as late as possible this spring in the hope of a line improvement in the market. Rates have been 45 shillings, but some of the importers are talking of an advance for June. One steamship company notified its customers that the June rate would be 50 shillings and the first result was 175 spaces thrown back on its hands, but June space to London is said to have been offered at 40 shillings. Shipments of cattle out of this port last week were 2,709 head, which is a falling off from the previous week. Nearly half of these cattle are going to Glasgow, the port which has shown the worst results so far. The total shipment to date this season are 13,150 cattle. The cattle exported last week were distributed as follows:

Head.	Head.
Sicilia, to Bristol.....	324
Sarabia, to Liverpool.....	337
Lake Neigton, to Liverpool.....	338
Buenos Ayren, to Glasgow.....	670
Hestia to Glasgow.....	621
Monte Video, to London.....	454

**The Students Celebrate.**  
The U. N. B. students certainly had a gay time of it Thursday night. After the usual closing ceremonies at the university the boys proceeded to "raise Cain" generally. Three heavy charges were fired from their own cannon on College hill, while horns of every imaginable size and shape were continually sounding. The most hideous and shrill shrieks. Not satisfied with their own cannon they managed in a way known only to themselves, to set off one of the guns in the barracks yard, the shock from which smashed a number of windows in the C. R. I. hospital, one of the boys immediately afterwards sounding the bugle call. The students must certainly have had a good general—perhaps Prince Napoleon—to succeed in getting ready a gun and firing it, while a sentry paced his beat not thirty yards distant.

**E. N. B. Degree Exams.**  
The result of the University degree examinations were announced Wednesday morning and are as follows:

Miss Rachel Hunt, of St. John, was the victim of violent hysteric, sleeplessness, extreme nervousness and general debility, the result of an attack of La Grippe. She thought her case hopeless, but Hawker's Nerve and Stomach Tonic restored her to health, hope and strength. She strongly recommends it to all who suffer as she did.

**Very Satisfactory Closing Exercises—Prizes—Winners and Graduates.**  
The recent Monday morning was a splendid success, and all enjoyed the excellent programme. In the afternoon the closing exercises of the Academy and Commercial College were held. They were largely attended and very enjoyable, an excellent programme being carried out.

The twenty-four commercial graduates received diplomas. Special mention was made by the principal of Miss Copp, the first lady graduate. There were two prizes for commercial work; first \$12, won by A. Gibson, of Maryville, and second \$8, by Charles Prescott of Bas Yerte. The mathematical scholarship was won by R. J. The closing exercises at the Ladies' Academy took place in the evening. The original essays were particularly good in form and composition, the French address by Miss Woods of Newfoundland being effective and simple and delivered with great grace of manner. The essay of Miss Morehouse sparkled in bright local allusions, and the valedictory, Miss Cora Simpson, was both eloquent and pathetic in her parting allusions. The music was remarkably fine.

Gutz, Miss May Sophia Large, Miss Alice Maud McFey, Miss Rena Lauretta McGlashan, George Munro, Miss Sarah Ellen Palmer, Miss Fanny Singh, Miss Jessie Wright Strong, Miss May Edith Troy, Miss Louise Beatrice Webb.

The successful prize winners were warmly complimented on their work by Rev. John Hood, Judge Hamilton, Rev. Dr. Lathern and Messrs. F. Y. Elia and D. D. Scott.

In the morning there was a splendid exhibition of physical culture drill by the young ladies in Beethoven hall.
