## WILL VISIT PARIS.

Sir Wilfrid Laurier Has Completed Arrangements For Trip—Postage on Newspapers.

Montreal, July 4.—The Star's London cable says: "The Canadian ministers lunched today with Lord and Lady Grey at the Royal Botanical Gardens and dined with Sir Gilbert Barker. Afterwards they attended a gorgeous official reception to the Indian princes at the Indian offices."

"Sir Frederick Borden is better, but still unwell. Sir Wilfrid Laurier is in much better health and completed today his arrangements for his visit to Paris, where he will go, elaborately, though semi-officially, entertained."

"Some papers at a distance, not too friendly to Great Britain, are publishing abominable misrepresentations of the King. The fact is that His Majesty has undergone a most serious operation, serious beyond all possible question, and it is all true that the King fought bravely to go through the coronation ceremony, simply in his intense anxiety not to disappoint the people. He even declined to Sir Frederick Treves, Sir Francis Laking and other surgeons in attendance, that operation or no operation, 'I must go to the Abbey.' It was only when told that the operation would imperil his life that he did yield. Millions of pounds have been lost by tradespeople and others owing to the postponement, yet not a murmur is heard here. It is only foreigners and enemies near home who are circulating depressing opinions. The fact is there is universal sympathy for the King and admiration for his courage will make his future popularity only less than that of his beloved mother, the late Queen Victoria."

## IMPORTANT QUESTIONS.

Toronto, July 4.—The Toronto Telegram's London cable says: "Sir Wilfrid Laurier, on his approaching visit to Paris, will be asked to do all in his power to induce the French government to come to a decision on the question of a direct line of steamers between Canada and France. It is also hoped that Sir Wilfrid will endeavor to obtain a more advanced commercial policy between Canada and France. The Canadian Premier will visit Rome later, where he will have an interview with the Pope."

## ATTITUDE ENDORSED.

London, July 4.—A despatch from the London Chamber of Commerce waited on Sir William Mitchell to-day with the purpose of expressing the endorsement of that body with the Canadian government's attitude with reference to the reduction of postage on magazines and newspapers.

The Canadians in London have just learned of the insult offered to officers of the colonial troops quartered at the Alexandra Palace by the authorities of that place. On Tuesday night a notice was placed on the balcony of the palace which read: "No colonial officers are allowed in this balcony." Much indignation is expressed by the Canadian ministers and other colonial visitors to London.

It takes eight times the strength to go upstairs that is required for the same distance on the level.

## FOUR HIGHWAYMEN STOPPED EXPRESS

### ASSISTANT MESSENGER SHOT BY ROBBERS

Ordered Trainmen About at Point of Revolver But Fled When Passengers Appeared.

Joliet, Ill., July 4.—Four bold and desperate highwaymen last night held up train No. 51, one of the fastest on the Rock Island road. The train was moving at the rate of 40 miles an hour when two masked men clambered over the tender, and leveling revolvers at the engineer and firemen ordered them to stop. The engineer put on the air brakes. The men then ordered him to dismount and made him walk to the express car as a decoy. He was ordered to ask the messenger to open the door. When the messenger appeared the burglars began shooting and threatened to blow up the car with dynamite unless he gave up the valuables in his possession. Assistant Messenger Kane drew a pistol and was shot through the right groin. One of the highwaymen ordered the engineer to put out the headlight and to couple the engine. This last effort was successful.

The messenger, at the point of a pistol, was made to carry a bag of jewelry over to a fence, where it was leisurely examined. Oliver M. Owen, the news agent, and Chas. C. Wentzler, a reporter for a Salt Lake paper, went forward to see what the trouble was, and both were ordered to go back. By this time passengers began piling out of the coaches to learn the cause of the shooting. This frightened the highwaymen, who fled.

## POWER PLANT SOLD.

New York, July 4.—The St. Lawrence power plant at Massena, N. Y., has been sold at Massena under foreclosure proceedings begun by the first mortgage bondholders. The plan is to sell to M. T. Cox, of New York, representing the reorganization committee of the first and second mortgage bondholders for \$500,000. More than \$10,000,000 have been expended in the Massena power scheme. English capitalists were interested. The failure of the project was principally due, it is believed, to a lack of financial aid in which to dispose of the company's product.

## SEARCHING FOR THE TWO LOST STEAMERS

The Lieutenant of Revenue Cutter Says Thetis May Have to Go to Point Barrow.

Seattle, July 5.—A letter received from Lieut. Gamble, of the revenue cutter Thetis, gives the latest news brought to Seattle regarding the fate of the steamers Portland and Jeannie. It is hopeful. The cutter, on June 13th, was at Nome preparing to depart for the neighborhood of the merchantmen. The letter says: "We are now searching for the lost steamers Jeannie and Portland, carried up into the Arctic, caught in the ice. We are here at Nome getting more coal. If we don't encounter them further south it means Point Barrow for our destination. The season is very late. The Thetis has encountered a great deal of ice, but we hope to get these vessels."

## ANCIENT GATH.

Sir Charles Wilson Says Site of City Has Been Located.

London, June 27.—Sir Charles Wilson, at the meeting of the Palestine Exploration Fund, in London a few days ago, spoke on recent researches in the low-lying country of Judah, in which district, the speaker said, the site of ancient Gath had been located. Upon a plain which afforded a striking view of the battlefield upon which David slew Goliath remains of pottery had been found, and among the discoveries in this district was a "bull's head" evidently formed one of the "high places" often referred to in the Old Testament. The observations made near the Dead Sea showed that there had been a fall in the level of the sea after a fall last year for a very long time. It was hoped that further researches would discover the layer of burned coal and ashes which marked the destruction of the town of Gezer by Pharaoh, the father-in-law of King Solomon, who afterwards gave the site to his daughter.

## THE KING NOW OUT OF DANGER

### DOCTORS ISSUE AN OFFICIAL STATEMENT

Half a Million of the Poor of London Were His Majesty's Guests To Day.

London, July 5.—The following bulletin regarding King Edward's condition was posted at Buckingham Palace at 10 o'clock this morning: "His Majesty had another excellent night. He is cheerful and feels much stronger. We are glad to be able to state that we consider the King out of danger. The evening bulletins will, therefore, be discontinued."

## London's Poor at Dinner.

London, July 5.—Half a million of London's poor were King Edward's guests this afternoon. They were scattered in about 400 halls, schools and parks in varying numbers, the greatest of the royal beneficiaries being at Stepney, where no less than 45,000 enjoyed a dinner such as they seldom partake of. At every gathering was read a message from the king to the poor, sent through the Lord Mayor of London, Sir Joseph C. Dimdale, as follows: "Buckingham Palace, 11.20 a.m. 'I am commanded by the king to inform Your Lordship that His Majesty and the Queen had intended visiting some of his coronation dinners to-day, and he deeply regrets his illness prevents his doing so. Members of his family will represent him at as many dinners as possible. I am further commanded by the king to express the hope that his guests are enjoying this day as a happy day. (Signed, Knollys.)"

This morning's bulletin announcing that King Edward is out of danger was also circulated so that the half million poor folks thank His Majesty's health in an restrained enjoyment out of the coronation cups presented to each of them as a souvenir of the occasion. The Prince and Princess of Wales traveled the metropolis from end to end in sedans, the carriages being escorted by a detachment of the Horse Guards, and appeared at central gatherings in several districts.

The principal dinner was at Fulham, where Sir Thomas Lipton, who organized the whole feast, did the honors of the day to 14,000 of the poor, aided by a host of titled and untitled volunteers, including Timothy L. Weston, lieutenant-governor of New York state, Vice-Commodore Bourne, of the New York Yacht Club, and other Americans, who handed around plates of beef and pudding, or filled beer mugs with an excellent emblematic of the whole spirit of the occasion.

The Prince and Princess of Wales paid their first visit to Fulham. They entered the park of the Bishop's palace through a triumphal arch, and were received by the Mayor of Fulham, Sir Thomas Lipton and others. Their Royal Highnesses were enthusiastically greeted by an immense band of scholars, who sang "God Save the King." The Prince and Princess alighted and walked among them, as the guests were assembled around two and one-half miles of tables and evidenced the utmost interest in everything. At the head of the table in the central marquee the royal party stopped, and the Prince of Wales read this morning's bulletin regarding the King's health. This was the signal for a tremendous outburst of cheering. Before leaving the Prince of Wales expressed to the Bishop of London, the Right Rev. Arthur Foley Ingram, and to Sir Thomas Lipton his great satisfaction at the completeness of the arrangements, and emphasized his regret at the fact that the King was unable to be present.

This was a sample of the other dinners, which were followed in every case by variety shows, upwards of 1,500 operatic and theatrical people, musical hall artists and 418 pianists giving their services for the occasion.

## TO-DAY'S BULLETIN.

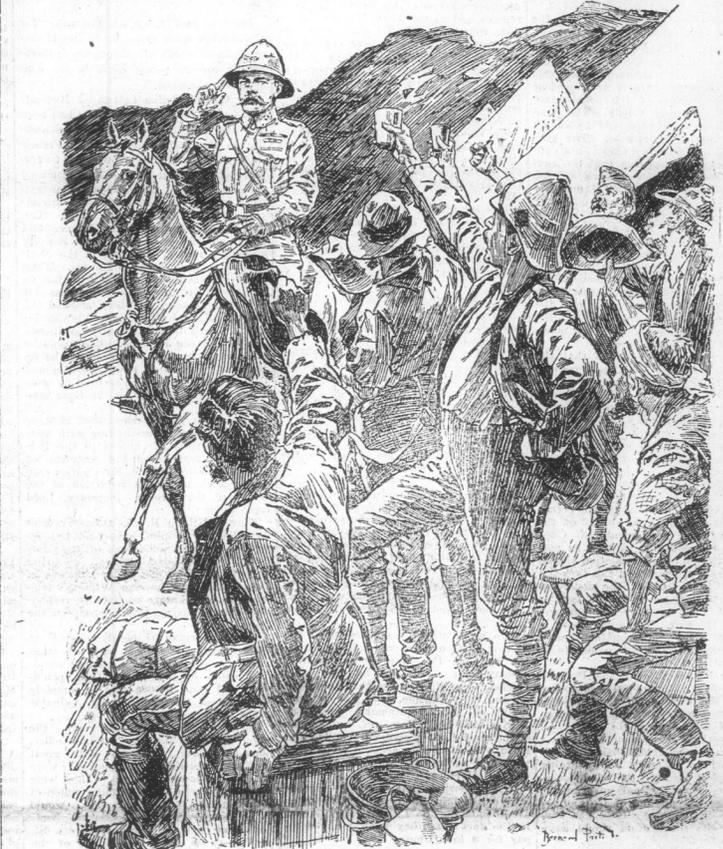

London, July 4.—The bulletin regarding the King's condition posted at Buckingham Palace at 10 o'clock this morning says: "The King had a good night's sleep better than at any time since the operation. The wound gives less trouble, and His Majesty can move in bed with greater ease. His Majesty's appetite has improved."

The following bulletin was posted at Buckingham Palace at 7 p. m.: "The King has had a quiet day. His constitutional condition is satisfactory and the wound shows more active signs of repair."

A Man Sentenced to Nine Months' Imprisonment—Five Results of Drinking Among Braves.

Nanaimo, July 5.—An explanation of the fire which destroyed the cabin of John Tom, on the Nanaimo river Indian reserve, on Wednesday night, has been obtained. It has been found to have been due to some Indians obtaining liquor. Provincial Officer H. McIndoo, of this city, succeeded in unravelling the mystery of the fire, and as a result of it Sam Shaw is in jail for nine months.

It has been discovered by Officer McIndoo that Shaw furnished the Indians with liquor, and he has been accordingly convicted and sentenced to nine months' imprisonment. Shaw picked up a precarious living along the shores of the bay near the Indian reserve. He was formerly a bluejacket on one of H. M. ships.

Thirteen-Year-Old Lad Saved His Mother and Brothers From Flames. Portland, July 2.—Bravery and presence of mind on the part of 13-year-old Michael Cohn saved his mother and four little brothers from being cremated this morning in a fire which destroyed the dwelling of the family at Hall and Fifth streets. Young Cohn went into the room, which was filled with smoke and flames, and dragged out his unconscious mother and then returned and carried out each of his four little brothers in turn. Mrs. Cohn, who is subject to fainting spells, fell while carrying a lighted lamp. The house immediately took fire and was destroyed. Young Cohn, who rushed to the assistance of his mother and little brothers, succeeded in rescuing them all.
